

Tender No. 185311							
Selection of Agency for Development, Implementation, Operation & Maintenance of Aadhaar and its Allied Service in the State of Chhattisgarh.							
Pre Bid Meeting Date and Place : 18/02/2026, Through VC							
S.No.	Participate	Section No.	Page No.	Tender Clause	Query	Remarks	CHIPS Response
1	Deepija Telecom	1	6	L1 lowest quotation bid	In view of the complexity and critical nature of the project, it is requested that the selection methodology be changed to the Quality and Cost Based Selection (QCBS) approach. Adopting QCBS will ensure that due weightage is given to the technical competence, experience, and overall capability of the bidders, rather than focusing predominantly on the lowest cost. This will help in securing a technically strong and experienced team, ultimately leading to better quality deliverables, efficient execution, and long-term sustainability of the project outcomes.		As per RFP
2	Deepija Telecom	5.8	15	Go-live - 12 Week from Project Initiation	Considering the scope of work involved, it is requested that the duration be extended to at least 20 weeks.		As per RFP
3	Deepija Telecom	7	17	Bidder should have prior experience of software development as per the following criteria in the last 5 years from the date of bid submission: - One Project related to Managing Aadhaar Services like AUA/KUA/Data Vault/Payment integration/Wallet system valuing INR 2.4 Crores. OR Two Projects related to Managing Aadhaar Services like AUA/KUA/Data Vault/Payment integration/Wallet system valuing INR 1.8 Crores. OR Three projects related to Managing Aadhaar Services like AUA/KUA/Data Vault/Payment integration/Wallet system valuing INR 1.5 Crores	This criterion is highly restrictive. It limits eligibility to companies with AUA/KUA experience, whereas the scope of the project extends far beyond that. The project also includes Aadhaar enrolment and updation activities, along with Portal Development, Grievance Portal, Dashboard, MIS, Helpdesk, and O&M services. Therefore, confining the eligibility criteria solely to AUA/KUA experience is not justified and does not adequately reflect the broader scope of work involve		As per RFP

Tender No. 185311							
Selection of Agency for Development, Implementation, Operation & Maintenance of Aadhaar and its Allied Service in the State of Chhattisgarh.							
Pre Bid Meeting Date and Place : 18/02/2026, Through VC

Selection of Agency for Development, Implementation, Operation & Maintenance of Aadhaar and its Allied Service in the State of Chhattisgarh.							
Pre Bid Meeting Date and Place : 18/02/2026, Through VC							
S.No.	Participate	Section No.	Page No.	Tender Clause	Query	Remarks	CHIPS Response
11	NeML	5.1	10	Development of AUA/KUA Portal	Kindly confirm whether AUA/KUA infrastructure is to be hosted at CGSDC only or MeitY empaneled cloud is permitted.	For infra estimation	Hosted at CG SDC
12	NeML	5.1	10	Infrastructure Management	Please clarify whether existing AUA/KUA setup including HSM, certificates, ASA connectivity will be handed over or fresh setup is expected.	Scope clarity	This is not in the scope of bidder
13	NeML	5.1	10	AUA/ASA Connectivity	Kindly confirm whether ASA services are already contracted by CHIPS or need to be arranged by SI.	Cost impact	This is not in the scope of bidder
14	NeML	5.2	11	Migration from P-3 to P-4	Is migration limited to Data Vault or includes AUA/KUA & Aadhaar Portal applications also? Please elaborate	Scope definition	As per RFP
15	NeML	5.2	11	Migration from P-3 to P-4	Please clarify on where is the Aadhar Data Vault setup currently hosted	Scope definition	Hosted at CG SDC
16	NeML	5.1	10	HSM Management	Is HSM hardware available with CHIPS or SI required to provision new HSM under CAPEX? Please advise on who will bear the cost of HSM, will it be the service provider or the Department	CAPEX impact	Providing HSM is not in scope of bidder
17	NeML	4	9	Sub-AUA Operations	Please provide number of active Sub-AUA applications and monthly authentication volumes (OTP/Bio/Face/Iris).	Load estimation	Data would be shared with the selected bidder
18	NeML	5.3.1	12	Aadhaar Operator Onboarding Module	Please confirm whether existing source code will be handed over to SI for enhancement.	Development effort	Data would be shared with the selected bidder
19	NeML	5.3.6	13	Payment Gateway Charges	Who will bear transaction charges of Payment Gateway, SMS etc? pls clarify	Cost impact	This is not in the scope of bidder
20	NeML	9.2	19	SLA	Kindly clarify uptime SLA %, penalty formula, and cap on maximum penalty per quarter.	Risk mitigation	Please refer Page 51 of RFP- Maximum 20% of Quarterly Payment may be deducted in penalty for a quarter. An Upper cap of 10% of total project purchase order can be levied as penalty in complete project duration.
21	NeML	5.2	11	Security Audit	Is VAPT to be conducted by STQC empaneled auditor? Who will bear audit cost? Please clarify	Compliance cost	Cost of audit is not in the scope of bidder

Tender No. 185311							
Selection of Agency for Development, Implementation, Operation & Maintenance of Aadhaar and its Allied Service in the State of Chhattisgarh.							
Pre Bid Meeting Date and Place : 18/02/2026, Through VC							
S.No.	Participate	Section No.	Page No.	Tender Clause	Query	Remarks	CHIPS Response
22	NeML	5.7	14	Stablish Technical Team	We suggest that the Laptops/ Desktops for the Onsite resources should be borne by CHIPS, as it may have data compliance issues	Tech Team setup	Please refer Page 14 of RFP-The Bidder would be responsible to provide fully loaded Laptop/desktop (windows operating system, antivirus solution, Microsoft office suit) etc. for all the Resources on the project. Resources involved in development should also have preinstalled licensed development environment and all required software's required for development related work/project management
23	NeML	8	18	Earnest Money Deposit (EMD) of Rs.6,00,000.00 (Rs. Six lakhs only) to be submitted online through payment mode available in eProcurement portal. Failing which, submitted bid will be rejected	Please consider reducing the EMD from 6 Lakhs to Rs 2 Lakhs	To foster broader participation from qualified service providers and optimize liquidity.	As per RFP
24	NeML	10.6	25	i. The selection method is Least Cost Based Selection (LCBS or L1). L-1 shall be calculated on the total price of all the items. No item wise L-1 should be calculated.	Please consider having QCBS method for evaluating the bid winner. The participating agencies should be assigned a Technical score (TS) out of a maximum of 100 points. Bidders with Technical score of 70 and above out of 100 should qualify for the evaluation in the commercial process / Financial Evaluation. These "Qualified Companies" should only be considered further for Financial/Commercial Evaluation". Financial/Commercial bids should be given 30% weightage. Only the bidders, who score a total Technical score of 70 (Seventy) or more, should qualify for the evaluation of their commercial bids.	To ascertain the Inter-se-ranking of the bids we suggest to include the Quality & Cost Based Selection (QCBS) methodology as mentioned below.	As per RFP

S.No.	Participate	Section No.	Page No.	Tender Clause	Query	Remarks	CHIPS Response
32	Uneecops Technologies Limited (UTL)	3	8	Citizen (Beneficiaries)	As per our understanding, citizens are not direct users of the CHiPS Aadhaar Portal and do not have any login access to the portal. The portal is primarily intended for departmental and administrative users. Kindly confirm whether this understanding is correct.	This clarification is important for effort estimation, particularly to determine whether any development related to citizen login functionality needs to be considered.	Yes, All other scope details, conditions shall be as defined in the RFP document and needs to accomplished the assigned work as per CHIPS instructions.
33	UTL	5	10	Detailed description of Scope of Work under the project may be segregated into following modules: ☐ Development of AUA/KUA Portal ☐ Development of Aadhaar Data Vault ☐ Development of Aadhaar Portal Bidder will ensure development of single website for Aadhaar services, which would act as common landing page to access all 3 above portals.	We observe variation in scope terminology across different sections of the RFP, such as: 1) "Design, implement, operate, and manage the Aadhaar-based Authentication Services (AUA/KUA) for CHiPS" 2) "Ensure end-to-end management of AUA/KUA operations, including infrastructure setup, software deployment, compliance, and maintenance." 3) "System Integrator (SI) to manage and operate AUA/KUA Aadhaar-based authentication services for CHiPS." Based on the above, it is not clearly defined whether the selected SI is required to: 1) Develop a new AUA/KUA portal from scratch, 2) Re-develop/re-engineer the existing portal, or 3) Take over, enhance, manage, and operate the currently operational system. Kindly provide a clear and consolidated scope definition outlining the exact expectations from the SI with respect to development, enhancement, infrastructure responsibility,	Direct impact on effort estimation, technical architecture approach, resource planning, and commercial bid preparation.	As Per RFP

S.No.	Participate	Section No.	Page No.	Tender Clause	Query	Remarks	CHIPS Response
34	UTL	5. SCOPE OF WORK	10	Detailed description of Scope of Work under the project may be segregated into following modules: ☒ Development of AUA/KUA Portal ☒ Development of Aadhaar Data Vault ☒ Development of Aadhaar Portal Bidder will ensure development of single website for Aadhaar services, which would act as common landing page to access all 3 above portals.	Kindly clarify whether the selected bidder is required to develop the AUA/KUA Portal, Aadhaar Data Vault, and CHIPS Aadhaar Portal from scratch, or whether the bidder is expected to take over and maintain the existing operational systems with enhancements and upgrades as required. The RFP mentions development of a “single website” acting as a common landing page for all three portals. Please clarify whether these portals are already operational and the requirement is to integrate them under a unified access layer, or whether a new consolidated portal is to be developed	Clarification required for accurate effort estimation, redevelopment scope assessment, architecture planning, and commercial bid preparation.	All scope details, conditions shall be as defined in the RFP document and needs to accomplished the assigned work as per CHIPS instructions.
35	UTL			Detailed description of Scope of Work under the project may be segregated into following modules: ☒ Development of AUA/KUA Portal ☒ Development of Aadhaar Data Vault ☒ Development of Aadhaar Portal Bidder will ensure development of single website for Aadhaar services, which would act as common landing page to access all 3 above portals.	Kindly clarify whether the Department/CHIPS already owns and manages all required primary domains and sub-domains for the AUA/KUA Portal, CHIPS Aadhaar Portal, and the proposed unified website. In case any new domain or sub-domain is required during the project tenure, please confirm whether procurement, hosting configuration, SSL certification, and renewal responsibilities shall lie with the Department or the selected SI.	Impacts cost estimation related to domain procurement, SSL certificates, renewal charges, and hosting configuration responsibilities.	This is not in the scope of bidder
36	UTL	5.1	10	Integration FMR (Finger Print Minutiae Record)- FIR (Fingerprint Image Record), FID (Face Image Data), BFD (Best Finger Detection), IIR (IRIS Image Record) Authentication, service as per UIDAI guidelines	As per our understanding, the AUA portal does not require direct integration with biometric hardware devices. Instead, the portal is expected to: 1) Accept authentication requests in UIDAI-prescribed formats (FMR / FIR / IIR / FID), 2) Validate the incoming XML structure, 3) Securely forward the request to UIDAI via prescribed APIs, 4) Log and audit all authentication transactions. Kindly confirm whether this understanding is correct.	Clarification impacts integration scope, effort estimation, hardware dependency assumptions, and overall technical architecture design.	As Per RFP
37	UTL	5.1	10	On-boarding of new Sub-AUAs in Aadhaar Ecosystem.	Kindly provide the approximate number of Sub-AUAs expected to be onboarded during the contract period, in addition to the currently operational Sub-AUAs	NA	As Per RFP

38	UTL	II.	100	HSM: A hardware security module (HSM) is a physical computing device that safeguards and manages digital keys for strong authentication. These modules traditionally come in the form of a plug-in card or an external device that attaches directly to a computer or network server.	As per the RFP (Annexure-15), HSM services are already operational within the existing Aadhaar infrastructure at the State Data Centre. We understand that the selected bidder is required to manage, configure, monitor, and maintain the existing HSM setup, and that procurement of new HSM hardware is not part of the scope. Kindly confirm whether this understanding is correct.	NA	Yes, Procurement is not in the scope of bidder
39	UTL	5.5	13	5.5 PROJECT MANAGEMENT & MONITORING	The details provided for this module appear to be high-level and indicative in nature. We request the Department to kindly elaborate on the functional scope, process workflows, integration touchpoints, user roles, data flow, reporting requirements, approval hierarchy, and any third-party integrations involved in this module.	NA	As per RFP
40	UTL	5.7	14	The project team comprises personnel as mentioned in Annexure-I under CAPEX and 5 personnel under OPEX as tabulated below. In case any additional manpower resources are required for the project in future, the same shall be engaged through CHiPS empanelment rates.	Kindly share the applicable CHiPS empanelment rates for the resource categories mentioned in this RFP. This information is required to assess commercial feasibility and align the proposed costing with the applicable empanelment rate structure, wherever relevant.	Required to evaluate commercial viability and ensure alignment with CHiPS-approved rate benchmarks.	As per RFP
41	UTL	5.7	14	All the resources will be stationed at CHiPS, Nava Raipur or any other location at Raipur/Nava Raipur provided by CHiPS.	It is our recommendation that the project during the CAPEX be executed in a hybrid mode with key resources on hop-on/hop-off mode and the core team deployed at the bidder's location in order to realize the benefits of our best technical and functional DevSecOps procedures and CMMi ML 5 practices. The key resources shall be readily available locally for steering committee meetings.	NA	As per RFP
42	UTL	12.2.1	52	Regarding Deployment	The resource table specifies a mix of onsite and offsite resources. Kindly clarify whether the offsite resources are to be considered under CAPEX, OPEX, or a combination of both, as per the commercial structure defined in the RFP.	Clarification is required for accurate cost allocation under CAPEX/OPEX heads and overall commercial bid preparation	Please refer page 14 of RFP- 5.7 DEPLOYMENT OF RESOURCES TO ESTABLISH TECHNICAL TEAM (CAPEX + OPEX). The minimum criteria for key resources is mentioned at Page 52.

Tender No. 185311							
Selection of Agency for Development, Implementation, Operation & Maintenance of Aadhaar and its Allied Service in the State of Chhattisgarh.

S.No.	Participate	Section No.	Page No.	Tender Clause	Query	Remarks	CHIPS Response
43	UTL	5.3.6.	13	Integration of portal with SMS/email facility.	We assume that any type of communication channels like SMS/EMAIL bulk packages will be in the scope of the department. Please confirm.	Impacts cost estimation related to third-party service procurement, recurring charges, and integration effort.	This is not in the scope of bidder
44	UTL	5.3.6.	13	Development of Mobile application (Hybrid) for citizen and department users.	As per our understanding, the hybrid mobile application is already developed and operational, and the selected SI is expected to take over, maintain, and enhance the existing mobile application rather than develop it from scratch. Further, we assume that any platform-related charges such as Google Play Store / Apple App Store account fees (one-time and renewal) will be borne by the Department/CHIPS. Kindly confirm whether this understanding is correct	Clarification impacts development scope, estimation, and inclusion/exclusion of recurring platform costs in the commercial bid.	As per RFP. & Google Play Store / Apple App Store account fees is borne by CHIPS.
45	UTL		99	Currently UIDAI has two data centers – one in Habbel, Bangalore and one in Manesar.	As per our understanding, the infrastructure components including servers, database licenses, storage, SSL certificates, WAF, firewalls, HSM, and related network/security infrastructure are already provisioned and will continue to be owned and managed by the Department/CHIPS at the State Data Centre. We understand that the selected SI's responsibility is limited to configuration, integration, monitoring, maintenance, and operational management of these existing resources, and that procurement and recurring infrastructure costs are not within the SI's scope. Kindly confirm whether this understanding is correct	Clarification is critical for commercial estimation, infrastructure cost assumptions, and overall financial risk assessment.	This is not in the scope of bidder
46	UTL	6.1	16	i) Report of Security Audit & Safe-to-Host Certificate	Kindly confirm the number of audit cycles required during the contract period for obtaining and maintaining the Safe-to-Host Certificate. Additionally, please clarify whether the cost associated with conducting the Safe-to-Host audits and issuance/renewal of the certificate will be borne by the Department/CHIPS or is to be included in the scope of the selected SI.	Impacts compliance planning, audit scheduling, and inclusion of recurring certification costs in the commercial bid.	The cost associated with conducting the Safe-to-Host audits and issuance/renewal of the certificate will be borne by the CHIPS.

Tender No. 185311							
Selection of Agency for Development, Implementation, Operation & Maintenance of Aadhaar and its Allied Service in the State of Chhattisgarh.							
Pre Bid Meeting Date and Place : 18/02/2026, Through VC							
S.No.	Participate	Section No.	Page No.	Tender Clause	Query	Remarks	CHIPS Response
47	Akshara Enterprises India Pvt. Ltd.	1	6	Online Earnest Money Deposit (EMD)- Rs. 6,00,000/- to be paid online on eProcurement portal.	Request to give relaxation to MSME firms as per Gol guidelines		MSME exemption will be applicabe to the firm registred as MSME in Chhattisgarh
48	Akshara Enterprises India Pvt. Ltd.	1	6	L1 lowest quotation bid	We kindly request that the evaluation methodology be revised to the QCBS (Quality and Cost Based Selection) model. Adopting QCBS will help ensure that adequate weightage is given to technical expertise and solution quality, thereby enabling the selection of a highly competent and experienced technical team while still maintaining cost competitiveness.		As per RFP
49	Akshara Enterprises India Pvt. Ltd.	7	17	Bidder should have prior experience of software development as per the following criteria in the last 5 years from the date of bid submission: - One Project related to Managing Aadhaar Services like AUA/KUA/Data Vault/Payment integration/Wallet system valuing INR 2.4 Crores. OR Two Projects related to Managing Aadhaar Services like AUA/KUA/Data Vault/Payment integration/Wallet system valuing INR 1.8 Crores. OR Three projects related to Managing Aadhaar Services like AUA/KUA/Data Vault/Payment integration/Wallet system valuing INR 1.5 Crores	The current eligibility criterion appears to be highly restrictive. We respectfully request that the experience requirements be broadened to include companies operating within the Aadhaar ecosystem, such as those involved in Aadhaar enrolment and updation activities. Additionally, the overall project scope encompasses multiple components, including Portal Development, Grievance Redressal Portal, Dashboard and MIS development, Helpdesk services, and Operations & Maintenance (O&M). Limiting the eligibility criteria solely to AUA/KUA experience does not adequately reflect the diverse nature of the work involved and may unnecessarily restrict capable and experienced bidders from participating. We therefore request a reconsideration of the eligibility criteria to ensure wider participation and fair competition.		As per RFP
50	Akshara Enterprises India Pvt. Ltd.	5.8	15	Go-live - 12 Week from Project Initiation	Considering the overall scope and complexity of the work involved, we kindly request that the project timeline be extended to a minimum of 20 weeks to ensure proper planning, quality execution, and successful completion of all deliverables.		As per RFP

Tender No. 185311

51	Akshara Enterprises India Pvt. Ltd.			Training	We kindly request that the training requirements be elaborated in greater detail, specifically outlining the type of training to be conducted, the mode of delivery (if applicable), and the expected number of trainees. This clarification will enable bidders to plan resources effectively and provide accurate and comprehensive proposals.		The bidder shall provide training in accordance with the terms and conditions of the RFP. Any training-related activities, if required, shall be conducted to ensure proper execution of the assigned work and compliance with the instructions issued by CHiPS.
52	SRIT India Limited	1	6	Last Date for Submission of Bids - 02/03/2026 Time: 03:00 PM	Request to extend the bid submission date by 7 working days owing to festival time		As per RFP
53	SRIT India Limited	1	6	Online Earnest Money Deposit (EMD) - Rs. 6,00,000/- to be paid online in eProcurement portal	Request to give relaxation to MSME firms as per Gol guidelines		MSME exemption will be applicabe to the firm registred as MSME in Chhattisgarh
54	SRIT India Limited	1	6	L1 lowest quotation bid	Requesting to make it QCBS to get a better technical team		As per RFP
55	SRIT India Limited	5.8	15	Go-live - 12 Week from Project Initiation	Given the scope of the work is requested to make it at least 20 weeks		As per RFP
56	SRIT India Limited	6.1	16	i) Report of Security Audit & Safe-to-Host Certificate	We kindly request further clarification on this requirement, specifically regarding the type of audit or certification required. Additionally, please confirm whether the responsibility for obtaining the audit/certification rests with CHIPS or the selected vendor. Clear guidance on this will help ensure accurate compliance and proposal submission		The cost associated with conducting the Safe-to-Host audits and issuance/renewal of the certificate will be borne by the CHiPS.

Tender No. 185311							
Selection of Agency for Development, Implementation, Operation & Maintenance of Aadhaar and its Allied Service in the State of Chhattisgarh.							
Pre Bid Meeting Date and Place : 18/02/2026, Through VC							
S.No.	Participate	Section No.	Page No.	Tender Clause	Query	Remarks	CHIPS Response
57	SRIT India Limited	7	17	Bidder should have prior experience of software development as per the following criteria in the last 5 years from the date of bid submission: - One Project related to Managing Aadhaar Services like AUA/KUA/Data Vault/Payment integration/Wallet system valuing INR 2.4 Crores. OR Two Projects related to Managing Aadhaar Services like AUA/KUA/Data Vault/Payment integration/Wallet system valuing INR 1.8 Crores. OR Three projects related to Managing Aadhaar Services like AUA/KUA/Data Vault/Payment integration/Wallet system valuing INR 1.5 Crores	The eligibility condition, as currently defined, seems unduly narrow. We request that relevant experience within the Aadhaar ecosystem-such as Aadhaar enrolment and updation services also be considered as qualifying criteria. Given that the project scope extends beyond AUA/KUA-related activities and includes components such as Portal Development, Grievance Redressal, Dashboard and MIS, Helpdesk, and O&M, restricting eligibility exclusively to AUA/KUA experience may not be proportionate to the overall requirements. We therefore request a review of the criteria to ensure balanced evaluation and broader participation from competent organizations.		As per RFP
58	SRIT India Limited	Training		Training	Request to elaborate on training details - type of training and number of trainees		The bidder shall provide training in accordance with the terms and conditions of the RFP. Any training-related activities, if required, shall be conducted to ensure proper execution of the assigned work and compliance with the instructions issued by CHiPS.

S.No.	Participate	Section No.	Page No.	Tender Clause	Query	Remarks	CHIPS Response
97	CSM Technologies Limited	Section 16 (iii)	32	Performance security shall be furnished in any one of the following forms: i. Bank Draft or Banker's Cheque of a scheduled bank. ii. Bank guarantee/s of a scheduled bank. It shall be got verified from the issuing bank. Other conditions regarding bank guarantees shall be the same as mentioned in the bidding document for bid security. iii. Fixed Deposit Receipt (FDR) of a scheduled bank. It shall be in the name of a CHiPS on account of the bidder and discharged by the bidder in advance. CHiPS shall ensure before accepting the FDR that the bidder furnishes an undertaking from the bank to make payment/premature payment of the FDR on demand to CHiPS without requirement of consent of the bidder concerned. In the event of forfeiture of the performance security, the Fixed Deposit shall be forfeited along with interest earned on such Fixed Deposit.	Kindly consider including performance surety bonds as an instrument of performance security.		As per RFP
98	CSM Technologies Limited	Section 8.2	44	Financial Evaluation: The bidder whose financial bid is deemed correct and who has quoted the lowest agency percentage for a particular category will be declared L1 for that category.	Considering the complexities of the project, we request that the proposal be evaluated using the QCBS (Quality and Cost Based Selection) method to ensure the delivery of high-quality work.		As per RFP
99	CSM Technologies Limited	Section 12.1	47	Payment Terms	We understand that there are two distinct scopes: CAPEX, which covers development and Implementation activities, and OPEX, which covers operations and maintenance. Since the development phase will required more number of resources along with high level skillset, We request CHiPS to provide separate, detailed line items for each scope in the financial format and to clarify the corresponding payment terms.		Please refer page 14 of RFP- 5.7 DEPLOYMENT OF RESOURCES TO ESTABLISH TECHNICAL TEAM (CAPEX + OPEX). The minimum criteria for key resources is mentioned at Page 52.

Tender No. 185311
