Request for Proposal

FOR

Selection Of Service Provider for AI Code Generation Tool

Tender No:MPSEDC/CoE/2026/673

MPSeDC

Madhya Pradesh State Electronics Development Corporation
State IT Centre, 47-A, Arera Hills, Bhopal

Email: marketing@mpsdc.com

url: www.mpsdc.mp.gov.in

DISCLAIMER

All information contained in this Request for Proposals (RFP) provided/ clarified are in the good interest and faith. This is not an agreement and this is not an offer or invitation to enter into an agreement of any kind with any party.

Though adequate care has been taken in the presentation of this RFP document, the interested firms shall satisfy it-self that the document is complete in all respects. The information published in this document is not intended to be exhaustive. Interested Bidders are required to make their own enquiries and assumptions wherever required.

Intimation of discrepancy, if any, should be given to the specified office immediately. If no intimation is received by this office by the date mentioned in the document, it shall be deemed that the RFP document is complete in all respects and firms submitting their bids are satisfied that the RFP document is complete in all respects.

Madhya Pradesh State Electronics Development Corporation Limited (MPSEDC), Bhopal reserves the right to reject any or all of the applications submitted in response to this RFP document at any stage without assigning any reasons whatsoever. MPSEDC also reserves right to withhold or withdraw the process at any stage with intimation to all who have submitted their bids in response to this RFP. MPSEDC reserves the right to change/ modify/ amend any or all of the provisions of this RFP document without assigning any reason. Any such change would be communicated to the bidders by posting it on GeM Portal

Neither MPSEDC, nor their employees and associates will have any liability to any prospective Respondent interested to apply or any other person under the law of contract to the principle or resolution or unjust enrichment nor otherwise for any loss, expense or damage which may arise from or be incurred or suffered in connection with anything contained in this tender document, any matter deemed to form part of this tender document, the award of the Assignment, the information and any other information supplied by or on behalf of MPSEDC, or their employees and Applicant or otherwise arising in any way from the selection process for the Assignment.

Information provided in this document or imparted to any respondent as part of RFP process is confidential to MPSEDC, Bhopal and shall not be used by the respondent for any other purpose, distributed to, or shared with any other person or organization.

Abbreviations & Definitions

Authorised Signatory	The proposer's representative/ officer vested (explicitly, implicitly, or through conduct) with the powers to commit the authorizing organization to a binding agreement. Also called signing officer/ authority having the Power of Attorney (PoA) from the competent authority of the respective firm.
Proposal	A formal offer made in pursuance of an invitation by a procuring entity and includes any tender, proposal or quotation
Proposals Security	A security provided to the MPSEDC by a proposer for securing the fulfilment of any obligation in terms of the provisions of the RFP documents.
Proposer	Any person/ firm/ agency/ company/ contractor/ supplier/ Agency participating in the procurement/ RFP process with the procurement entity
RFP Document	Documents issued by the MPSEDC, including any amendments thereto, that set out the terms and conditions of the given procurement and includes the invitation to Proposals
CMC	Contract Monitoring Committee
Competent Authority	An authority or officer to whom the relevant administrative or financial powers have been delegated for taking decision in a matter relating to procurement. CGM, MPSeDC in this RFP document.
Contract/ procurement Contract	A contract entered into between the MPSEDC and a successful proposer concerning the subject matter of procurement
GoI/ GoMP	Govt. of India/ Govt. of Madhya Pradesh
Day	A calendar day as per GoMP/ GoI.
INR	Indian Rupee
IT	Information Technology
NIT	Notice Inviting Tender
Notification	A notification published in the Official Gazette
PAN	Permanent Account Number
PC	Procurement/ Purchase Committee
Procurement Process	The process of procurement extending from the issue of invitation to Proposals till the award of the procurement contract or cancellation of the procurement process, as the case may be
Project Site	Wherever applicable, means the designated place or places
MAP_IT	Madhya Pradesh Agency for Promotion of Information & Technology
MPSeDC	Madhya Pradesh State Electronics Development Corporation
CoE	Centre of Excellence
Services	Any subject matter of procurement other than goods or works and includes physical, maintenance, professional, intellectual, consultancy and advisory services or any service classified or declared as such by a MPSEDC and does not include the appointment of any person made by any MPSEDC
State Government	Government of Madhya Pradesh (GoMP)
Subject Matter of procurement	Any item of procurement whether in the form of goods, services or works
SaaS	Software as a Service
WO/ PO	Work Order/ Purchase Order
WYSIWYG	What You See Is What You Get

1. Notice Inviting Tender (NIT)

Notice for Request for Proposal

RFP No. MPSEDC/CoE/2026/673

Bhopal, Dated:06/02//2026

“RFP for Selection Of Service Provider for AI Code Generation Tool ”

MPSEDC invites proposals for Selection Of Service Provider for AI Code Generation Tool.

For detailed scope and other terms and condition, please refer the RFP document available at <https://mptenders.gov.in>. Interested Agencies who qualify as per the criteria mentioned in the RFP document, may submit their proposals online through the <https://mptenders.gov.in>.

Any updated, corrigendum, addendum etc. shall be made available only at MP Tenders portal.

(Chief General Manager)

2. Schedule of RFP

1	RFP No.	MPSEDC/CoE/2026/673
2	Nature of Work	Selection Of Service Provider for AI Code Generation Tool
3	Proposals Invited by	Chief General Manager, MPSEDC Ltd.
4	Date of issue of RFP document	09/02/2026
5	Start Date for Submission of Proposals	From 12/02/2026 at 12:00 PM
6	Last Date for Submission of Proposals	23/02/2026 till 3:00 PM
7	Date of Opening of Technical Bid	24/02/2026 at 3:00 PM
8	Date of Opening of Financial Proposals	Will be communicated to the bidders shortlisted for summary financial proposal.
9	Place of Submission & Opening of Proposals	Online on https://mptenders.gov.in/
10	Address for Communication	Chief General Manager, MPSEDC Ltd., State IT Centre, 47-A, Arera Hills, Bhopal-462011
11	Websites for downloading RFP Document, Corrigendum's, Addendums etc.	https://mptenders.gov.in/
12	Cost of Document	INR 1000/- along with the e-Procurement Processing fees (to be paid online on mptenders portal)
13	EMD	INR 4 Lacs (Four Lacs Rupees only) to be paid online on mptenders portal
14	EMD Exemption	Micro, Small, and Medium Enterprises (MSMEs) registered in Madhya Pradesh are eligible for exemption from submitting the Earnest Money Deposit (EMD) The MSME must be registered under the same or a similar service category as specified in the RFP. The bidder must ensure their MSME registration aligns with the services outlined in the tender. Verification will be based on the classification stated in the Udyam Certificate. The exemption applies exclusively to the EMD requirement of the tender. All other terms and conditions specified in the RFP will remain applicable to MSMEs.
15	Performance Security	3% of Contract Value

16	Proposal's Validity	180 days from the Proposal's submission date.
17	Method of selection	Selection of bidders on Least Cost Based Selection (LCBS) – L1

Note:

- 1) MPSEDC reserves all the rights to cancel the process and reject any or all the proposals at any time.
- 2) No contractual obligation whatsoever does arise from the RFP document/process unless and until a formal contract is signed and executed between MPSEDC and the successful proposers.
- 3) MPSEDC disclaims any factual or other errors in the RFP document (the onus is purely on the individual proposers to verify such information) and the information provided therein are intended only to help the proposers to prepare a logical proposal.

3. Project Profile & Eligibility Criteria

3.1. About MPSEDC

Madhya Pradesh State Electronics Development Corporation (here-in-after referred to as MPSEDC) is a corporation established by Government of Madhya Pradesh to propel the growth of Information Technology (IT) and e-Governance in Madhya Pradesh. MPSEDC provides policy and institutional framework, strategic and project consulting, technical support, Software Development, Hardware/Software procurement, Testing, Networking, development of specified areas as Hardware and Software Technology Parks and capacity building assistance to the government departments and facilitate Human Resource Development activities in the field of IT and e Governance.

Office of the MPSEDC is situated at the 2nd Floor, State IT Center, 47-A, Arera Hills, Bhopal.

3.2. Introduction

Centre of Excellence has been formed in MPSEDC to provide advanced IT services to other government departments in MP. The sole purpose of CoE is to reduce/eliminate the everyday technological obstacles faced by various departments in GoMP. With its operations since 2015, CoE had been pushing the limit of what is currently possible towards new areas with the use of latest technologies. As a leader in IT services & business solutions, CoE had already partnered with various departments to simplify, strengthen, and transform the way of working. CoE holds a mission to help government departments to achieve their objectives by providing innovative and best-in-class IT solutions and services to all the stakeholders.

CoE offers various services to government departments like formulation of FRS/ SRS, Project estimations/ Project costing, Software development, Unit/ Integrated Testing, Formulating Testing strategies, Performance/ Load/ Stress Testing, Vulnerability Analysis/ Security Audit, 4th Level Government Domain Registration etc. under the key areas like Software Development, Web Application, Mobile Application, IT Project Consultancy, Security Audit Quality, Quality Assurance, Database Administration etc. All these are achieved by a huge resource pool of more than 150 developers, engineers on various domain, technologies etc. Each team member of MPSEDC is focused on providing strong results and building customer driven relationships. Resources under CoE are from Microsoft technologies, open source, security and quality, IT infrastructure and database administration. CoE had already delivered various applications among which 1000+ Applications are Live, 100+ are under development and many more in the pipeline and awaiting to get started.

In the line of National Spatial Data Infrastructure (NSDI), at State Level "State Spatial Data Infrastructure" (SSDI) is also formed. For setting up SSDI in Madhya Pradesh, regulate remotely sensed data, encourage GIS & RS technology in governmental processes and to maintain & allow easy access of spatial data among all the stakeholders, State Government issued Madhya Pradesh State Spatial Data Policy-2014 (MP-SSDP) on October 14th, 2014. In the State, Department of Science & Technology as nodal department and MPSEDC as nodal agency, declared to implement the MP-SSDI with the objectives as:

- Develop and maintain standards for collation and creation of digital geo-spatial data.

- To develop common solutions for discovery, access and use of spatial data in response to the needs of diverse user groups
- To listing out the technical protocols, formats and methodology for smooth integration of different IT systems with MP-SSDI
- To increase the awareness & understanding of the concepts and benefits of geospatial technology
- To encourage creation and usage of interdepartmental, multipurpose, standardized, co-referenced spatial data including satellite imagery and its derivatives for the entire state
- To maintain and allow easy access of spatial data to all state users for enabling decision support
- To regulate procurement of remotely sensed data by way of carrying out need-based procurement of high resolution or other required satellite imagery at defined intervals
- To create / collate and provide seamless and standardized map data to State and other agencies through electronic or other means, including:
 - Satellite imagery
 - Administrative jurisdiction boundaries including those of villages, Panchayats, Blocks, wards, forests and the like.
 - Other required standardized maps.
- To facilitate creation of multipurpose integrated map data for user departments, including department specific assets, for gap identification and further infrastructure development planning
- To develop map-based decision support systems for better informed decision making by state departments

3.3. Background

MPSEDC is a government corporation which has been established to stimulate the growth of Information Technology (IT) in Madhya Pradesh. IT being a fast changing field, regular touch with the latest technology and trends is required for better IT solutions. Keeping this in mind, development teams have been formed at MPSEDC to enable development of IT Solutions and providing IT Services by dissemination of information and act as a formal entity to address the need of Government. This is an in-house initiative, wherein the strength is made available within the Government and is sought to be used to the optimal level.

One of the major advantages is faster turnaround time (eliminating bid process life cycle) with zero hours being spend on hiring implementation agency and services at subsidized rates. With the vision to ensure the highest levels of certainty and satisfaction through a deep-set commitment to our clients, comprehensive industry expertise and a global network of innovation, our staff of hardworking people and individuals of high-integrity focus on doing the best for the departments everyday tasks.

AI Code Generation is a comprehensive platform for managing software development projects. However, its optimal usage requires expert knowledge to implement best practices and streamline the development process.

This Terms of Reference document outlines the objectives, scope, deliverables, for the procurement of AI Code Generation license. The successful implementation of best practices in AI Code Generation is essential for optimizing the MPSeDC software development processes and ensuring the success of projects.

3.4. Eligibility / Qualifying Criteria

Eligibility Criteria are as per the table given below:

Table 3-1: Eligibility/Qualification Criteria

S. No.	Basic Requirement	Specific Requirements	Documents Required
1	Legal Entity	The Bidder shall be a legally registered entity in India. <i>Consortiums or Joint Ventures are not allowed.</i>	Certificates of incorporation or Registration Certificates.
2	Financial Turn over	The average annual turnover of the bidder shall be at least Rs 50 Lacs in India any three financial years within the last four financial years, i.e., for the years ending on March 31 of 2025, 2021-22, 2022-23, 2023-24 and 2024-25 as evidenced by audited financial statements.	CA Certificate along with UDIN clearly defining the turnover as per format given in Annexure 7 along with Audited Financial Statements (Balance sheet & Profit & Loss statement) Note: In case values mentioned in the certificate submitted are not matching/available on the UDIN portal .In that case values available on UDIN portal shall prevail and subsequent decision as per RFP shall be taken
3	Bidders Experience of providing services	The bidder should have experience of supply & installation of minimum 50 (cumulative in one financial year) AI Code Generation tool in India. Provided that assignment must have undertaken for any of the following: - 1 (One) assignment of a value not less than Rs. 20 Lacs OR - 2 (two) assignment(s) of a value not less than Rs. 10 Lacs each,	Work orders/ Agreements/ Purchase Orders + Certificates from the client (with required details as mentioned in the indicative format given in Annexure 3); OR Work orders/ Agreements/ Purchase Order + Certificate from the Chartered Accountant with UDIN (with required details as

S. No.	Basic Requirement	Specific Requirements	Documents Required
		OR - 3 (three) assignment(s) of a value not less than Rs. 7 Lacs each	mentioned in the indicative format given in Annexure 8) (email communication/ testimonials etc. would not be considered) Note: a. Work orders/ Agreements/ Purchase Orders, should clearly define the value of the order. b. The Ongoing assignments shall also be considered, provided the bidder has received payments commensurate with the threshold values specified for each project value category. This must be duly substantiated through a Client Certificate or a Chartered Accountant's Certificate (with UDIN), in the format specified in (Annexure 8) c. Project details to be enclosed as per Annexure 3 given.
4	Statutory Registrations	Shall have been registered with: - 1. GST 2. PAN	Registration copies of such certificates shall be enclosed as proof.
5	Manufacturer's Authorization	Manufacturer's Authorization Form from applicable OEM	Manufacturer's Authorization to be enclosed as per Annexure 9 given.
6	Mandatory Undertaking	The bidder must not be under blacklisting status by any Central/State Government department, Corporation, Board, MP State PSU, or Semi-Government organization at the time of bid submission.	A Self Certified letter as per Annexure 5: Self-Declaration

All bid documents must be clearly signed and stamped by the Authorized Signatory of the bidder. Only those bidders, who satisfy the eligibility requirements and accept the terms and conditions of this RFP document, shall be short-listed for further evaluation.

3.5. Earnest Money Deposit

- i. The bidder shall submit Earnest Money Deposit (EMD) of amount as mentioned in schedule of RFP, which shall be deposited online during the submission of the tender on e-Procurement portal.
- ii. Unsuccessful bidder's EMD will be released as promptly as possible, but not later than 120 days after the award of the contract to the successful bidder.
- iii. The successful bidder's EMD will be released upon submission of Performance Bank Guarantee.
- iv. The EMD may be forfeited in following cases:
 - a. If a bidder withdraws his bid or increases his quoted prices during the period of bid validity or its extended period, if any; or
 - b. In the case of a successful bidder, if it fails within the specified time limit to sign the Agreement

3.6. Performance Bank Guarantee (PBG)

The Bidder shall at his own expense, deposit with bank, within Fifteen (15) working days of the date of notice of award of the contract or prior to signing of the contract, whichever is earlier, an unconditional and irrevocable Performance Bank Guarantee (PBG) from a Scheduled/nationalized Bank acceptable to Bank, payable on demand, for the due performance and fulfilment of the contract by the bidder.

This PBG shall be for an amount as mentioned in schedule of RFP, in favour of **MPSEDC** and payable at Bhopal. All charges whatsoever such as premium, commission, etc. with respect to the PBG shall be borne by the bidder. The PBG shall be valid for a period of 1 Year from date of signing of agreement or valid for additional 3 months from the end of contract, whichever is later and should be in the standard format prescribed by Reserve Bank of India.

4. Specification

The proposed AI Code Generation Solution to be supplied, deployed, and maintained by the selected Service Provider shall meet the following minimum specifications:

4.1. General Requirements

- The solution shall be AI-enabled , agent-driven and capable of generating, refactoring, testing, and documenting code in multiple programming languages technology stacks.
- The system shall either include a native IDE or support seamless integration with industry-standard IDEs, including but not limited to Visual Studio Code, JetBrains and Eclipse.
- The solution shall support integration with GIT repos.
- The solution shall support native integration with enterprise version control systems, enabling branch management, pull request workflows, automated reviews, and traceability between specifications and code changes.
- The solution shall provide deployment flexibility, supporting cloud-based installations as per project requirements.
- The solution shall provide centralized administrative controls, access management, and usage monitoring.
- The solution shall ensure security-by-design, including encryption in transit and at rest, tenant isolation, and secure coding guardrails.

4.2. Functional Specifications

4.2.1. PLAN A - Basic

- **Centralized License Management:** Administrators can easily purchase, assign, and manage seats for their team members within the organization settings.
- **SAML Single Sign-On (SSO):** Supports SAML SSO authentication, ensuring secure and streamlined access for users that aligns with the organization's identity management.
- **Policy Management:** Allows administrators to set policies for the use of the AI tool across the organization, including content exclusion.
- **Content Exclusion Policies:** Provides the ability to exclude specific files or repositories from being used as context for code suggestions, offering more control over data privacy and preventing leakage of sensitive internal code.
- **Audit Logs and Usage Analytics:** Provides audit logs of the AI tool activity and detailed usage metrics, allowing organizations to monitor adoption, track usage, and ensure compliance.
- **User Data Exclusion from Training:** Explicitly ensures that our organization's code snippets are must **not** to be used by either ai tool or its partner to train the underlying models.
- **Chat:** Access to the chat interface for asking coding-related questions, generating code snippets, explaining complex logic, and more.
- **Model:** The solution must support one or more state-of-the-art model families for code and multimodal reasoning, such as Google Gemini, OpenAI GPT (including GPT-5 and

Codex variants), xAI Grok, and Anthropic Claude, or **equivalent or more capable models** in terms of performance, reasoning ability, and multimodal support.

- **Coding Agent:** An autonomous AI agent that can be delegated multi-step coding tasks, such as creating pull requests for bug fixes or feature additions.
- **CLI:** Use directly from the command-line interface for tasks like getting command suggestions or asking questions.
- **Version Control Tool Support:** Full support for Git-based platforms either cloud or self-hosted. Integrate with review workflows (PR/MR summaries, change explanations, suggested comments) without bypassing required checks.
- **Code Review and Pull Request Summaries:** Access to AI-generated code review suggestions and summaries of pull requests to aid in collaboration and review cycles.
- **Language/Framework Support:** Full support for major languages and their frameworks (Python, JS/TS, Objective-c, Java, C#, Go, Angular, React, Nodejs, Ruby, PHP, SQL, Dart, and others).
- **IP Indemnity Protection:** Solution must offer a blanket indemnity for covering any legal claims related to the code generated by AI Tool.
- **AI-Based Security Vulnerability Filtering:** AI tool automatically blocks suggestions of insecure coding patterns in real-time.

4.2.2. **PLAN B- Advanced**

Includes all Plan A - Basic scope, plus the following enterprise grade capabilities.

- **Knowledge Grounding:** Centralize authoritative references (architecture standards, secure coding, platform runbooks) from defined repos/spaces and configure the assistant to draw on them for organization-specific guidance.
- **Deeper platform experiences:** enhanced assistance across pull requests, issues, and large codebases with awareness of enterprise documentation.
- **Natural-language app builder:** Generate **full-stack intelligent web apps** from plain-English prompts with a live, interactive preview.
- **One-click publish to managed runtime:** Deploy prototypes without local setup; includes a managed data store and built-in auth options where available.
- **Edit or export code:** Open the generated app's code in a cloud dev environment for deeper customization.
- **Rapid prototyping:** Validate product ideas quickly; iterate via conversational edits.
- Global repository/file blocklists, tenant-scoped controls, and enterprise auditability.

4.3. Security & Compliance Specifications

- The solution shall comply with applicable Government of India guideline and data protection guidelines.
- All AI models and services shall ensure intellectual property protection and safeguard against code/data leakage.
- The solution shall provide configurable options for data residency, access control, and audit logging.

4.4. Performance Specifications

- The system shall provide low-latency code suggestions with a response time of less than 1 second under normal operating conditions.
- The solution shall include analytics dashboards for monitoring usage, performance improvements, and productivity metrics.

4.5. Training & Support Specifications

- The Service Provider shall provide structured training programs, user manuals, and workshops for developers, testers, and administrators.
- The Service Provider shall provide a helpdesk facility with defined SLAs for issue resolution.
- The Service Provider shall ensure timely updates, bug fixes, and security patches throughout the contract duration.

5. Scope of Work

The selected Service Provider shall be responsible for the design, deployment, integration, and support of an AI-enabled Code Generation Solution to enhance software development productivity, quality, and efficiency. The scope shall include, but not be limited to, the following:

1. Solution Provisioning & Deployment

- Supply, configure, and deploy AI-based code generation tools that support multiple programming languages, frameworks, and development environments.
- System shall either include a native IDE or support seamless integration with industry-standard IDEs (e.g., VS Code, JetBrains, Eclipse etc.) and version control platforms.

2. Functional Capabilities

- Enable AI-assisted code completion, code snippets, function/method generation, and documentation creation.
- Support natural language to code conversion, automated refactoring, and debugging recommendations.
- Provide test case generation, error detection, and optimization suggestions.

3. Customization & Integration

- Configure the solution to align with enterprise-specific coding standards, security policies, and compliance frameworks.
- Enable API-based integration with CI/CD pipelines, DevOps tools, and project management systems.

4. User Enablement & Training

- Provide training sessions, documentation, and hands-on workshops for developers, testers, and system administrators.
- Establish knowledge transfer mechanisms to ensure effective adoption.

5. Operations & Support

- Provide ongoing technical support, version upgrades, and security patches throughout the contract period.
- Ensure availability of service desk/helpdesk support for incident reporting and resolution.

6. Security & Compliance

- Ensure that the AI solution complies with data privacy, intellectual property protection, and cybersecurity guidelines as per Government of India standards.
- Provide options for cloud-hosted deployment, depending on project requirements.

7. Performance & Monitoring

- Provide mechanisms for monitoring usage, performance analytics, and productivity impact of AI-assisted development.
- Submit periodic performance reports to the client organization.

5.1. Features of AI Code Generation Services

1. AI Code Generation environment should be provided as a unified product suite with integrated capabilities, including source-code management, automated builds, requirements management, test management, release management and reporting dashboards without a need of any third-party component or additional tool /service
2. AI Code Generation Tool:
 - Agile Project Management: Work item tracking, sprint management and planning, scrum, agile, Kanban, backlogs, agile board, Delivery Plan, Release plan etc.
 - Repos: Version control , branching strategies, push, pull, Merge, Review etc.
 - Continuous Integration & Continuous Deployment (CI/CD) : Pipelines Creation, Configuration, Builds, Releases and CI/CD automation etc.
 - Test Plan and Test Case Management: Manual and automated test management, test suites etc.
 - Package Management: Artifacts and Package management (NuGet, Maven, npm, pip etc.), feed creation etc.
 - Collaboration and Documentation Management: Centralized collaborative capability to manage the project documentation, knowledge sharing and other supporting artifacts.
 - Custom Reporting & Analytics Dashboards – Supports real-time reporting, customizable dashboards, and integration with business intelligence tools for data-driven decision-making.
 - Third-Party Tool Integration – Capability to be integrated with any web/mobile applications, enabling the seamless use and integration of any supported AI Code Generation feature on the required applications.

5.2. Right to use the license of proposed AI Code Generation Tool

1. The proposed AI Code Generation Tool should be in line to the expected features detailed in section 4, **also the AI Code Generation Tool's updated features/services has to be available under same licenses.**
2. MPSEDC reserves the right to issue work orders in part or in phases, depending on project requirements or operational priorities. The cumulative quantity under all such partial or phased work orders shall not exceed the total quantity specified in the RFP. Further, the solution shall support concurrent and transferable license usage, such that upon the exit or replacement of any employee, the license assigned to that employee may be reallocated to another user without requiring the purchase of an additional license.
3. MPSEDC reserves the right to order up to 25% additional quantity over and above the total quantity specified in the RFP at the same rates, terms, and conditions, during the validity of the contract.
4. The license of the proposed AI Code Generation Platform should be explicitly for MPSeDC. The provided license (s) with complete rights for implementation of projects shall be made available with MPSeDC i.e. either new, under development or might already developed.

6. Roles & Responsibilities

6.1.1. Responsibilities of MPSEDC:

MPSEDC is the owner of the project. The role of MPSEDC for successful implementation of the following responsibilities:

1. Issue necessary orders, letters and circulars.
2. Conduct review meeting, if needed, to monitor the overall progress.
3. Provide necessary approvals on various deliveries and components to be performed by the successful bidder as part of scope of work.
4. Release payment against the invoices raised by the selected proposer as per defined milestones in this RFP.

6.1.2. Responsibilities of the selected Bidder

In addition to deliverables mentioned in the clause 2.8 (Deliverables & Timelines) following will be the high level responsibilities of the selected proposer:

1. Provide licenses and setup of the environment for the proposed AI Code Generation solution as per desired number of Users.
2. Provide admin control to MPSEDC to manage the license, features and delivered services as mentioned in the RFP.
3. The selected bidder must ensure that all data and computing resources associated with this contract are hosted within data centers located exclusively within the geographical boundaries of India.
4. Provide complete support in the deployment/integration of proposed AI Code Generation Platform on/for development, staging/testing, production.
5. Depute a Single Point of Contact to coordinate with all related stakeholders.
6. Submit deliverables to MPSEDC for necessary approvals.
7. Should be the authorized provider of OEM wherein a proof shall be submitted.

6.1.3. Joint responsibilities of MPSEDC and the selected Bidder

1. The efforts estimation in terms of days and resources required for assignment/project/development shall be done by selected bidders however both parties shall agree upon it before the development initiation and this shall be documented and accordingly work order will be issued by MPSEDC.
2. In case of any disagreement in above 1, MD MPSEDC shall be the final authority to make a decision.
3. In case of a delay in delivery from the bidder's side shall be treated under SLA and penalized as per SLA terms and conditions.

7. Payment terms and Service Level

7.1. Payment Terms and Conditions

1. Payment schedule - Payments to the proposer, after successful completion of target milestones, should be made as:

S N	Deliverables	Payment	Conditions
1	AI Code Generation Tool License	90% of the annual license cost will be released upon delivery, while the remaining 10% will be released after one year from the delivery date.	Payment would be released after approval/ confirmation from the competent authority/SPOC MPSEDC, of the successful deliverable from the recipient of the product/support service at MPSEDC. Any penalty shall be deducted from the invoices, if not then from PBG.

2. The 1st payment shall be acknowledged after the submission of a copy of the license key and confirmation from the competent authority/SPOC MPSEDC/Concern department Nodal Officer for successful access to Platform for Development in digital/in writing.
3. Each payment shall be made on receipt of a separate invoice on the successful completion of a payment schedule.
4. The selected proposer's request for payment shall be made to the purchaser in writing, accompanied by the supporting documents describing, as appropriate, the services performed, and by the required documents submitted pursuant to general conditions of the contract and upon fulfillment of all the obligations stipulated in the Contract.
5. Documents required, whichever is applicable along with documents for desired deliverables, to be submitted to MPSEDC for Payment (in Triplicate):
6. Due payments shall be made promptly by the purchaser, generally within thirty (30) days after submission of an invoice and request for payment by the selected proposer, and the purchaser has accepted it.
7. The currency or currencies in which payments shall be made to the selected proposer under this Contract shall be Indian Rupees (INR) only.
8. All remittance charges will be borne by the selected proposer.
9. In case of disputed items, the disputed amount shall be withheld and will be paid only after settlement of the dispute.
10. Any penalties and/or liquidated damages, as applicable, for delay and non-performance, as mentioned in this bidding document, will be deducted from the payments for the respective deliverables.

11. Taxes, as applicable, will be deducted/paid as per the prevalent rules and regulations.

7.2. Deliverables and Timelines with Service Level Standards

The selected Proposer shall have to submit certain key deliverables in a time of maximum within 30days, which are mentioned hereunder.

AI Code Generation :

Sr. No.	Deliverables	Timelines (in weeks) (T=Sign of Contract)	Related Penalties
1	Providing Licence with the access credentials for MPSeDC	T+4	2% of the discovered cost for delay of each week
2	Availability of AI Code Generation Tool and Support for issue raised	Till support period	Platform Availability > = 99.50 % - No penalty Below 99.50 % --- Rs15,000 on service down per hour

Note :

1. AI Code Generation OEM shall provide all reports to calculate and measure SLA.
2. Total Penalties will not be more than 10% of the total contract value beyond which the contract shall liable to be terminated and the performance bank guarantee may be forfeited.

8. Bidding Instructions

8.1. Submission of Bids

Technical and Financial Bid/Proposal for “Selection of SI for AI Code Generation ” should be submitted online through e-procurement portal.

The bids should be submitted as per the schedule given in the schedule of RFP section.

The Technical Proposal and Financial Proposals shall be submitted in separate parts as follows:

Part 1: Pre-qualification & Technical Proposal

Part 2: Financial Proposal

8.2. Pre-Qualification & Technical Bid

The Technical Proposal should contain the following information:

- a) Documents satisfying the eligibility criteria as mentioned in the RFP
- b) Proposal Form as per **Annexure 2**
- c) Qualification of Bidder as detailed in **Annexure 3** (Company Profile along with documentary evidence of services offered and all relevant enclosures.)
- d) Documents satisfying the Technical criteria as mentioned in relevant clause
- e) Detailed Technical Proposal including as per relevant clause.
- f) Any additional information that the bidder may think fit but not included elsewhere in the proposal, which will help MPSEDC to assess the capabilities of the Partner.
- g) If not OEM, then the bidder shall provide the proof of being the authorized partner of OEM for delivering license & services as desired in the RFP.
- h) Any other document if required.

Note: The Technical Proposal shall not include any financial bid information.

8.3. Financial Bid

- i. After verifying the eligibility criteria and Technical evaluation, Madhya Pradesh State Electronics Development Corporation(MPSEDC), Bhopal shall notify the shortlisted bidders indicating the date, time and place for financial bid opening. The Financial Bid of technically qualified Bidders shall be opened in the presence of Bidders who choose to attend.
- ii. The Financial Bid should be submitted strictly in the format given as **Annexure 4** of this document and should not have any deviations, restrictive statements, etc. therein. Otherwise, such bids are liable to be rejected at the sole discretion of Madhya Pradesh State Electronics Development Corporation (MPSEDC), Bhopal.
- iii. If any calculation error is found in the Financial Bid that would be corrected by Madhya Pradesh State Electronics Development Corporation (MPSEDC), Bhopal and if any difference in the figures or words is found, then the values in words shall prevail.

8.4. Period of Validity of Proposal

The Proposals submitted by bidders shall be valid for a period of “180 days” from the date of submission of the bid. On completion of the validity period (180 days), in case required, Madhya Pradesh State Electronics Development Corporation (MPSEDC), Bhopal would solicit the bidder’s consent to an extension of the period of validity. The request and the responses thereto shall be made in writing by post or email.

8.5. Amendments to RFP

At any time prior to the deadline for submission of Proposal, Madhya Pradesh State Electronics Development Corporation (MPSEDC), Bhopal may amend the RFP documents by issuing suitable Corrigendum. Any corrigendum issued in this regard shall be uploaded on MP e-Procurement website. A reasonable time shall be provided to the vendors, so that they can take corrigendum into account in preparing their Proposals, the Madhya Pradesh State Electronics Development Corporation(MPSEDC), Bhopal shall extend (if necessary), the deadline for submission of Proposals.

8.6. Language of Proposal

The Proposal, and all correspondence and documents related to the Proposal exchanged by the bidder and the Madhya Pradesh State Electronics Development Corporation(MPSEDC), Bhopal should be in English. Supporting documents and printed literature furnished by the bidder may be in any language other than English provided they are accompanied by an accurate translation of the relevant passages in English language. Supporting material, which is not translated in English, will not be considered for evaluation. For the purpose of evaluation and interpretation of the proposal, the English language translation shall prevail.

8.7. Currency of the Proposal and Payment

The currency of the Proposal offers and the payments made (commercial transactions) shall be in Indian Rupees (INR).

8.8. Clarification on Bids

During the evaluation of bids, if required, Madhya Pradesh State Electronics Development Corporation(MPSEDC), Bhopal may seek clarification(s) of the bid from the bidder via email / post / in person. If required clarification is not received in the specified time limit, Madhya Pradesh State Electronics Development Corporation(MPSEDC), Bhopal will have rights to reject the bid.

8.9. Bid Opening

- i. The technical bid containing “**Part 1: Technical Proposal**” only will be opened online at the defined time and place as mentioned in schedule of RFP Section. The representative of bidders may also be present at the time of opening of the bid.
- ii. Financial bids of only those bidders whose bids are shortlisted after Technical evaluation will be opened through e-procurement in the presence of the bidder’s representatives subsequently for further evaluation.

- iii. One authorized representative of each of the bidder would be permitted to be present at the time of aforementioned opening of the bids.

8.10. Bid Evaluation

No enquiry shall be made by the bidder(s) during the course of evaluation of the tender, after opening of bid, till final decision is conveyed to the successful bidder(s). However, the Committee/its authorized representative and Madhya Pradesh State Electronics Development Corporation(MPSEDC), Bhopal can make any enquiry/ seek clarification from the bidders, which the bidders must furnish within the stipulated time else the bids of such defaulting bidders will be rejected.

8.10.1. Pre-Qualification Evaluation

- i. The Bidders are requested to furnish documents to establish their eligibility (indicating the reference page number in the bid against the proofs submitted) for each of the items given in Eligibility Criteria. Relevant portions in the documents should be highlighted. If a bid is not accompanied with all necessary documents, it may be summarily rejected.
- ii. Undertaking for subsequent submission of any of the eligibility documents will not be entertained. However, Madhya Pradesh State Electronics Development Corporation(MPSEDC), Bhopal reserves the right to seek fresh set of documents or seek clarifications on the already submitted documents.
- iii. Upon verification, evaluation/assessment, if in case any information furnished by the Bidder is found to be false / incorrect, their bid will be summarily rejected and no correspondence on the same shall be entertained.
- iv. Submission of false/forged documents will lead to forfeiture of EMD and blacklisting of agency for a minimum period of 2 years from participating in M.P. Govt. tenders.
- v. A Bid that does not fulfill all the stipulated eligibility conditions/criteria will not be considered.
- vi. The Bids conforming to the eligibility criterion only will be considered for further evaluation. If there is any lack of clarity in the submitted eligibility documents, evaluation committee may ask additional clarification/ documents from the concerned bidder. Committee may consider the additional documents/ clarifications for evaluation if they are as per the requirement stated in RFP.

8.10.2. Technical Evaluation

Technical evaluation will be done only for those bidders who have been found to be in compliance with the Eligibility criteria. The Technical Evaluation Committee based on technical evaluation framework mentioned shall evaluate each proposal and allot technical score as per the Technical criteria mentioned below:

Table : Technical evaluation Criteria

Section	Specification Requirement
General Requirements	AI-enabled solution supporting multi-language code generation, refactoring, and documentation
	Integration with IDEs (VS Code, JetBrains, Eclipse, etc.)
	Integration with various version control
	Deployment flexibility on cloud
Functional – Code Generation	Autocomplete, boilerplate code, natural language → code
	AI-assisted refactoring and optimization
Functional – Testing	Automated test case generation
	Bug, error, and vulnerability detection
Functional – Documentation	Automated docstrings, API documentation
Functional – Collaboration	CI/CD pipeline and DevOps tool integration
	Role-based access and team collaboration
Security & Compliance	Compliance with GoI guidelines
	Protection against code/data leakage
	Configurable data residency and audit logging
Performance	Suggestion latency < 1 second
	Minimum 100 concurrent users supported
	Usage and productivity analytics dashboard
Training & Support	Structured training sessions and manuals
	Helpdesk facility with SLA-based support
	Regular updates, patches, and upgrades

- Technical evaluation shall include the evaluation of all the documents mentioned in the Technical Bid.
- The financial bids of only technically qualified proposers would be opened.

8.10.3. Overall Evaluation (Lowest Bid Value)

- Bid evaluation committee will evaluate and compare the bids determined to be substantially responsive. It is bid evaluation committee's intent to select the proposal that is most responsive to the project needs and each proposal will be evaluated using the criteria and process outlined in this section.
- Technical bids shall be examined by the bid evaluation committee with respect to compliance, completeness and suitability of the proposal to the project and only the bids which are in compliance to the requirements mentioned in the RFP shall be considered as technically qualified.
- Pre-Qualification and the Technical criteria of all the Bidders will be evaluated for Financial bid opening.
- Only the bidders, who clear a Technical bid will qualify for the financial bid evaluation.
- Total bid evaluation: Only the financial bids of those bidders qualified in the technical evaluation shall be opened and the decision of MPSEDC in this regard shall be final; financial bids of the other bidders will not be accepted.

- vi. The evaluation shall be strictly based on the information and supporting documents provided by the bidders. It is the responsibility of the bidders to provide all supporting documents as listed in forms necessary to fulfill the mandatory eligibility criteria.
- vii. Shortlisted bidder quoting lowest bid value (L1) will be considered for final selection.

9. General Terms and Conditions

9.1. Payment Terms

- i. Payment will be made in Indian Rupees only as per the payment milestones.
- ii. Payments shall be subject to deductions of any amount for which the agency is liable as per the penalty clause of this tender document. Further, all payments shall be made subjects to deduction of TDS (Tax deduction at Source) as per the income- Tax Act, 1961 and any other taxes.

9.2. Signing of Contract

The successful bidder(s) shall execute an agreement within 15 days from the date of issuance of Letter of Intent (LoI) (or work order if LoI is not issued) with MPSEDC. In addition to terms and conditions being mentioned hereunder, all terms and conditions of the tender and corrigendum issued shall also be applicable for the contract.

The bidder to ensure their local representative presence in Madhya Pradesh for the entire period of contract for effective project coordination.

9.3. Execution of Contract

During the term of contract, the selected bidder will work closely with MPSEDC and will perform the activities as per the scope of work. In case of poor performance, non-responsiveness or unjustified & repeated delays, MPSEDC shall terminate the agreement. In this case, the performance security shall be forfeited.

9.4. Failure to agree with the “Terms and Conditions” of the Tender

Failure of the successful bidder to agree with the Terms & Conditions of the contract shall constitute sufficient grounds for the annulment of the proposal or the award. In such circumstances, MPSEDC would reject the proposal and forfeit the EMD as specified in the document.

9.5. Confidentiality

The RFP contains information proprietary to Madhya Pradesh State Electronics Development Corporation(MPSEDC), Bhopal. Madhya Pradesh State Electronics Development Corporation(MPSEDC), Bhopal requires the recipients of this RFP to maintain its contents in the same confidence as their own confidential information and refrain from reproducing it in whole or in part without the written permission of Madhya Pradesh State Electronics Development Corporation(MPSEDC), Bhopal.

Madhya Pradesh State Electronics Development Corporation(MPSEDC), Bhopal will not return the bids/responses to the RFP received. The information provided by the bidder/s will be held in confidence and will be used for the sole purpose of evaluation of bids.

9.6. Sub-contracting

The sub-contracting or assignment is not allowed.

- i. The bidder may deliver training or in association with its OEM/CSP.
- ii. The SLA related to any part of contract will be applicable on the bidder.

9.7. Governing Law

This RFP and the subsequent contract shall be governed and construed and enforced in accordance with the laws of India. Both Parties shall agree that in respect of any dispute arising upon, over or in respect of any of the terms of this Agreement, only the courts in Bhopal shall have exclusive jurisdiction to try and adjudicate such disputes to the exclusion of all other courts.

9.8. Right Reserves with MPSEDC

- i. Reject any or all proposals received in response to the RFP without giving any reason whatsoever.
- ii. Waive or change any formalities, irregularities, or inconsistencies in proposal format delivery.
- iii. Extend the time for submission of proposal.
- iv. Modify the RFP document, by an amendment that would be published on the website.
- v. Independently ascertain information from other organizations to which bidder has already extended a service for similar assignments.
- vi. To terminate the services if the assignment is not proceeding in accordance with the terms of contract

9.9. Other Instructions

- i. The successful bidder should treat all data and information about Madhya Pradesh State Electronics Development Corporation(MPSEDC), Bhopal obtained in the execution of the proposed assignment as confidential, hold it in strict confidence and should not reveal such data/information to any other party without the prior written approval of Madhya Pradesh State Electronics Development Corporation(MPSEDC), Bhopal.
- ii. The proposal should be submitted strictly in the format provided in this RFP document and should be signed by the authorized signatory with seal of the Company.
- iii. A signed copy of this RFP shall be submitted along with the technical proposal as a token of acceptance of RFP terms & conditions.
- iv. The proposal should be free of overwriting/ corrections/ alterations.
- v. The proposals should be signed by the authorized representative/s of the bidder.

9.10. Disqualification

The proposal submitted by a bidder is liable to be disqualified if:

- a) Not submitted in accordance with this document.
- b) During validity of the bid or its extended period, if any, the bidder increases his quoted prices.

- c) Bid received in incomplete form or not accompanied by bid security amount.
- d) Bid received after due date and time.
- e) Bid not accompanied by all requisite documents.
- f) Awardee of the contract qualifies the letter of acceptance of the contract with his conditions.
- g) Bidder fails to enter into a contract within 15 days of the date of notice of the award of tender or within such extended period, as may be specified Madhya Pradesh State Electronics Development Corporation(MPSEDC), Bhopal.

Bidders may specifically note that while processing the tender documents, if it comes to our knowledge expressly or implied, that a bidder has intended to form a cartel resulting in delay / holding up the processing of tender then the bidders so involved are liable to be disqualified for this contract as well as for a further period of 2 years from participation in any of the tenders floated by Madhya Pradesh State Electronics Development Corporation(MPSEDC), Bhopal.

It is also clarified that if need arises Madhya Pradesh State Electronics Development Corporation (MPSEDC), Bhopal would go in for appointment of outside party(s) to undertake the work under the captioned tender. In case any party submits multiple bids or if common interests are found in two or more Bidders, then such Bidders are likely to be disqualified, unless additional bids / bidders are withdrawn immediately upon noticing such things.

9.11. Recoveries from Agency

- I. Recovery of penalties/ Liquidated damages shall be made ordinarily from bills.
- II. MPSEDC shall withhold amount to the extent of short comings of the delivery of services unless these are completed as per the SLA. In case of failure to withhold the amount, it shall be recovered from dues of the agency and performance security deposit available with MPSEDC. The balance, if any, shall be demanded from the SI and when recovery is not possible, MPSEDC shall take recourse to law in force.

9.12. Termination

A) Termination for Default

- I. MPSEDC may, without prejudice to any other remedy for breach of contract, by written 60 days' notice of default sent to the selected agency(ies), terminate the contract in whole or part if the selected agency(ies) fails to deliver any or all of the systems within the period(s) specified in the contract, or within any extension thereof granted by the Purchaser pursuant to conditions of contract clause or if the successful bidder fails to perform any other obligation(s) under the Contract.
- II. In the event that MPSEDC terminates the Contract in whole or in part, pursuant to the conditions of contract clause, it may procure, upon such terms and in such manner, as it deems appropriate, systems or services similar to those undelivered and the selected agency(ies) shall be liable to pay MPSEDC for any excess costs for such similar systems or services. However, selected agency(ies) shall continue the performance of the Contract to the extent not terminated.

B) Termination for Insolvency

MPSEDC may at any time terminate the Contract by giving a written notice of at least 60 days to the selected proposer, if the selected proposer becomes bankrupt or otherwise insolvent. In such event, termination will be without compensation to the selected proposer, provided that such termination will not prejudice or affect any right of action or remedy that has accrued or will accrue thereafter to MPSEDC.

C) Termination for Convenience

MPSEDC, by 60 days' written notice sent to the selected agency(ies), may terminate the contract, in whole or in part at any time for its convenience. The notice of termination shall specify that termination is for MPSEDC's convenience, the extent to which performance of the selected agency(ies) under the contract is terminated and the date upon which such termination becomes effective. However, any undisputed payment to the invoices of the task accomplished by selected agency(ies) would be paid by MPSEDC.

9.13. Disputes and Arbitration

If any dispute of any kind whatsoever arise between MPSEDC and the successful bidder in connection with or arising out of the contract, including without prejudice to the generality of the foregoing, any question regarding its existence, validity or termination, the parties shall seek to resolve any such dispute or difference by mutual consultation. If the parties fail to resolve such a dispute or difference by mutual consultation an appeal may be filed to the Principal Secretary, Government of Madhya Pradesh, Department of Science & Technology whose decision shall be final and binding.

9.14. Period of Contract

The contract would be initially for a period of One (1) years which would start from the date of issuance of licenses. This may be extended for a further period of 1+1 years.

9.15. Other Conditions

- I. The selected bidder shall bear the expenses regarding delivery of services.
- II. The selected bidder shall not, under any circumstances, revise the rates already approved for services. Any request for an increase in the rates will not be entertained under any circumstances during the contract period.
- III. The selected bidder shall execute the whole work in strict accordance with guidelines of MPSEDC.
- IV. MPSEDC shall reserve the right to make any alterations in or additions to the original scope of work on mutually agreed terms. Any additional work which the bidder may be directed to do in the manner specified above as part of the work shall be carried out by the bidder on the same conditions in all respects on which he agreed to do the main work and at the same rates as specified by MPSEDC.

- V. Any publicity by the bidder in which the name of MPSEDC is to be used shall be done only with the explicit written permission of MPSEDC.
- VI. In the event of any material breach of the terms of the Agreement, the Party in breach shall cure the breach within 30 days of notice. In the event the breach is not cured within stipulated time the affected party may terminate the Agreement by giving notice in writing to the other Party and client shall pay all dues payable for the services rendered till the effective date of termination

9.16. Limitation of Liabilities

Except in cases of gross negligence or willful misconduct: -

- I. Neither party shall be liable to the other party for any indirect or consequential loss or damage, loss of use, loss of profits or interest costs, provided that this exclusion shall not apply to any obligation of the selected bidder to pay liquidated damages to MPSEDC; and
- II. The aggregate liability of the selected agency to MPSEDC, whether under the Contract, or otherwise, shall not exceed the amount specified in the Contract.
- III. The maximum aggregate liability of the selected bidder shall not exceed the annual bill value or average annual bill value in case one year is not completed.

9.17. Indemnification

The selected bidder shall at all times indemnify and keep MPSEDC indemnified against any and all claims by the assigned/deployed resources, in respect of their wages, salaries, remuneration, compensation, increment or any other statutory liabilities which are the responsibility of the employer.

9.18. Exit Management

On completion/ termination of the contract, the selected agency shall ensure handover as below as per the instructions of the MPSeDC:

- Data Migration: The Service provider shall ensure all data/Artifacts/services is securely transferred to us or a new service provider as decided by MPSeDC.
- Transition Plan: Development and execution of a detailed transition plan to the new service provider.
- Support During Transition: Providing support during the transition period.
- Data Deletion: Confirmation of complete data deletion from their cloud systems, as per contractual and compliance requirements.
- Documentation: Delivery of comprehensive documentation on system architecture, configurations, and processes .
- Credentials Transfer: Secure handover of all credentials, keys, and access controls.
