

Tender Document for selection of agency for
Facility Management Services
for
Madhya Pradesh State Wide Area Network
(MPSWAN)

Tender No: MPSEDC/SWAN/FMS/2026/671

**Madhya Pradesh State Electronics Development
Corporation Ltd.**

State IT Centre, 47-A, Arera Hills Bhopal-462011

Ph. 0755-2518602, 2518300

Email: marketing@mpsdc.com, Website: www.mpsdc.com

NOTICE INVITING TENDER

MPSEDC invites Proposal from the bidders for Facility Management Services for Madhya Pradesh State Wide Area Network. Interested Bidders, who qualify as per the criteria mentioned in the document, may submit their proposals through e-tendering latest by **19.02.2026 till 03:00 p.m.** on e-Procurement portal (www.mptenders.gov.in). Bidders required to submit the document fee of **Rs. 1,000/-** (Rupees One Thousand only) for RFP document, e-Procurement Processing fees and EMD amount through online payment at e-Procurement portal.

The detailed RFP document can be downloaded from the website www.mptenders.gov.in

(Chief General Manager)

MPSEDC

Glossary:

<u>Abbreviations</u>	
GoMP/GOMP	Government of Madhya Pradesh
Bidder	Agency which is participating in the bid
IT	Information Technology
MPSDC	Madhya Pradesh State Data Centre
SIA	State Implementation Agency
SP	Service Provider (Same as IA)
MPSEDC	Madhya Pradesh State Electronics Development Corporation
NIT	Notice Inviting Tender
O & M	Operations and Maintenance
QoS	Quality of Service
RFP	Request for Proposal
SWAN	State Wide Area Network
State	Refers to State of Madhya Pradesh
SL	Service Levels
SLA	Service level agreement
UPS	Uninterrupted Power Supply
MSA	Master Service Agreement
SP	Service Provider
MP	Madhya Pradesh
EMD	Earnest Money Deposit
LD	Liquidated Damages
BG/PBG	Bank Guarantee/Performance Bank Guarantee
NKN	National Knowledge Network
FMS	Facility Management Services provider or Network Operator
SHQ	State Head Quarters or Head Office
CHQ	Commissionaire Head Quarters
DHQ	District Head Quarters
BHQ	Block Head Quarters
SDN/SDWAN	Software Defined Network/Software Defined Wide Area Network
ILL	Internet Lease Line
PBH/NPBH	Prime Business Hours /Non-Prime Business Hours
NOC	Network Operating Centre
NMS	Network Management Software

1. Bid Data Sheet

1	Name of the Client: Madhya Pradesh State Electronics Development Corporation Ltd. Bhopal
2	Name of the assignment: “Facility Management Services for Madhya Pradesh State Wide Area Network (MPSWAN)”.
3	Method of Selection: L1 (Least Cost Based Selection)
4	RFP Reference: MPSEDC/SWAN/FMS/2026/671
5	Earnest Money Deposit (EMD): Rs. 70,00,000/- to be paid online through e-procurement portal https://www.mptenders.gov.in/ or EMD in form of Bank Guarantee can be submitted. (Please note that no exemption for EMD will be accepted) Non-Refundable Tender Cost: Rs. 1,000/- (Rupees One Thousand) + Processing Fees (non-refundable) to be paid online through the e-procurement portal https://www.mptenders.gov.in/.
6	Validity Period of the Technical Proposals: Proposal must remain valid for One Hundred and Eighty (180) days from the date of submission.
7	Period of Services: The successful bidder would be hired for the period of five years. The payments would be based on the contract signed between the successful bidder and the MPSEDC.
8	Date, Time and Venue for pre-bid meeting: 10.02.2026 at 3:00 PM at State IT Centre, 47-A, Arera Hills, Bhopal – 462011. Date for release of response to clarifications on www.mptenders.gov.in Online Meeting URL: Pre-Bid Meeting of Facility Management Services for MPSWAN Meeting-Join Microsoft Teams
9	Last Date for submission of Bids: 03:00 PM on 19.02.2026. Proposals received after the stated time and date would not be considered.
10	Opening of Technical Bids: 20.02.2026 at 3:00 PM

11	Process for Selection and Evaluation: The selection of the Successful bidder would follow a two stage process: i. Stage 1: Technical Evaluation. All the agencies responding to this tender would need to meet the pre-qualification/technical criteria as prescribed in to get qualified for the Stage 2. ii. Stage 2: Financial Evaluation & Selection
12	Others: i. The Bidders are advised that the selection of bidder shall be on the basis of the Process for selection specified in this RFP. ii. Deficiencies in providing the information requested may result in rejection of the proposal. MPSEDC's decision in this regard shall be final and binding. iii. The cost to be incurred by the prospective bidders to prepare the proposals and for negotiating the contract, including any visits to MPSEDC will not be reimbursed. iv. Bids from consortium are not acceptable. v. During pre-qualification /technical evaluation of the Proposals, MPSEDC may, at its discretion, ask the bidders for clarifications on their proposal. The bidders are required to respond within the time frame prescribed by MPSEDC. vi. At any time prior to deadline for submission of proposal, MPSEDC may for any reason, modify the RFP. The prospective bidders having received the RFP shall be notified of the amendments through website www.mptenders.gov.in and such amendments shall be binding on them. vii. Right to reject any or all Proposals: Notwithstanding anything contained in this RFP, the MPSEDC reserves the right to accept or reject any Proposal, at any time without any liability or any obligation for such acceptance, rejection or annulment, and without assigning any reasons thereof.

	Without prejudice to the generality of Clause vii above, the MPSEDC reserves the right to reject any Proposal if: (a) at any time, a misrepresentation is made or discovered, or (b) the Bidder does not provide, within the time specified by the MPSEDC.
--	--

2. Introduction

Madhya Pradesh State Electronics Development Corporation (hereinafter referred to as “MPSEDC”) invites proposals for “Facility Management Services for Madhya Pradesh State Wide Area Network (MPSWAN)”. The scope of work and requirement, of MPSEDC, for this project is specified in this RFP.

MPSEDC is the agency of the state working towards promotion & implementation of IT and e-Governance. It is the single-point of access to any IT business opportunity in Madhya Pradesh and encourages various players in the field of IT to come forward and invest in the state of Madhya Pradesh.

MPSEDC is committed to generate IT business for the public/private sector with a mandate from the Government to develop IT in the state. This includes opportunities for software development, supply of hardware & peripherals, networking and connectivity, web applications, e-commerce, IT training and an entire gamut of direct and indirect IT businesses.

To promote use of IT and ITES in various Departments, Corporations, Companies, Societies, Boards etc. of Government of Madhya Pradesh. The scope would include Consultancy, Software Development, Hardware/Software procurement, Training, Testing, Networking, Recruitment of IT professionals and development of specified areas as Hardware and Software Technology Parks. The Corporation shall also involve itself in emerging areas in the field of Information Technology.

3. Objectives

MPSEDC intends to select a FMS provider for managing its SWAN operations and manage the related facilities for a period of 5 years. MPSWAN is deploying the SDWAN technology at MPSWAN network.

The scope of work involves end-to-end management of following categorized locations for delivering services including but not limited to those given below:

(A) State Head Quarters (SHQ)

- To operate and maintain all the SHQ MPSWAN infrastructure components installed at MPSCDC

- To provide operation and maintenance support for all hardware & software.

(B) Existing, New & Proposed POP and horizontal offices at various distributed locations (District & Block)

- To operate & maintain networking equipment with power sources and associated POP equipment and infrastructure.

(C) Helpdesk & NOC at Head Office

- To setup, operate & maintain a telephonic/email/SMS based helpdesk (24x7x365) for call logging, issue resolution and tracking.
- To operate, monitor and manage the entire SWAN network along with co-ordination with stakeholders involved

In addition to the above listed broadly classified services, the successful bidder will have to adhere to the scope of work mentioned under Section 6 of this RFP.

Support Personnel Requirements

The dedicated manpower should be deployed by the Successful Bidder at SHQ and District POP's.

The **required manpower** should be deployed at BHQ to maintain the SLA's for BHQ.

Attendance of resources deployed by the successful bidder will be maintained on a daily basis **from their deputed locations, and only for the BHQ resources they can mark their attendance from any of the POP part of their cluster** which will in turn be linked to their payment. Resources will mark the attendance on App of MPSEDC & also the resource should be available based on the requirement of MPSEDC on non-working days though any such requirement will be communicated in a day advance. The dedicated resources are required at SHQ and the CHQ/DHQ locations however bidder can depute the required number of resources for the BHQ locations in an effective manner to maintain the defined SLA's. MPSEDC for its internal assessment has identified the MPSWAN POPS's which form a cluster serviceable with single resource analysis provided as Appendix-I. Average number of tickets generated in one quarter are 9000-10,000 for entire MPSWAN and based on the MPSEDC's analysis around 70% of the tickets are related to the Bandwidth Service provider (MPLS Links).

These figures are suggestive as per MPSEDC internal analysis and methodology.

At BHQ 233 dedicated resources have to be deployed at base locations apart from dedicated resources at SHQ, CHQ, DHQ.

Base location for BHQ resource has to be decided by the successful bidder.

The dedicated resources are needed at SHQ and CHQ/DHQ and if BHQ resource base location is planned at CHQ/DHQ then the successful bidder has to depute the separate resources for BHQ.

MPSEDC will perform the productivity analysis for the deployed manpower and expect the productivity enhancement as compared to effort and efficiency over the maturity period of the contract.

The basic requirements for manpower are as mentioned below:

The deployed personnel should have adequate expertise and hands-on experience in respective technical domain of operations, maintenance and repair. In an event of upgrade of the existing devices currently being used by MPSWAN, the deployed personnel should also have adequate expertise on latest SDWAN technology.

Successful Bidder should maintain adequate reserve staff and additional resources for new & proposed sites of MPSWAN.

Successful Bidder should ensure that they are adequately staffed as per the demand of service window. These personnel should act on need basis, on off-peak hours for any severe or critical incidents and key activities.

Note: The interested bidders are encouraged to do their own analysis for resource planning and visit the sites, however the expenses for this activity has to bear by the bidder, MPSEDC will not pay any related expenses for the same.

4. Existing SWAN Architecture

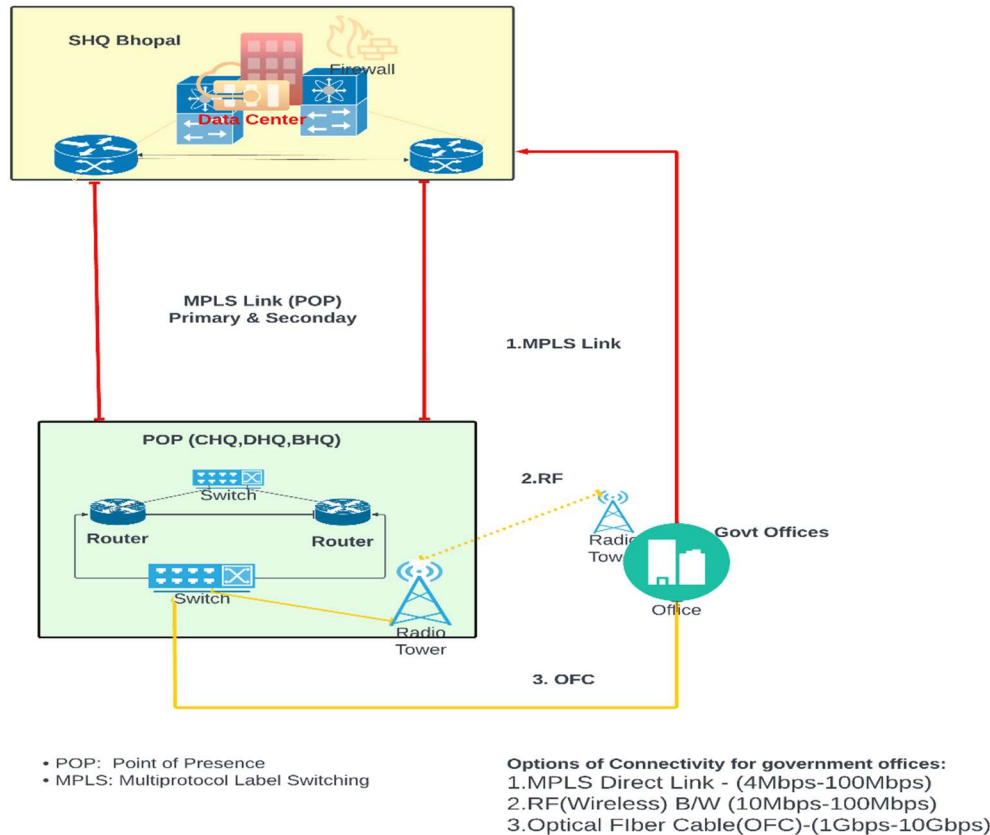

Present MPSWAN architecture is hub and spoke topology connected via MPLS cloud from CHQ/DHQ/BHQ to SHQ where MPSEDC is located and DR at Bhubaneswar, entire network is logically divided into two network segments viz. vertical (POP) and horizontal. The horizontal offices are connected to respective vertical segment PoPs in hub and spoke model (Interconnection of multiple hub and spoke sites). Due to the above reason, if any one of the vertical PoP is getting down, then automatically the corresponding horizontal offices are deprived connectivity to SHQ

Present Status of SWAN Network Architecture:

SWAN network is divided in two parts and the model followed for SWAN connectivity is HUB and Spoke:

SHQ Network is the HUB location

POP Network is considered as the spoke locations of the network.

Description:

Connectivity Details

MPSWAN POP is connected on MPLS VPN with two links from MPLS cloud of separate service providers BSNL and Reliance.

One additional WAN link is provided by NKN which providing the connectivity at all District POP locations.

ALL the POP locations are connected via MPLSVPN connectivity to SHQ HUB and DR centre at Bhubaneswar for the connectivity requirement to applications hosted in MPSEDC or for the internet access.

Entire traffic flowing towards MPSEDC or for internet access has to cumulatively traverse through the SHQ HUB network and if SHQ fails then entire traffic will shift to DR centre at Bhubaneswar.

SHQ Network Details:

- SHQ network which is located in Bhopal at MPSEDC.
- DR Network is located in Bhubaneswar
- SHQ has core routers, aggregation routers where WAN links are terminated. Bandwidth of each link is cumulative bandwidth provided at spoke locations and similar model of connectivity at DR centre.
- MPSEDC network has two core switches, used to connect both core routers and the State IT centre LAN. Core switches are connected to one perimeter firewall which is used for the internet access and VPN connections for VPN client accessing the network from Internet.
- Perimeter Firewall is having internet connection from NIC/NKN .
- Routing protocol is EIGRP.

POP network:

Below are the details of POP's (as on date):

- 1 State Headquarters Bhopal, (SHQ)
- 54 District Headquarters, (DHQ)
- 346 Blocks/Sub-division/Tehsils/sub-Tehsils. (BHQ)

Details of Network

- Every PoP location is having the two routers and two WAN links from the two different service providers are connected on each router of the PoP location.
- Each DHQ is having an additional WAN link provided by NIC on Ethernet.
- Routing protocol of each location is the BGP (Border Gateway Protocol) and private AS number is used.
- LAN Load Balancing and redundancy is achieved via Load Balancing Protocol which is load balancing the traffic for LAN users.
- All RF clients are connected on LAN switch and they are considered as the LAN users for PoP locations.
- OFC based connectivity is provisioned from POP switch in ring based topology.

- Some of the government offices are connected over direct MPLS links to SHQ and DR.

Present Traffic Flow:

- **Intranet traffic:**

Applications of various departments are hosted at MPSEDC, all the MPSWAN users are accessing these applications through SHQ and from DR if SHQ fails to operate.

- **Internet traffic:**

Internet service available at SHQ (NKN), all the MPSWAN users are accessing internet services through SHQ.

5. Evolving Architecture:

MPSEDCWAN Architecture

The basic architecture of the MP SDWAN consisting of the following logical components:

1. **Controller** – This makes path optimization decisions and it is deployed at SHQ.
2. **Central SDWAN Manager** – This provides comprehensive solution to manage, visualize, provision, automate configuration and monitors the MPSEDCWAN infrastructure from a single graphical interface. It is used to configure application-based forwarding policy and security rules on this device at SHQ.
3. **WAN Edge Device**- This is the device where WAN interfaces terminates.
4. **Architecture**- MPSEDCWAN solution supports Flat / 2 tier architecture.
5. **Flat Architecture** - . All POP's and the new horizontal clients added will be connected to the State HQ
6. **Connectivity** – MPLS L3 & L2 VPN (existing), if required at POP ILL connectivity can be planned if found suitable by MPSEDC.

Broadband, 4G, MPLS Last hop, FTTH etc.. with the best available coverage and the cost effective as compared to existing mode of connectivity for horizontal clients if the requirement for the connectivity is shared by MPSEDC with the successful bidder, successful bidder has to regularly

submit the recommendations based on feasibility and cost effective modes of transport for POP's and horizontal connectivity.

6. Scope of Work

Overall areas under the scope:

- Network Operations and Maintenance
- Power Availability
- POP physical infrastructure maintenance including firefighting measures
- POP cooling and temperature maintenance

6.1 The overall SoW includes the following:

- 6.1.1 Complete end-end Operation, monitoring and maintenance of MPSWAN network.
- 6.1.2 Integrate, monitor & maintain PoP connectivity
- 6.1.3 Bandwidth availability at SWAN PoP centers
- 6.1.4 Ensure the network availability to maintain uptime of network for achieving Six Sigma standards
- 6.1.5 Provisioning of UPS / alternate source of power for maintaining the uptime
- 6.1.6 Compliance to Cert-In advisories
- 6.1.7 Maintenance of Air Conditioning units at POP.
- 6.1.8 Maintenance of POP infrastructure like wall paints, ceilings, water seepage, Doors, Windows, fire extinguishers etc.
- 6.1.9 Provisioning and maintenance of Fire fighting equipment at POP
- 6.1.10 Ensure uptime as per Service Level Agreement
- 6.1.11 Fully Automate the generation of tickets with time bound hierarchy which will escalate the ticket to higher management of MPSEDC after the defined time frame.
- 6.1.12 Integration of required links and networking components
- 6.1.13 Co-ordination with vendors in order to achieve time bound resolution of the issues
- 6.1.14 Integration, Monitoring & Maintenance of Horizontal connections at PoP
- 6.1.15 Track MPSWAN project issues, risks and present the status to MPSEDC

- 6.1.16 Manage Acceptance testing and its co-ordination for MPSWAN
- 6.1.17 Provide site commissioning reports
- 6.1.18 Ensure assured availability of the bandwidth and interconnectivity
- 6.1.19 Implement security policies as per MeITY/GoMP Guidelines
- 6.1.20 Ensure compatibility of networks at the POPs and their interoperability/ connectivity with SWAN authorized by MPSEDC
- 6.1.21 Prepare and maintain the List of equipment installed at all POPs.
- 6.1.22 Ensure full co-operation and co-ordination with Implementation Agency for e.g. SDWAN deployment agency, BSP's, ISP's, Horizontal Service Providers, AMC providers etc.
- 6.1.23 Ensure resolution of the issues
- 6.1.24 Provide single point of contact for entire SWAN Services.
- 6.1.25 Preparation of usage reports of the components / links of the network.
- 6.1.26 Monitor the Bandwidth failures.
- 6.1.27 Managing and monitoring MPSWAN network on (24 * 7 * 365) for Network and Facilities of MPSWAN including:
 - i. Network management
 - ii. Link management
 - iii. Fault / incident management
 - iv. Problem Management
 - v. Change Management
 - vi. Vendor Management
 - vii. Help desk Management
 - viii. Configuration Management
 - ix. Release Management
- 6.1.28 Overall link management includes:
 - i. Fault Detection
 - ii. Centralized call logging
 - iii. Physical Testing for link quality
 - iv. Fault resolution to meet QoS defined in SLA.
- 6.1.29 Key Activities in Managing Power Availability at PoP Locations:
 - i. Assessment of Power Infrastructure:

Evaluate existing power arrangements at each PoP site, including grid connectivity, load capacity, and stability, to ensure compliance with operational requirements.
 - ii. Installation of Reliable Power Systems:

Deploy suitable electrical infrastructure including Main Distribution Boards (MDBs), UPS systems, inverters, stabilizers, and earthing mechanisms to ensure continuous and stable power supply.

iii. Backup Power Management:

The Service Provider shall procure and install **new UPS systems with Li-Ion batteries or other solid state batteries other than Lead Acid Batteries and suitable mounting arrangement at POP like rack etc.** as per the technical specifications provided in **Annexure-V**. The newly supplied UPS systems shall be **integrated with the existing UPS infrastructure**, and both new and existing UPS systems shall operate in a coordinated manner to ensure uninterrupted power availability and maintain network uptime as per SLA.

Alternate backup sources such as DG sets or solar backup systems shall also be maintained, wherever applicable, to ensure seamless power continuity during grid outages.

iv. Power Quality Monitoring:

Monitor input voltage, frequency, and phase conditions through remote power monitoring systems or NMS integration to detect and rectify anomalies such as low voltage, surges, or harmonics. The battery health should be monitored and at any time the battery should not be less than 70%, the battery health reports should be submitted at the time of submitting the quarterly invoices for the payment of each POP and same will be verified by TPA/MPSEDC.

v. UPS & Battery Health Monitoring and Reporting:

a. The Service Provider shall provide a centralized, web-based UPS & Battery Monitoring System for real-time monitoring of all deployed Online UPS systems. All UPS devices shall support SNMP-based monitoring and shall be discoverable in a centralized NMS of MPSWAN for monitoring from the MPSWAN NOC.

- b. The system should have the **capability to verify live UPS and battery status at any time.**
- c. The system shall display live UPS parameters including:
- UPS operating status
 - Backup runtime remaining
 - Load level (%)
 - Earth-to-neutral voltage
- d. The solution shall provide online battery health monitoring including:
- Battery capacity
 - Charging/discharging status
 - Estimated backup time
- e. A live graphical dashboard shall be provided displaying:
- Battery health and load level gauges
- f. The system shall generate real-time alerts for:
- Battery low condition
 - Overload
 - Power failure
- g. The dashboard shall support historical data storage, trend analysis, and automatic report generation without manual intervention.
- h. The Service Provider shall ensure continuous monitoring of UPS battery health. The battery health shall not fall below 70% State of Health (SoH) at any time. Quarterly Battery Health Reports shall be submitted along with invoices for each PoP and shall be subject to verification by TPA / MPSEDC. Non-compliance shall attract SLA penalties.
- v. Preventive and Predictive Maintenance:
Schedule regular inspections, load tests, and maintenance of power equipment (UPS batteries, DG sets, cables, and switches etc.) to prevent unplanned outages.
- vi. Energy Efficiency Optimization:

Implement power-saving practices and energy-efficient equipment (low-loss UPS, LED lighting, temperature-controlled ventilation) to minimize operational costs and thermal load.

vii. Monitoring and Alert Mechanisms:

IP enabled power management systems to be deployed at each POP for monitoring the power status in NOC.

Integrate power parameters into the Network Management System (NMS) for real-time tracking of uptime, consumption, and fault alerts.

Ensure automated notifications to the NOC for any power failure events.

viii. Coordination with Utility Providers:

Liaise with local electricity boards or DISCOMs for reliable grid power availability and resolution of outages or supply fluctuations.

ix. Documentation and Reporting:

Maintain comprehensive logs of power uptime, outages, energy consumption, usage hours, and maintenance activities for SLA verification, performance audits, and reporting to MPSEDC/TPA teams.

- 6.1.30 Coordination with Bandwidth provider with verbal and written communications to ensure Service levels are maintained.
- 6.1.31 Provide regular MIS reports relating to the uptime, downtime on weekly, monthly and Quarterly basis. The reports should be comprehensive for systems and hardware availability and performance and SLA compliance.
- 6.1.32 Schedule Preventive maintenance of infrastructures and facilities on regular intervals, in consultation with MPSEDC.
- 6.1.33 Maintain suitable infrastructure, policies and procedures and manuals to efficiently perform Operation & Maintenance (O&M).
- 6.1.34 Implement the policies and procedures created to effectively operate the MPSWAN Network Operating Centre.

- 6.1.35 Maintenance and integration of EMS to generate real-time fault and performance reports.
- 6.1.36 Use standardized forms and checklists, as needed, to repair and restore in case of an outage and for other procedures feasible.
- 6.1.37 Ensure that appropriate reporting along with escalation mechanism to inform client & other users for downtime, outages and criticalities.
- 6.1.38 Ensure, with best possible effort basis, that the network security is not compromised and adequate security policies, procedures and compliance requirements are in place for continuous monitoring and reporting.
- 6.1.39 Ensure that Confidentiality, Integrity and Authenticity (CIA) of the GoMP and its Citizen's data is maintained being MPSWAN declared as protected systems.
- 6.1.40 NMS & Helpdesk tools are Darpan and Saran developed by C-DAC used in MPSWAN, successful bidder can use these tools as NMS and helpdesk tool and get all the clarifications needed directly from C-DAC being an openly available tools based on requirements in the tender document.
- 6.1.41 The successful Bidder shall either configure/manage existing tools or procure/implement the required tools (Hardware & Software), without any additional cost to MPSEDC and if any new tool/device is deployed in MPSWAN network by MPSEDC is the responsibility of successful bidder to configure, manage and maintain without any additional cost to MPSEDC.

6.2 Recommendations to MPSEDC on ongoing issues

- 6.2.1 Requirements of Last Mile Connectivity between POPs and users.
- 6.2.2 Dynamic allocation of bandwidth
- 6.2.3 Feasibility study, to provide SWAN connectivity to the new users.

6.3 Core service requirements

- 6.3.1 Network monitoring and Management for end-end SWAN including Network, Security, Voice, Video and SDWAN Infrastructure.
- 6.3.2 Managing Internet facility for SWAN.

- 6.3.3 Management of the deployed network monitoring and ticketing tools
- 6.3.4 Bidder would enable the auto ticketing in the NMS tool and the ticket generation would be completely automated for vertical and horizontal links.
- 6.3.5 The auto-ticketing has to enabled for internet and intranet based application.
- 6.3.6 Monitoring of the Helpdesk tool and ticket lifecycle management
- 6.3.7 Providing hardware break-fix support for all in scope network & security devices, Servers, UTM, Controllers, SDWAN devices etc .
- 6.3.8 Regular health check and software upgrades for all in scope network & security devices, Servers, UTM, Controllers etc.
- 6.3.9 The MPSWAN Network Operating Centre (NOC) Operator shall maintain and configure quality of service parameters on network for end-to-end QoS for voice, video and other critical traffic over the network at SHQ.
- 6.3.10 The MPSWAN Network Operator shall aim to achieve innovation in service conceptualization, design and delivery in a cost effective manner.
- 6.3.11 Preventive maintenance, carrying out the necessary repairs and replacement of parts wherever and whenever needed to keep the performance levels of the hardware and equipment in tune with the requirements of the SLA. Such preventive maintenance shall be attended after taking downtime approval.
- 6.3.12 Ensure bandwidth availability as per Service level indicators defined in SLA for MPSWAN
- 6.3.13 Smooth transitioning from the existing FMS operator.
- 6.3.14 Routine inspection of main electrical panels, circuit breakers, and distribution boards for loose connections, overheating, or wear and tear and its necessary break-fixes.
- 6.3.15 Regular UPS system testing, including battery health checks, electrolyte level inspection, and load tests.
- 6.3.16 Verification of earthing and lightning protection systems to ensure safe discharge paths and compliance with electrical safety norms.

- 6.3.17 Regular maintenance of air conditioning units (split/precision type) — cleaning filters, checking refrigerant pressure, and ensuring proper airflow.
- 6.3.18 Ensuring ventilation ducts and exhaust fans are operational and dust-free.
- 6.3.19 Network and Rack Infrastructure
- 6.3.20 Inspection and cleaning of network racks, patch panels, and cabling to prevent dust accumulation and maintain proper airflow.
- 6.3.21 Verification of cable labeling, routing discipline, and strain relief to avoid damage.
- 6.3.22 Ensuring rack grounding and proper load balancing across power distribution units (PDUs).
- 6.3.23 Regular testing of connectivity and uptime for active network devices hosted at PoP.
- 6.3.24 Inspection of smoke detectors, fire alarms, and fire extinguishers for proper functioning and expiry date compliance.
- 6.3.25 Conducting mock drills and ensuring availability of emergency contact numbers on-site.
- 6.3.26 Routine cleaning of PoP rooms to maintain a dust-free, controlled environment.
- 6.3.27 Checking for water leakage, seepage, or roof damage, especially during monsoon season.
- 6.3.28 Inspection and maintenance of doors, windows, locks, and access control systems to ensure physical security.
- 6.3.29 Ensuring adequate illumination, proper cable tray management, and pest control measures.
- 6.3.30 Maintenance of flooring, false ceiling, and insulation panels for safe operation and aesthetics.
- 6.3.31 Verification of all environmental sensors (temperature, humidity, smoke, power) integrated with the NMS/EMS.
- 6.3.32 Ensuring real-time alert systems are functional and reporting correctly to the NOC.

6.3.33 Maintaining event logs and alarm registers for incident tracking and escalation.

6.3.34 Below are some of the daily activities of POP Network engineer:

6.3.34.1.1 Network monitoring, management, implementation and troubleshooting

6.3.34.1.2 Physical verification of POP status every week and to mark his/her attendance from the site of visit.

6.3.34.1.3 Preventive maintenance of the POP

6.3.34.1.4 Troubleshooting and Follow-up with BSP's

6.3.34.1.5 Troubleshooting and Follow-up for Horizontal Connectivity issues

6.3.34.1.6 Intimate MPSEDC for the relevant issues and co-ordination

6.4 Team Mobilization

The successful bidder shall submit a manpower deployment schedule within 1 week of acceptance of the LoI. The successful bidder shall deploy manpower, as stated in Delivery Period, as per the table from the date of acceptance of Letter of Intent (LoI).

The manpower deployment schedule shall detail out roles and responsibilities of all the proposed resources vis-à-vis the project activities and deployment date of the manpower.

The successful bidder shall constitute, **within 4 weeks after the acceptance of LOI (T0+4 weeks)**, a Transition Team from the required resources at the SHQ, for the planning and transition phase. This team shall be responsible for overall project execution, monitoring, documentation, reporting requirements related to the project and supervision of transition process. The team shall comprise of at least one project manager, Network Expert and Network Specialist, Helpdesk Engineers.

The successful bidder shall submit a manpower deployment report to the Project Director MPSEDC on weekly basis. This report shall include the details (Qualification & Experience) of manpower deployed at PoPs by the successful bidder and schedule of deployment of manpower at rest of the PoPs. The transition team and the nodal officer of Purchaser shall monitor, coordinate

and report the activities. The transition team will plan the KT sessions from the existing service provider.

MPSEDC shall provide access to Network Operating Centre (NOC) at SHQ to the successful bidder with basic facilities like electricity and backup, appropriate sitting facility etc.

6.5 Handover of AMC to the new successful bidder

Successful bidder shall submit a transition plan within 4 weeks after acceptance of LoI (T0+4 weeks). Any change, if suggested by the Purchaser in the transition plan, shall be accommodated by the successful bidder.

The transition plan shall include a comprehensive schedule for handover of AMC from MPSEDC to the successful bidder and site wise handover schedule of PoP operations to the successful bidder. The handover process shall commence only after confirmation of deployment of manpower. Deployment of manpower shall be verified by authority designated by MPSEDC. The transition team at SHQ shall facilitate the process.

Responsibility of administering the AMC during day to day activities lies with the successful bidder.

6.6 Handover of Spare Inventory

The spare inventory shall be handed over to the successful bidder by the existing network operator.

The successful bidder shall decide the strategic location for keeping spare inventory at various PoPs. The handover activity shall include physical verification and handover of:

- Spare equipment
- AMC of the spare equipment details will be provided by MPSEDC
- After the handover, the successful bidder shall submit a letter to MPSEDC stating the equipment detail of the handed over inventory. This letter has to be submitted within 6 weeks of acceptance of LoI (T0+6 weeks)
- The URL for tentative inventory list of MPSWAN equipment is listed below:
<https://mpswan.gov.in/downloads/Tentative%20Inventory%20List%20of%20MPSWAN.pdf>

6.7 Handover of POP Operations

The site-wise transition schedule from existing to the successful bidder shall be drawn-up by the successful bidder in consultation with the Purchaser. During the transition, the successful bidder shall share a weekly status report depicting the incremental PoPs transitioned through a transition status report.

The successful bidder shall share a transition status report on a weekly basis with the MPSEDC starting the commencement of transition as per site-wise transition schedule. This report shall include information on the PoPs transitioned to the successful bidder and schedule for transitioning of rest of the PoPs. The indicative schedule is to be submitted along with technical proposal having all the devices transitioning details of MPSWAN network.

Handover of a PoP shall be deemed successful only after successful completion of below activities:

- Inventory check of IT and Non-IT equipment at POP
- Deployment of manpower (Details of manpower deployed which shall include Name, contact details etc)

The weekly transition status report shall comprise status of above activities at all the PoPs.

6.8 Operations and Maintenance

The successful bidder shall adhere to the Service Level Agreements (SLA) as specified and is required to provide the support services during the 5 years of operations & maintenance phase. The successful bidder shall monitor the health of the network using Network Management System and other means as required. The ownership of the spare inventory provided by MPSEDC shall remain with MPSEDC.

6.9 Network Operations & Management

Successful bidder shall provide network management services using the Network Management System for end-to-end management of the network. This includes providing effective communication between all terminals of SWAN for Data, Video, VoIP, Video Conferencing, Internet, Security and E-mail etc. and any other applications etc. at all PoPs and horizontal offices.

The successful bidder shall use Network Management System to monitor the WAN links and Remote Infrastructure Management (RIM). The NMS shall also

be used for monitoring all the WAN & LAN equipment up to the respective PoPs and horizontal offices connected to MPSWAN.

The NMS used in the monitoring system shall be used for generating the SLA reports and monitoring of the LAN & WAN links and other networking equipment of MPSWAN. The successful bidder shall be responsible for providing complete access to the Purchaser or its nominated agency for the NMS tool deployed for this engagement.

The successful bidder shall facilitate the initiatives taken by MPSEDC for upgradation/enhancement of MPSWAN.

6.10 Bandwidth Management

Bandwidth management involves process of measuring and controlling the communications (traffic, packets) on a network link, to avoid filling the link to capacity or overfilling the link, which would result in network congestion and poor performance of the network.

The successful bidder shall have the responsibility to manage the bandwidth provided by ISP/TSP for MPSWAN so as to ensure optimum utilization.

6.11 Security Solutions & Services

The successful bidder is responsible to operate and manage the security of SWAN which involves the operation and management of multiple security devices present in SWAN network for e.g. perimeter UTM device, SDWAN security devices etc...

Successful bidder shall monitor the security of the network and submit deliverables like Denial of Service Attack Log, Intrusion Log, Compromise and defacement log etc. Successful bidder shall ensure the compliance of Cert-In advisories issued during entire contract duration.

The successful bidder shall be required to provide comprehensive support to the department during the Third Party Audit, Security Audit, Audit of Tools etc. The successful bidder shall be responsible in getting the required readiness built in the network during audit for security solutions.

The Purchaser reserves the right to inspect, monitor and assess the progress and performance of the project either itself or through another designated agency as it may deem fit, throughout the course of the Contract. The

Purchaser may demand and upon such demand being made, the Purchaser shall be provided with any document, data, material or any other information which it may require, to enable it to assess the progress of the project.

The Purchaser shall also have the right to conduct, either itself or through another agency as it may deem fit, an audit to monitor the performance by the successful bidder of its obligations/functions in accordance with the standards committed to or required by the Purchaser and the successful bidder undertakes to cooperate with and provide to the Purchaser/ any other agency appointed by the Purchaser, all Documents and other details as may be required by them for this purpose.

Any deviations or contravention identified as a result of such audit/assessment would need to be rectified by the successful bidder failing which the Purchaser may, without prejudice to any other rights that it may have issue a notice of default.

6.12 Facility Management Services

The successful bidder shall deploy manpower at the PoPs based on requirement analysis. The locations of the PoPs have been mentioned in Appendix-II.

The staff deployed by successful bidder shall be trained and well versed on desktop, printers & other peripherals, network troubleshooting, ITIL processes. The manpower shall work with the OEM vendors and bandwidth service providers for proper operations of the network. The qualification, role and responsibility of the manpower shall be as mentioned in this RFP

The staff deployed at CHQ/DHQ/BHQ PoPs shall also be responsible for monitoring and maintenance of horizontal connectivity which would also include facilitating rectification of faults and working with various departments utilizing horizontal connectivity, bandwidth providers, MPSEDC officials etc.

In case there is a need for re-location of any of the MPSWAN PoPs, the successful bidder shall ensure proper re-establishment and configuration of PoP equipment as per the directions and support from MPSEDC.

Depending on the requirements of MPSWAN, MPSEDC may decide to increase the number of CHQ/DHQ/BHQ PoPs during the life of the contract. The

successful bidder shall provide additional manpower to be deployed at these PoPs.

The maximum change in the manpower deployed at the SHQ in any one financial year shall not exceed 3 resources. Any additional change of the resources during a financial year at the SHQ level shall be subject to levy of penalty of resource replacement.

The only exceptions allowed are:

- a) The resource separates from the successful bidder's organization
 - b) The resource is changed at the request of the Purchaser
 - c) The resource is not able to attend office due to prolonged sickness or death
- All additions, removal and replacement of manpower at CHQ, DHQ and BHQ level shall be done with the prior approval of the Purchaser.

6.13 Helpdesk Management Services

MPSWAN has as a part of the NMS, a comprehensive Helpdesk Management System to enable the support staff to provide reliable infrastructure support services. In all, Helpdesk comprises of Helpdesk tool, policies, helpdesk personnel along with supporting people.

Manpower deployed at the helpdesk shall log calls regarding the queries / complaints of MPSWAN users. The service desk tool has the capability for auto ticketing through SMS/E-mail. MPSEDC will reimburse the associated charges of SMS gateway. The tool also has the capability of manual ticketing. The successful Bidder shall either configure existing tool or procure/implement a helpdesk tool, without any additional cost to MPSEDC. This tool shall have facility which allows user to log ticket using internet, email, telephone call and SMS. User shall be able to log ticket using any of these options.

Helpdesk tool, if required shall be developed/ implemented by successful bidder in consultancy with MPSEDC.

6.14 Overall Comprehensive Maintenance

The successful bidder shall have the responsibility to administer the AMC of the network components. The successful bidder shall plan and conduct periodic preventive maintenance of all the components of the project and

share preventive maintenance reports on quarterly basis with the Purchaser. The format for the maintenance reports have to be prepared by the Transition Team and approved by the MPSEDC.

The Successful bidder shall keep minimum maintenance equipment as mentioned. The preventive maintenance shall include, but not limited to, below activities:

1. Maintenance and Monitoring of POP Equipment
2. Maintenance of POP civil infrastructure and power resources
3. Maintenance of structured cabling with its proper labelling and dressing.
4. Asset tagging
5. Maintenance of inventory register
6. Follow-up for maintenance of UPS/DG Sets/Solar systems etc, Network Equipment, RF Equipment, Air Conditioning units, Fire fighting equipment etc..
7. Maintenance of Earthing and lightning protection and other active and passive components.

The successful bidder shall intimate MPSEDC regarding the equipment nearing end of life, end of sale, end of support at least four months in advance. Procurement of such equipment shall be done by MPSEDC.

6.15 Detailed reporting from Network Operator

The MPSWAN Network Operator shall submit to the Client (MPSEDC), the following reports:

- **Weekly report with the following information:**
 - SLA Compliance for past 7 days Uptime and Downtime reports
 - Outages reports
- **Monthly status report with the following information:**
 - SLA Compliance for past 30 days
 - Summary SLA Compliance for past 30 days
 - Uptime and Downtime reports for past 30 days and summary e. Outrages reports for past 30 days and summary
 - Preventive maintenance performed
 - Corrective maintenance performed

- Link Speed report
- New users of the network – Summary
- Services added during the month
- Issues Requiring Client intervention
- Power Availability reports
- **Manpower Attendance during the month for SHQ,CHQ & DHQ**
- **Quarterly report with the following information**
 - SLA compliance for the quarter summary
 - Uptime, Downtime and Outages – Summary
 - Preventive Maintenance scope of work for next quarter
 - Action items on help desk services to be implemented
 - Productivity Reports
 - New users & services in the network.
- **Detailed Availability and Performance Reports as mentioned below:**
 - Device Performance (Router, Switch, Security Device)– CPU and Memory utilized
 - Link Input/ Output Utilization (percentage, bps, kbps, mbps/sec) – MPLS Links,Lease Line, RF, Trunks between Switches c. Link errors (lease lines, trunks, RF etc)
 - Network Latency
 - Server and Infrastructure services statistics
 - Trend report based on Historical Information
 - Top N report
 - Battery status reports
- **Custom report**
 - Network Jitter
 - Packet Loss
 - Latency
 - CPU Utilization

- Memory Utilization

7. Service Levels & Penalties

Services will be performed using generally recognised commercial practices and standards. MPSEDC will issue / provide prompt notice of any such services concerns and vendor will re-perform any service that fails to meet this standard.

a. Service Level Agreement (SLA) Criteria

1. The SLA shall be monitored by Team MPSEDC and reports/status of the same should be provided to the concerned department during the payment process.
2. Maximum cap for the penalty would be 10% of the Total order value which is over and above the penalty imposed for deployment. Once the maximum penalty is reached, the department may consider termination of the contract and/or invoking of the Performance Bank Guarantee.
3. Exceptions on enforcing the SLA and other penalty clauses will be made only in case of Force Majeure situations or in exceptional circumstances at the discretion of MPSEDC.

The successful Bidder shall be bound by various SLAs as specified below. The total penalties imposed due to non-adherence to SLA specified below shall not exceed 10% of the QGR. If the penalty in two consecutive quarter's equal's specified limit of 10 % of QGR respectively on account of any reasons, MPSEDC may be deem this event to be an event of "default" leading to possible termination of the contract.

Table 1 : MPSWAN Vertical Network is divided into following groups/levels

S.No	Group #	Severity level	Description
1	Group 1	Severity level-1	SWAN devices for end-end connectivity in SHQ.
2	Group 2	Severity level-2	SWAN devices at POP (District HQ and Block HQ).

3	Group 3	Severity level-3	Hardware, Software and Services of SWAN (CPE) at Horizontal Clients.
---	------------	---------------------	--

Table 2: Response and Resolution times of faults during PBH

S. No	Severity Level	Response Time (in Minutes)	Resolution Time excluding response time (in Minutes)
1	1	30	120
2	2	30	240 Note: However emergency / crash calls from MPSWAN premium clients which are solely dependent on MPSWAN at all locations their reporting issues shall be attended immediately but not later than a period of 4 hours. Premium clients are the government department which are solely dependent on MPSWAN connectivity running the critical services of the state. Premium Clients of MPSWAN are: IGRS, CTD, Treasury, CCTNS,CLR, MPPTCL, Courts and Jails.
3	3	60	Within PBH of next working day.

Table 3: Response and Resolution times of faults during NPBH

S. No	Severity Level	Response Time (in Minutes)	Resolution Time excluding response time (in Minutes)
1	1	60	180
2	2	120	300
3	3	240	within PBH of next working day

PENALTIES FOR RESPONSE AND RESOLUTION TIME

Penalties shall be imposed on time taken to respond/ resolve the calls in addition to the SLAs mentioned in Table 2 and Table 3:

S. No	Severity Level	Response Time Penalty per incident	Resolution Time Penalty per incident
1	1	Rs.2000 for delay of every additional thirty minutes	Rs.3000 for delay of every additional One hundred and Eighty minutes (180 min).
2	2	Rs.1000 for delay of every additional Sixty Minutes (60 Mins)	Rs.2000 for delay of every additional Two hundred and forty minutes (240 min).
3	3	Rs.500 for delay of every additional Sixty Minutes (60 Mins)	Rs.1000 for delay of every additional Three hundred and Sixty minutes (360 min).

PENALTIES FOR DOWNTIME

Network availability is defined as {Total time in a quarter (in minutes) less total down time (in minutes)} as a percentage of total time in the quarter. The network is considered available when all the services in full capacity are available.

Successful bidder shall take at least 5 days prior approval from MPSEDC for the network maintenance i.e. planned downtime and it shall be allowed only during Saturday or Sunday night between 12 mid night to 4 am. Total planned downtime allowed in a month shall be 4 hrs ONLY. Planned downtime of more than 4 hrs in

a given month shall be considered as network downtime and penalties shall be levied as per the penalty clause.

Additional down time can be allowed only in special circumstances with prior approval.

Downtime percentages shall be calculated for CHQ/DHQ and BHQ level for PBH and NPBH separately.

PBH=Prime Business Hours ((0800 to 2000 hrs) Monday to Saturday throughout the Quarter)

NPBH=Non- Prime Business Hours ((2000 to 0800 Hrs) 07 days a week including Sundays full time throughout the quarter.)

Downtime percentage for PBH(%)= (Total Downtime during PBH)x100

Total PBH Time in a quarter

Downtime percentage for NPBH(%)= (Total Downtime during NPBH)x100

Total NPBH Time in a quarter

Uptime Percentage (%) = 100 - Downtime percentage (%)

Successful bidder is expected to maintain network availability as explained below:

Minimum Uptime Requirement and Penalty associated with the SWAN solution to be ensured by the successful bidder

Table 4: Downtime Penalties

PoP Type	PBH [8:00 AM to 08:00 PM]		NPBH [08:00 PM to 8:00 AM]	
	Uptime	Penalty	Uptime	Penalty
SHQ	99.9% or better	NIL	99% or better	NIL
	≥ 99.5% and <99.9%	0.5% of SHQ QGR	≥ 98.5% and <99%	0.5% of SHQ QGR
	≥ 99% and <99.5%	Additional 1% of SHQ QGR for	≥ 98.5% and <98%	Additional 1% of SHQ QGR for

		every% down time		every% down time
	≥ 99% and <98.5%	Additional 3% of SHQ QGR for every% down time	≥ 98% and <97.5%	Additional 3% of SHQ QGR for every% down time
	≥ 98.5% and <98.3%	Additional 5% of SHQ QGR for every% down time	≥ 97.5% and <97%	Additional 5% of SHQ QGR for every% down time
	<98%	Additional 30 % of SHQ QGR for every % down time	<96.5%	Additional 30 % of SHQ QGR for every % down time
CHQ/DHQ/BHQ	99% or better	NIL	97% or better	NIL
	≥ 98% and <99%	1% of CHQ/DHQ/BH Q QGR for every% down time	≥ 95% and <97%	1% of CHQ/DHQ/BH Q QGR for every% down time
	≥ 98% and <97%	Additional 2% of CHQ/DHQ/BH Q QGR for every% down time	≥ 95% and <93%	Additional 2% of CHQ/DHQ/BH Q QGR for every% down time
	≥ 97% and <96%	Additional 3% of CHQ/DHQ/BH Q QGR for every% down time	≥ 93% and 90%	Additional 3% of CHQ/DHQ/BH Q QGR for every% down time
	≥ 96% and ≤95%	Additional 5% of CHQ/DHQ/BH Q QGR for every% down time	≥ 90% and ≤85%	Additional 5% of CHQ/DHQ/BH Q QGR for every% down time
	If uptime is less than 95%	No payment for that POP for that period including manpower charges for that POP	If uptime is less than 85%	No payment for that POP for that period including manpower charges for that POP
	97% or better	NIL	90% or better	NIL

Horizontal Offices				
	≥ 95% and <97%	0.5% of Horizontal Offices for every% down time	≥ 90% and <85%	0.5% of Horizontal Offices QGR for every% down time
	≥ 95% and <93%	Additional 2% of Horizontal Offices for every% down time	≥ 85% and <80%	Additional 2% of Horizontal Offices QGR for every% down time
	≥ 93% and 90%	Additional 3% of Horizontal Offices QGR for every% down time	≥ 80% and <75%	Additional 3% of Horizontal Offices QGR for every% down time
	≥ 90% and 88%	Additional 5% of Horizontal Offices QGR for every% down time	≥ 75% and <72%	Additional 5% of Horizontal Offices QGR for every% down time
	<85%	Additional 10% of Horizontal Offices QGR for every 2% down time	<70%	Additional 10% of Horizontal Offices QGR for every 2% down time

Note:

If network is down because of reasons not attributable to successful bidder like, fault in network provided by bandwidth provider, Successful bidder shall apprise MPSEDC within same day for all such events specifying the root cause of such downtime and duration of down time. For every such downtime related issue, the respective ticket shall be updated stating the reason for downtime with supporting documents.

The successful bidder shall also submit these supporting documents along with the quarterly invoice for exemption in SLA.

b. Additional QoS parameters SLA for SWAN setup:

Packet Loss:

Packet loss between SHQ and connected SWAN PoPs should be less than OR equal to 1% across MPSWAN network.

Packet Loss reports would be polled from the NMS.

Additional Recommendation:

- If packet loss% is more than 1% of the defined value then penalty amount would be equivalent to the 5% of each increment of 1% of the per POP amount meaning 2% of packet loss would impose the penalty of 5% and would proportionately increase based on the percentage of packet loss beyond permissible limits defined in RFP. Maximum penalty to be imposed is 10%.
- If the BSP has not been updated/case raised and issue persists beyond 24 hours, then the penalty would be imposed.

Exclusion Parameters:

- Congestion of all available links, if the congestion has been observed as an average value of all available WAN links and reached the threshold continuously for one week and reported utilization in TPA reports for all available links then no penalty would be imposed on Network operator.
- If the congestion has not been observed but the WAN link is not performing as per required specification, then valid evidence of BSP intimation has to be provided.

Latency:

Latency between connected CHQ/DHQ, BHQ POPs and SHQ POP should be less than OR equal to 40 ms across MPSWAN network.

Additional Recommendation:

TPA shall calculate the penalty for Latency as per timelines defined in RFP.

- If the latency remains above 40 ms for more than 24 hrs and not identified, then the Penalty of 5% per POP location would be imposed.
- Penalty figure will be 5% on cumulative amount of POP paid to the successful bidder as per RFP.
- Maximum penalty to be imposed is 10%.

Exclusion Parameters:

- If the issue is with BSP then call has been logged with BSP valid evidence to be produced.

- If the issue is with Utilization of Link then corresponding utilization of available links has to be produced which must be in proportion of the Bandwidth and the utilization threshold values defined as per RFP.

Capacity and Performance Management

The successful bidder shall provide capacity planning services through network base lining and trending, to determine the resources required for SWAN and to plan and complete network upgrades before a capacity problem causes SWAN down time or performance problems. In addition to availability, latency and packet loss, successful bidder shall monitor the network and dependent infrastructure (resource) utilization during successive time periods (hour, day, week, month, and year) and shall provide recommendations to State government on SWAN infrastructure optimization. Successful bidder shall perform the planned network upgrades with prior notification to the departments/users in the network segment (s) affected by the planned outages. Successful bidder should ensure that all the planned outages are performed only in the NPBH Hours and only the emergency upgrades are performed in the Prime Business Hours.

The overall responsibility of ensuring the SWAN performance rests with the successful bidder and the following are critical areas in performance management which shall be monitored by the successful bidder on a constant basis.

- CPU utilization
- Memory utilization
- Link/ Bandwidth Utilization

CPU Utilization

CPU is used by both the control plane and data plane on any network device. In capacity and performance management, successful bidder must ensure that the device and network have sufficient CPU capacity to function at all times. Successful bidder shall monitor the CPU utilization of the network components implemented, In case the average CPU utilization is above 70 % on a continuous basis, successful bidder shall perform the diagnostic review of the device and provide recommendations on addressing the issue. Successful bidder shall own the overall responsibility of the performance and shall accordingly escalate any performance related issues to the MPSEDC.

Additional Recommendation:

If the CPU utilization is observed in weekly performance report above threshold values defined in RFP.

Network operator will immediately take action and submit the analysis report.

Network operator will share the remedial action required based on the configuration of network devices across all the segments of MPSWAN defined in RFP.

- If the CPU utilization remains at 70% and above in the consecutive weekly performance report of the penalty would be imposed as 5% of the associated POP amount for DHQ/CHQ/BHQ.
- If it has been repeated at SHQ Routers/Switches/Firewall or Servers, the penalty amount would be 7% of the cumulative payment of SHQ.

Exclusions in Penalty parameters:

- Only One week after the delivery of report.
- Any key process which is critical for the MPSWAN operations and utilizing the CPU of the identified device and no other alternate way of achieving the same objective which requires the valid technical justification from Network Operator and approval from the Project Director SWAN

Memory Utilization

Memory is another resource that has data plane and control plane requirements. When devices run out of memory, operations on the device can fail. In case the average memory utilization is above 70 % on a continuous basis, Successful bidder shall perform the diagnostic review of the device and provide recommendations on addressing the issue. Successful bidder shall own the overall responsibility of the performance and shall accordingly escalate any performance related issues to the MPSEDC.

Additional Recommendation:

If the memory utilization is observed in weekly performance report above threshold values defined in RFP.

Network operator will immediately take action and submit the analysis report.

Network operator will share the remedial action required based on the configuration of network devices across all the segments of MPSWAN defined in RFP.

- If the memory utilization remains at 70% and above in the consecutive weekly performance report the penalty would be imposed as 5% of the associated POP amount for DHQ/CHQ/BHQ.
- If it has been repeated at SHQ Routers/Switches/Firewall or Servers, the penalty amount would be 7% of the cumulative payment of SHQ.

Exclusions in Penalty parameters:

- Only One week after the delivery of report.

- Any key process which is critical for the MPSWAN operations and utilizing the CPU of the identified device and no other alternate way of achieving the same objective which requires the valid technical justification from Network Operator and approval from the Project Director SWAN

Link/ Bandwidth Utilization

Successful bidder shall monitor the utilization of SWAN links across the segments to verify the current utilization and the trends to ensure that enough bandwidth is made available for the applications and services to function without performance issues.

Additional Recommendation:

- All the WAN links deployed at POP locations has to be proportionately utilized.
- Any available link which is 70% utilized, the other WAN links has to be proportionately utilized.
- Application aware routing and prioritization based on critical application requirements.

Exclusions in Penalty parameters:

- If all the available WAN links across all the segments of MPSWAN at single location is 70% utilized simultaneously.
- If the MPSeDC has been informed with valid justifications for the exceeding utilization of links.
- If the BSP is not able to rectify the issue, for BSP dependencies valid evidences of Care tickets has to be produce by the Network operator.

8. Instructions to the Bidders

This section specifies the procedures to be followed by bidders in the preparation and submission of their bids. Information is also provided on the submission, opening, and evaluation of bids and on the award of contract. It is important that the bidder carefully reads and examines the Tender document.

a. Availability of TENDER Document

The Tender document is available and downloadable on following websites:

<https://www.mptenders.gov.in>

Tender Fees (non-transferable & non-refundable) must be paid online at e-procurement portal (<http://www.mptenders.gov.in>).

- a) MPSEDC reserves the right to make any kind of amendments or in the terms and conditions of TENDER before the due date of submission of bid. Any change/ clarification/ corrigendum would be uploaded on the e- procurement portal. This will form a part of this Tender document
- b) MPSEDC at its discretion may extend the due date for the submission of bids.

b. Preparation and Submission of Proposal

i. Completeness of Bids

Bidders are advised to study all instructions, forms, terms, requirements and other information in the TENDER document carefully. Submission of bid shall be deemed to have been done after careful study and examination of the TENDER document with full understanding of its implications. The response to this TENDER should be full and complete in all respects. Failure to furnish the information required by the TENDER documents or submission of a proposal not substantially responsive to the TENDER documents in every respect will be at the bidder's risk and may result in rejection of its proposal. The TENDER Document is not transferable to any other bidder.

ii. Language

The bid as well as all correspondence and documents relating to the bid exchanged by the bidder and the purchaser, shall be in English language only.

iii. Preparation and Submission of Bid

The bidder is responsible for registration on the e-procurement portal (www.mptenders.gov.in) at their own cost. The bidders are advised to go through the e-procurement guidelines and instructions, as provided on the e-procurement website, and in case of any difficulty related to e-procurement process, may contact the helpline number 0120-4001 002 ,0120-4200 462 ,0120-4001 005 ,0120-6277 787. The Bidder shall submit the proposals online as described below-

- a) Proposal that are incomplete or not in prescribed format may be rejected.
- b) The Technical and Financial proposal should be submitted only through the e- procurement Portal.
- c) Technical Proposal – Scanned copy in PDF file format, signed on each page, with file name clearly mentioning: “Technical Proposal for MPSEDC Tender No MPSEDC/.../.../.....” The proposal should be as per the Technical Proposal format provided in Annexure I: Technical Proposal Formats
- d) Financial Proposal – Scanned copy in PDF file format , signed on each page, with file name clearly mentioning: “Financial Proposal for MPSEDC Tender No MPSEDC/.../.../.....”The proposal should be as per the Financial Proposal format provided in mptenders portal.
- e) Conditional proposals shall not be accepted on any ground and shall be rejected straightway. If any clarification is required, the same should be obtained before submission of the bids.
- f) Any alteration, erasures or overwriting should be valid only if the person or persons signing the bid initial them.
- g) Bidders are advised to upload the proposals well before time to avoid last minute issues.
- h) The bid has to be submitted only through online through www.mptenders.gov.in website. No physical submission of bids would be acceptable.

iv. Late Bids

Proposal after due date and time shall not be accepted.

v. Tender Validity

The TENDER offer must be valid for 180 days from the due date of submission of proposal as mentioned in this TENDER or the subsequent corrigendum (if any). However, MPSEDC in consultation with Concerned Dept. May extend this period, if the bidder accepts the same in writing.

vi. Cost and Currency

The offer must be given in Indian Rupees only. The price will remain fixed for the period of the contract and no changes for any reason what so ever will be allowed. The bidder shall bear all the costs associated with the preparation and submission of its bid, and the purchaser will in no case be responsible or liable for these costs, regardless of conduct or outcome of bidding process.

vii. Interpretation of the clauses in the Tender Document

In case of any ambiguity in the interpretation of any of the clauses in Tender Document, the MPSEDC interpretation of the clauses shall be final and binding on the bidder.

The decision taken by the MD, MPSEDC in the process of Tender evaluation will be full and final.

viii. Amendment of Tender Document

At any time prior to the deadline for submission of bids, MPSEDC for any reason, whether at its own initiative or in response to a clarification requested by a prospective bidder, may modify the bid documents by amendment. Any such communication shall be posted on website and bidders are requested to visit the e-procurement website for updates, modification and withdrawal of Offers.

ix. Deviations

The bidder shall not be allowed to make any deviation whatsoever from the terms and condition and technical specifications specified in the TENDER.

x. Earnest Money Deposit (EMD) / Bid Security

- a) The Bidder shall furnish an Earnest Money Deposit (EMD) of the amount specified in Bid Data Sheet – Schedule of the RFP as a bid security. The EMD shall be submitted either:

- i. Online through the e-Procurement portal at the time of bid submission;
or
 - ii. In the form of an unconditional, irrevocable and enforceable Bank Guarantee (BG) issued by a scheduled commercial bank, strictly in accordance with the EMD Bank Guarantee format enclosed her as **Annexure - IV** of this RFP.
- b) Where the EMD is submitted in the form of a Bank Guarantee:
- i. The validity of the Bank Guarantee shall be 240 (two hundred forty) days, comprising the bid validity period of 180 (one hundred eighty) days plus an additional 60 (sixty) days.
 - ii. The original physical Bank Guarantee shall be submitted to MPSEDC within five (5) days from the last date of bid submission.
- c) The original Bank Guarantee shall be delivered, either by hand or by post/courier, to the following address:
- To
Chief General Manager
Madhya Pradesh State Electronics Development Corporation Ltd.
State IT Centre,
47-A, Arera Hills,
Bhopal – 462011
- d) Following are the Bank Details for EMD Submission (in case of Bank Guarantee)

Beneficiary Name	Madhya Pradesh State Electronics Development Corporation (MPSEDC)
Bank Name	IDBI Bank
Branch Name & Address	Plot No 43 Opp Rang Mahal New Market T T Nagar Bhopal
Account Number	0030104000329637
IFSC Code	IBKL0000030
Swift Code	IBKL000138

- e) Non-submission of the original Bank Guarantee within the prescribed timeline shall render the bid non-responsive, and such bid shall not be considered for evaluation, notwithstanding the online submission of the bid.
- f) The EMD of unsuccessful bidders shall be refunded/released within thirty (30) working days from the date of issuance of the Letter of Award (LoA) or execution of the Agreement with the successful bidder(s), whichever is earlier.

- g) The EMD of the successful bidder shall be refunded after submission and acceptance of the Performance Bank Guarantee (PBG), in accordance with the provisions of this RFP.
- h) The EMD shall be liable to forfeiture, without prejudice to any other rights of MPSEDC, in the following circumstances:
 - i. If the Bidder withdraws, modifies, or alters its bid or quoted prices during the bid validity period or any extension thereof; or
 - ii. If the successful Bidder fails to execute the Agreement and/or submit the Performance Bank Guarantee within the time period stipulated in this RFP.

9. Qualification Criteria and Bid Evaluation

a. Evaluation Methodology

i. Tender Opening

- a) Bid Opening shall take place through the e-Procurement Portal. Online Proposals submitted along with the EMD/ Bid Security and Tender Fee (Payable Online through the portal) shall be considered for Bid opening as per the timelines mentioned in the Bid Data Sheet.
- b) In case of EMD/ Bid Security is not received as per the timeline mentioned in Bid Data Sheet, the bid submitted in e-Procurement Portal would be rejected.
- c) The EMD/ bid security will be opened at MPSEDC, in the presence of Bidders' representative who may choose to attend the session on the specified date, time and address.
- d) A maximum of two representatives from each Participating Organization would be allowed to attend the Tender Opening. The Bidder's representatives, who may choose to attend the session, can attend the Tender opening at the Date and time mentioned in the Bid Data Sheet or as per the Date and Time revised in the subsequent communication given by MPSEDC through www.mptenders.gov.in
- e) During bid opening preliminary scrutiny of the bid documents will be made to determine whether they are complete, whether required bid security has been furnished and whether the bids are generally in order.

Bids not conforming to such preliminary requirements will be prima facie rejected.

- f) To assist in the scrutiny, evaluation and comparison of offers, the MPSEDC may seek clarifications on ambiguity, if any within the ambit of submitted documents through email, facsimile. No change in the prices or substance of the bid shall be sought, offered, or permitted, except to confirm the correction of arithmetic errors discovered by MPSEDC in the evaluation of the bids.

ii. Tender Evaluation

To evaluate the Tender, the MPSEDC shall formulate a Tender Evaluation Committee (TEC) (also referred to as “Evaluation Committee”). The Evaluation Committee shall evaluate the Technical and Financial bids as per the following process:

- a) The MPSEDC will evaluate and compare the bids that have been determined to be substantially responsive.
- b) Tender Evaluation Committee shall review the Technical Proposal along with Eligibility Criteria. To assist in the examination, evaluation, and comparison of the bids, and qualification of the Bidders, Evaluation Committee may, at its discretion, ask any Bidder for a clarification of its bid.
- c) The Financial Proposals of only those Bidders who have been qualified in the Technical Proposal along with Eligibility Criteria will be opened in the presence of their representatives, who may choose to attend the session on the specified date, time and address mentioned in the Bid Data Sheet.

iii. Failure to Agree with the Terms and Conditions of the TENDER

Failure of the successful bidder to agree with the Terms & Conditions of the TENDER / Contract shall constitute sufficient grounds for the annulment of the proposal or the award, in such event MPSEDC would reject the proposal and forfeit the EMD as specified in the document.

b. Eligibility Criteria

#	Eligibility Criteria	Documents to be Provided
1.	The bidder should be a legal entity registered in India since last 5 years as on bid submission date. Valid PAN and GST Registration	Certificates of incorporation / Registration Certificates along with Bylaws/ MoA & AoA or similar legal document. PAN & GST Certificate
2.	Bidder must have successfully executed or is executing either SWAN FMS project or IT Facility Management involving manpower deployment including SDWAN technology for Government Department / PSU / PSB in last 5 financial years of following values: One project of value 35 Crores or more with minimum 300 locations in the submitted project. OR Two projects each project having value of Rs 25 Crores or more with minimum 400 locations (cumulatively) in the submitted projects. OR Three projects each having value of 20 Crores or more with minimum 500 locations (cumulatively) in the submitted projects.	Documents required in case of Completed project: Copy of work order/ Agreement and Completion certificate from Client, on client's letterhead. The document submitted should clearly mention the value and nature of work done. If the total value of the work executed is not mentioned on Work order/Agreement or Work completion certificate, then a CA certificate on letterhead along with UDIN shall be furnished clearly certifying the amount received under that project. Form 8 Documents required in case of Ongoing project:

		Copy of work order/Agreement and Letter of satisfaction from client on client's letterhead. The document submitted should clearly mention the value and nature of work done. If the total value of the work executed is not mentioned on Work order/Agreement or Client certificate, then a CA certificate on letterhead along with UDIN shall be furnished clearly certifying the amount received equivalent to the mentioned value under those projects. Form 9
3.	The Bidder must have working office in the state of Madhya Pradesh, If the vendor does not have an office in M.P. he should establish the same within one month of receiving work order. The office and Service centre of its authorized partner shall be acceptable.	Attach Registration of M.P office or declaration that vendor shall open an office in MP within three months of receiving the work order.

4.	The bidder must not be declared blacklisted or ineligible to participate for bidding by any State/Central Govt., Semi-government or PSU due to unsatisfactory performance, breach of general or specific instructions, corrupt / fraudulent or any other unethical business practices.	Self-declaration on company's letter head.
5.	The Bidder should have an average annual turnover of Rs. 100 Crores in last 3 financial years(FY 2022-23,2023-24, 2024-25) and Bidder Should have positive net worth for the last 3 years.	CA Certificate along with UDIN clearly indicating turnover in last 3 yrs and positive networkth.
6.	Bidder shall provide at least 2 client satisfaction certificates for similar service of last 5 financial years.	Copy of client certificate
7	The bidder should have following valid Certification at the time of bidding.: 1. ISO 20000 or ISO 9001 2. ISO 27001	Copy of Valid Certificates
8	The bidder should have minimum 400 full-time technical resources (Graduation in BSc (IT/CS)/BCA /BE/ B.Tech. / PGDCA with graduation or higher) at district/Block level on bidder payroll at the time of bidding. • CCIE/CISSP/CCNA or equivalent qualification or higher on bidder payroll. • Provide EPF/ESIC/HR Payroll proof.	Undertaking to be shared at the time of bid submission, whereas the complete details with supporting evidences of EPF/ESIC/HR Payroll proof and other details can be shared at the time of workorder acceptance.

9	Manufacturer Authorization Form(MAF) and Technical Compliance sheet from OEM for UPS.	Bid Specific Manufacturer's Authorization Form mentioning bid number and Technical Compliance Sheet of specifications mentioned in Form 10 & Annexure-V on OEM Letterhead with seal and signature.
10	Compliance to Labour Laws	Undertaking to be submitted attached as Annexure-VI

c. Inspection

Purchaser reserves the right to inspect the manufacturer/supplier works prior to supply. The systems supplied shall be inspected by the purchaser.

d. Technical Evaluation Criteria

Technical Proposal for only those Bidders who have submitted compliance of all equipments/items as per Technical Specification of tender and also Eligibility Criteria mentioned above would be considered for further evaluation.

e. Financial Bid Evaluation

The financial bids for technical qualified bidders will be opened. Financial bids, not substantially responsive or incomplete in any manner, are liable to be disqualified. The bidder with lowest bid value may be declared as Lowest Bidder (L1).

f. Selection of the Bidder

- a) The technically qualified bidder with L1 rate shall be the successful bidder.
- b) In the event that any successful bidder (L1) withdraws or is not ready for engagement for any reason, MPSEDC may invite the vendor with next lowest rate (L2) for engagement provided L2 bidder is ready to accept the rate quoted by L1 bidder.

g. Confidentiality

- a) Any attempt by a Bidder to influence MPSEDC in the evaluation of the bids or Contract award decisions may result in the rejection of its bid.
- b) If any Bidder wishes to contact the MPSEDC during/after opening of the Bid to award of contract. He may do so in writing.

10. Terms and Conditions Governing the Contract

i. Performance Bank Guarantee (PBG)/ Security Deposit

The Successful Bidder shall be required to submit PBG as follows

Performance Security:

The project will carry a performance guarantee for **contract period plus six months**. All charges with respect to the PBG shall be borne by the bidder. The Successful Bidder shall have to submit the PBG as per the format given on Annexure III The PBG will be discharged / returned by MPSEDC upon being satisfied that there has been due performance of the obligations of the bidder under the contract. However, no interest shall be payable on the performance bank guarantee

The guarantee may be invoked on violation of any of the condition(s) given in tender terms and conditions.

Performance security should be submitted within **15 days of receiving the work order**. The Performance Security can be in the form of Bank Guarantee of Scheduled Commercial Bank in favour of MPSEDC Ltd., Bhopal. On submission of Performance Security, EMD amount submitted will be returned.

ii. Taxes and Duties

Taxes and duties as per Financial Bid

viii. Payment

Payment shall be done by MPSEDC as per the following terms:

S.No	Payment Schedule	Amount
1	A. Manpower will be paid at the end of each quarter in equated quoted rates for the period of 5 years. B. POP Maintenance charges will be paid based on the uptime reports and battery health reports and it will be paid at the end of each quarter in equated	As per the quoted rate.

	quoted rates for the period of 5 years. Note: After the completion of each year 3% of the increment would be provided on the Manpower charges.	
2	UPS and Other Accessories and Fire-Suppression device	90% of the quoted rates mentioned in Table 4&5 of Financial Bid, On Successful Supply, Installation and Commissioning of UPS Systems and Accessories like Batteries, ATS/STS or similar etc. Remaining 10% in each QGR @.5% of the quoted rates.

The payment to the successful bidder shall be quarterly subject to satisfactory assessment done by MPSEDC for the successful bidder activities. The bill in triplicate on full supplied value (for the audit and independent monitoring) shall be submitted to MPSEDC. In case of non-satisfactory performance, a penalty of 10 % of the quarterly charges as per contract shall be deducted.

- All payments under this Agreement shall be made to the account of the successful bidder as may be notified to MPSEDC by the successful bidder within 30 working days of receiving the bills.** The bills for the purpose of payment shall be submitted to MPSEDC, Bhopal.
- All the payments shall be approved by the MPSEDC on advice of empanelled TPA of SWAN.
- The payment of Manpower and POP Maintenance Charges to the successful bidder shall be quarterly subject to satisfactory assessment done by MPSEDC on advice of empanelled TPA of SWAN for the successful bidder activities.
- The payment of UPS and associated components and Fire Suppression device will be **@90% of the quoted rates On Successful Supply, Installation and Commissioning of UPS Systems and Accessories like**

Batteries, ATS/STS or similar etc. along with Fire Suppression device and remaining 10% in each QGR @.5% of the quoted rates.

5. The time specified for delivery and other activities as mentioned in this document shall be deemed the essence of the contract. The successful bidder (s) shall arrange supplies and provide the required services within the specified period.
6. It should be noted that any delay in the project timelines should attract penalty as defined by the SLAs.

ix. Liquidated Damages and Penalties

Liquidate damages

In case the successful bidder encounters conditions that are likely to affect the timely delivery of the systems and performance of Services during the performance of the Contract, they shall promptly notify MPSEDC in writing of the fact of the delay, its likely duration and its cause(s) with justification. As soon as practicable after receipt of the successful bidder notice, MPSEDC shall evaluate the situation and may, at its discretion, extend the Successful bidder time for performance with or without liquidated damages.

Except as provided above, a delay by the successful bidder in the performance of its delivery obligations shall render the successful bidder liable to the imposition of liquidated damages pursuant to conditions of Contract.

Penalties and Service Level Agreement (SLA)

Subject to conditions of Contract if the successful bidder fails to deliver or perform the Services within the period(s) specified in Milestones indicated in Deliverables, MPSEDC shall, without prejudice to its other remedies under the Contract, deduct as penalty, a sum equivalent to 10% of the quarterly service charges as per contract

However if the delay (in all or part of deliverables) is beyond one month or the maximum penalty of 10% of the quarterly service charges as per contract is reached the contract may be terminated by MPSEDC and the Performance Bank Guarantee can be forfeited.

Penalties

For delay in deployment of resources/material and starting of work:

Penalty of Rs. 3,000/- (Three thousand) per day for each calendar day, after

the completion of one week after issuance of the work order and stated timelines, for non-starting of work/delivery of devices due to delay in deployment of resources/material.

For resource replacement / unavailability:

The resource replacement without the permission of MPSEDC is not permissible. MPSEDC has to be intimated one month in advance of resource replacement, and there must be Seven calendar days of overlap period before new resource takes over. In case of resource replacement, penalty as shown below would be applicable:

* day here means MPSEDC's working days and office hours

1. Resource is absent without intimation to MPSEDC – Rs. 5000/- for each day of absence
2. Resource is absent with intimation and approval of MPSEDC – Rs 3000/- for each day of absence after three (consecutive or non-consecutive both cases) absence in a month. If a temporary replacement of resource has been provided after intimation and approval of MPSEDC, then:
 - a. Penalty will not be imposed
 - b. The replaced temporary resource is allowed to work only for 15 working days and after 15 working days above mentioned penalty would be applicable. Resource replaced with intimation to MPSEDC, however, overlap period is less than 15 days – Rs. 5000/- for each days short

In case of non-satisfactory performance (like but not limited to delayed deliverables or non-submission), a penalty of 10 % of the quarterly service charges as per contract shall be deducted.

In case of non-satisfactory performance i.e. 10% penalty levied, MPSEDC may terminate the successful bidder's contract without any obligation on it.

x. Corrupt / Fraudulent Practices

The Purchaser requires that the Bidders under this Tender should observe the highest standards of ethics during the procurement and execution of such contracts. In pursuance of this policy, the Purchaser defines the terms set forth as follows:

- a) "Corrupt Practice" means the offering, giving, receiving or soliciting of anything of value to influence the action of the public official in the award of the contract, procurement process or in contract execution;
- b) In the event of corrupt practice and fraudulence in addition to penal action as per the terms and conditions of the contract, legal action shall also be initiated against the concerned.
- c) "Fraudulent practice" means a misrepresentation of facts in order to influence award of contract or a procurement process or a execution of a contract to the detriment of the Purchaser, and includes collusive practice among Bidders (prior to or after bid submission) designed to establish bid prices at artificial non-competitive levels and to deprive the Purchaser of the benefits of the free and open competition;
- d) The Purchaser will suspend the award of contract if prima-facie it is established that the vendor had engaged in corrupt or fraudulent practices in competing for the contract in question.
- e) The Purchaser will declare a Bidder ineligible after giving opportunity of being heard, either indefinitely or for a stated period of time, to be awarded a contract if at any time it is found that the Bidder has engaged in corrupt and fraudulent practices in competing for, or in executing, this contract.

xi. Resolution of Disputes

- a) MPSEDC and the selected Bidder shall make every effort to resolve amicably by direct informal negotiation any disagreement or dispute arising between them under or in connection with the Contract.
- b) If any dispute of any kind whatsoever arise between purchaser and the successful bidder in connection with or arising out of the contract, including without prejudice to the generality of the foregoing, any question regarding its existence, validity or termination, the parties shall seek to resolve any such dispute or difference by mutual consultation. If still unresolved then the dispute would be resolved as per MP Madhyastham Adhikaran Adhiniyam, 1983. Arbitration proceedings and the award shall be made in English language. The place of arbitration

shall be Bhopal and all legal disputes are subject to the jurisdiction of courts at Bhopal and following are agreed:

- a) The arbitration award shall be final and binding on the Parties, and the Parties agree to be bound thereby and to act accordingly. The arbitrator may award to the Party that substantially prevails on merit, its costs and reasonable expenses (including reasonable fees for counsel)
- b) When any dispute is under arbitration, except for matters under dispute, the Parties shall continue this Agreement.

xii. Legal Jurisdiction

All legal disputes are subject to the jurisdiction of Courts at Bhopal only.

xiii. Indemnity

The successful bidders/Successful Bidder shall indemnify, protect and save MPSEDC and MPSEDC against all claims, losses, costs, damages, expenses, action suits and other proceeding, resulting from infringement of any patent, trademarks, copyrights etc. or such other statutory infringements in respect of all components (like system software, software tools, hardware etc.) and the services rendered under this Tender.

xiv. Publicity

Any publicity by the bidder in which the name of the Indenter/buyer is to be used should be done only with the explicit written permission of the Indenter/buyer.

xv. Force Majeure

- The successful Bidder shall not be liable for forfeiture of its Performance bank guarantee, Liquidated Damages, or termination for default if and to the extent that its delay in performance or other failure to perform its obligations under the Contract is the result of an event of Force Majeure.
- For purposes of this clause, “Force Majeure” means an event beyond the control of the Bidder and not involving the Bidder’s fault or negligence, and not foreseeable. Such events may include, but are not restricted to, acts of

Government in its sovereign capacity, wars or revolutions, fires, floods, epidemics, quarantine restrictions and freight embargoes.

- If a Force Majeure situation arises, the Bidder shall promptly notify the authorized representative of MPSEDC in writing of such condition and the cause thereof. Unless otherwise directed by the authorized representative of MPSEDC in writing, the Bidder shall continue to perform its obligations under the Contract as far as it is reasonably practical, and shall seek all reasonable alternative means for performance not prevented by the Force Majeure event.

xvi. Right to terminate the process

MPSEDC, reserves the right to accept or reject any Tender offer, and to annul the Tendering process and reject all Tenders at any time prior to award of control, without thereby incurring any liability to the affected vendor(s) or any obligation to inform the affected vendor(s) of the grounds for such action.

MPSEDC makes no commitments, explicit or implicit, that this process will result in a business transaction with anyone. Further, this TENDER does not constitute an offer by MPSEDC. The bidder's participation in this process may result in MPSEDC selecting the bidder to engage in further discussions and negotiations.

xvii. Limitation of Liability

The maximum aggregate liability of successful bidder shall not exceed the order value.

xviii. Extension of Order:

MPSEDC reserves the right to place an extension order during entire contract duration of manpower/material/period or part thereof on the same rates, terms and conditions.

xix. Exit Management

Purpose

- a) This clause sets out the provisions which will apply on expiry or termination of the contract.
- b) In the case of termination of contract due to default or insolvency, MPSEDC will decide at that time whether, and if so during what period, the provisions of this clause shall apply.
- c) The Parties shall ensure that their respective associated entities, authorized representative of or its nominated agencies and the Bidder, carry out their respective obligations set out in this Exit Management Clause.

Cooperation and Provision of Information

During the exit management period:

- a) The Bidder will allow MPSEDC or its nominated agencies access to information reasonably required to define the then current mode of operation associated with the provision of the services to enable it to assess the existing services being delivered.
- b) Promptly on request by MPSEDC or its nominated agencies, the Bidder shall provide access to and copies of all information held or controlled by it which have prepared or maintained in accordance with the contract. MPSEDC or its nominated agencies shall be entitled to copy all such information. Such information shall include details pertaining to the services rendered and other performance data.
- c) The Bidder shall permit MPSEDC or its nominated agencies and/or any Replacement of Bidder to have access to its employees as reasonably required to understand the methods of delivery of the services employed by the Bidder and to assist appropriate knowledge transfer.
- d) The bidder shall prepare the list of Spare Inventory and the equipment list used during operations i.e. IT and Non-IT equipment at POP and SHQ during exit period.

Confidential Information, Security and Data

The Bidder will promptly on the commencement of the exit management period supply to MPSEDC or its nominated agencies the following:

- a) Information relating to the current services rendered and performance data

relating to the performance in relation to the services; and

- b) Documentation relating to Intellectual Property Rights, tools, development code if asked by MPSEDC; and
- c) MPSEDC / Parties / vendors data and confidential information; and
- d) All current and updated data as is reasonably required for purposes of MPSEDC or its nominated agencies transitioning the services to its replacement Bidder in a readily available format; and
- e) All other information (including but not limited to documents, records and agreements) relating to the services reasonably necessary to enable MPSEDC or its nominated agencies, or its Replacement vendor to carry out due diligence in order to transition the provision of the Services to the MPSEDC or its nominated agencies, or its Replacement Operator (as the case may be).
- f) Before the expiry of the exit management period, the Bidder shall deliver to MPSEDC or its nominated agencies all new or up-dated materials from the categories set out in points above, and shall not retain any copies thereof.
- g) Before the expiry of the exit management period, unless otherwise provided under the contract, MPSEDC or its nominated agencies shall deliver to the Bidder all forms of Bidder confidential information which is in the possession or control of MPSEDC or its nominated agencies or its users.

Employees

Promptly on request at any time during the exit management period, the Bidder shall, subject to applicable laws, restraints and regulations (including in particular those relating to privacy) provide to the MPSEDC a list of all employees (with job titles and communication address) of the Bidder, dedicated to providing the services at the commencement of the exit management period, To the extent that any Transfer Regulation does not apply to any employee of the bidder, the client or Replacement Bidder may make an offer of employment or contract for services to such employee of the Bidder and the Bidder shall not enforce or impose any contractual provision that would prevent any such employee from being hired by the client or any Replacement bidder.

Equipment installed at POP

Any equipment installed by the successful bidder like UPS/DG Sets/Solar Panels, Air-Conditioning units, Voltage stabilizers, Isolation transformers, batteries, earthing unit, Doors, Windows etc. to manage the POP operations has to handed over to the MPSEDC/Any agency authorized by MPSEDC in functional state along with its accessories.

Annexure III: Format of Performance Bank Guarantee

[Date]

To

Chief General Manager,
MPSEDC, State IT Centre,
47-A, Arera Hills,
Bhopal

Sub: Performance bank Guarantee for RFP for Facility Management Services for Madhya Pradesh State Wide Area Network (MPSWAN).

Ref: RFP for Facility Management Services for Madhya Pradesh State Wide Area Network (MPSWAN) (Tender No: XXXX Dated: XXXXXX)

Dear Sir,

WHEREAS

M/s. (name of bidder), a company registered under the Companies Act, 1956, having its registered office at (address of the bidder), (hereinafter referred to as “our constituent”, which expression, unless excluded or repugnant to the context or meaning thereof, includes its successors and assignees), agreed to enter into a contract dated (Herein after, referred to as “Contract”) with you (Madhya Pradesh Electronic Development Corporation (MPSEDC)) for RFP for Facility Management Services for Madhya Pradesh State Wide Area Network (MPSWAN).

We are aware of the fact that as per the terms of the contract, M/s. (name of bidder) is required to furnish an unconditional and irrevocable bank guarantee of amount 3% of the contract value (in favour of MPSEDC for an amount <<....>> and guarantee the due performance by our constituent as per the contract and do hereby agree and undertake to pay the amount due and payable under this bank guarantee, as security against breach/ default of the said contract by our constituent.

In consideration of the fact that our constituent is our valued customer and the fact that he has entered into the said contract with you, we, (name and address of the bank), have agreed to issue this Performance Bank Guarantee. Therefore, we (name and address of the bank) hereby unconditionally and irrevocably guarantee you as under:

In the event of our constituent committing any breach/default of the said contract, and which has not been rectified by him, we hereby agree to pay you forthwith on demand such sum/s not exceeding the sum of amount <<....>>), without any demur.

Notwithstanding anything to the contrary, as contained in the said contract, we agree that your decision as to whether our constituent has made any such default(s) / breach(es), as aforesaid and the amount or amounts to which you are entitled by reasons thereof, subject to the terms and conditions of the said contract, will be binding on us and we shall not be entitled to ask you to establish your claim or claims under this Performance Bank Guarantee, but will pay the same forthwith on your demand without any protest or demur.

This PBG shall remain valid during the entire engagement period and additional six months subject to the terms and conditions in the said Contract.

We further agree that the termination of the said agreement, for reasons solely attributable to our constituent, virtually empowers you to demand for the payment of the above said amount under this guarantee and we would honour the same without demur.

We hereby expressly waive all our rights to pursue legal remedies against MPSEDC and other Concerned Government Departments of Madhya Pradesh.

We the guarantor, as primary obligor and not merely surety or guarantor of collection, do hereby irrevocably and unconditionally give our guarantee and undertake to pay any amount you may claim (by one or more claims) up to but not exceeding the amount mentioned aforesaid during the period from and including the date of issue of this guarantee through the period.

We specifically confirm that no proof of any amount due to you under the contract is required to be provided to us in connection with any demand by you for payment under this guarantee other than your written demand.

Any notice by way of demand or otherwise hereunder may be sent by special courier, telex, fax, registered post or other electronic media to our address, as aforesaid and if sent by post, it shall be deemed to have been provided to us after the expiry of 48 hours from the time it is posted.

If it is necessary to extend this guarantee on account of any reason whatsoever, we undertake to extend the period of this guarantee on the request of our constituent upon intimation to you.

This Performance Bank Guarantee shall not be affected by any change in the constitution of our constituent nor shall it be affected by any change in our constitution or by any amalgamation or absorption thereof or therewith or reconstruction or winding up, but will ensure to your benefit and be available to and be enforceable by you during the period from and including the date of issue of this guarantee through the period.

Notwithstanding anything contained hereinabove, our liability under this Performance Guarantee is restricted to amount <<....>>), and shall continue to exist, subject to the terms and conditions contained herein, unless a written claim is lodged on us on or before the aforesaid date of expiry of this guarantee.

We hereby confirm that we have the power/s to issue this Guarantee in your favour under the Memorandum and Articles of Association/ Constitution of our bank and the undersigned is/are the recipient of authority by express delegation of power/s and has/have full power/s to execute this guarantee under the Power of Attorney issued by the bank in your favour.

We further agree that the exercise of any of your rights against our constituent to enforce or forbear to enforce or any other indulgence or facility, extended to our constituent to carry out the contractual obligations as per the said Contract, would not release our liability under this guarantee and that your right against us shall remain in full force and effect, notwithstanding any arrangement that may be

entered into between you and our constituent, during the entire currency of this guarantee.

Notwithstanding anything contained herein, our liability under this Performance Bank Guarantee shall not exceed amount INR <<....>>

The PBG shall be remain valid during the entire contract period and additional six months. We are liable to pay the guaranteed amount or part thereof under this Performance Bank Guarantee only if we receive a written claim or demand on or before (Date) from start of contract period for Facility Management Services for Madhya Pradesh State Wide Area Network (MPSWAN).

Any payment made hereunder shall be free and clear of and without deduction for or on account of taxes, levies, imports, charges, duties, fees, deductions or withholding of any nature imposts.

This Performance Bank Guarantee must be returned to the bank upon its expiry. If the bank does not receive the Performance Bank Guarantee within the abovementioned period, subject to the terms and conditions contained herein, it shall be deemed to be automatically cancelled.

This guarantee shall be governed by and construed in accordance with the Indian Laws and we hereby submit to the exclusive jurisdiction of courts of Justice in Bhopal (M.P) for the purpose of any suit or action or other proceedings arising out of this guarantee or the subject matter hereof brought by you may not be enforced in or by such count.

Dated this Day 2026.

Yours faithfully,

For and on behalf of the

Bank,

(Signature)

Designation

(Address of the Bank)

Note:

This guarantee will attract stamp duty on PBG **as per GoMP rules @ 0.25% of the work order value subject to maximum of Twenty Five Thousand Rupees.**

A duly certified copy of the requisite authority conferred on the official/s to execute the guarantee on behalf of the bank should be annexed to this guarantee for verification and retention thereof as documentary evidence.

Annexure-IV: Format of Earnest Money Deposit (EMD) Bank Guarantee

(To be submitted on non-judicial stamp paper of appropriate value)

Date:

To

Chief General Manager

Madhya Pradesh State Electronics Development Corporation Ltd. (MPSEDC)
State IT Centre,
47-A, Arera Hills,
Bhopal – 462011

Sub: Earnest Money Deposit (EMD) Bank Guarantee for RFP for
.....

Ref: RFP for

(Tender No.: XXXX dated XXXXXX)

Dear Sir,

WHEREAS,

M/s. _____, a company registered under the Companies Act, 1956/2013, having its registered office at _____ (hereinafter referred to as **“the Bidder”**, which expression shall, unless repugnant to the context or meaning thereof, include its successors and permitted assigns), has submitted its bid in response to the above-referred RFP issued by Madhya Pradesh State Electronics Development Corporation Ltd. (hereinafter referred to as **“MPSEDC”**, which expression shall include its successors and assigns).

AND WHEREAS,

as per the terms and conditions of the said RFP, the Bidder is required to furnish an **unconditional and irrevocable Earnest Money Deposit (EMD) Bank Guarantee** in favour of MPSEDC for an amount of **Rs. _____ (Rupees _____ only)** to secure the due and faithful observance of the terms and conditions of the RFP and the bid submitted by the Bidder.

AND WHEREAS,

at the request of the Bidder, we, _____ (name and address of the Bank), have agreed to issue this Earnest Money Deposit Bank Guarantee in favour of MPSEDC.

NOW THEREFORE, we, _____ (name of the Bank), hereby irrevocably and unconditionally undertake and guarantee as under:

1. **We hereby guarantee** to pay MPSEDC forthwith, on first written demand, without demur, protest or reference to the Bidder, any sum or sums not exceeding **Rs. _____ (in words and figures)**, in the event that the Bidder:
 - withdraws or modifies its bid during the validity period of the bid; or
 - fails to accept the Letter of Award (LoA) issued by MPSEDC; or

- fails to submit the Performance Bank Guarantee or execute the Contract/Agreement within the stipulated time as specified in the RFP; or
 - commits any breach of the terms and conditions of the RFP prior to execution of the Agreement.
2. **The decision of MPSEDC** as to whether the Bidder has committed any of the above acts or defaults and the amount payable under this guarantee shall be final and binding on us, and we shall not require MPSEDC to substantiate or prove its claim.
 3. **This EMD Bank Guarantee shall remain valid** from the date of issuance and shall remain in force up to **(date)**, including any extension of bid validity period as may be requested by MPSEDC.
 4. **We undertake to extend the validity** of this EMD Bank Guarantee, if so required by MPSEDC, upon request of the Bidder, with due intimation to MPSEDC.
 5. **Our liability under this guarantee** is restricted to a maximum of **Rs. _____ (in words and figures)** and shall stand discharged upon:
 - expiry of the validity period of this guarantee, provided no claim is received by us on or before the said date; or
 - return of this original Bank Guarantee by MPSEDC, whichever is earlier.
 6. **This guarantee shall not be affected** by any change in the constitution or legal status of the Bidder or of the Bank, nor by amalgamation, merger, reconstruction or winding up of either entity.
 7. **Any demand or notice** under this guarantee shall be deemed to have been duly served if delivered by hand, courier, registered post, email, fax or other electronic means to our address stated herein.
 8. **Notwithstanding anything contained herein**, our liability under this Earnest Money Deposit Bank Guarantee shall cease unless a written claim is received by us on or before **(claim date)**.
 9. **Any payment made under this guarantee** shall be free from all taxes, duties, levies and deductions.
 10. **This guarantee is governed by Indian Law**, and the courts at **Bhopal (Madhya Pradesh)** shall have exclusive jurisdiction in respect of any matter arising out of or in connection with this guarantee.

Dated this day of 2026.

Annexure-VI: Undertaking Compliance of Labour Laws

(On Bidder's Letterhead)

Date: _____

Tender No.: _____

To,

Managing Director

Madhya Pradesh State Electronics Development Corporation Ltd. (MPSEDC)

Bhopal (M.P.)

Subject: Undertaking for Labour Law and Statutory Compliance

The Bidder, M/s _____, hereby undertakes and confirms that the Bidder shall comply with all applicable Central and State labour laws and statutory obligations for manpower deployed under the subject contract.

1. The Bidder shall pay wages not less than the minimum wages applicable to skilled personnel for CHQ / DHQ / BHQ Network Engineer or any deployed manpower, as notified by the Commissioner of Labour, Government of Madhya Pradesh, under the Minimum Wages Act, 1948.
2. The Bidder shall discharge all statutory liabilities under the provisions of the Employees' State Insurance Act, 1948. In locations where ESIC is not applicable, the Bidder shall insure the deployed manpower under a valid Workmen Compensation Insurance Policy obtained from a Public Sector Insurance Company, at its own cost.
3. The Bidder shall be solely responsible for payment of wages and all other statutory dues related to the deployed manpower, and MPSEDC shall not be liable for any claims, disputes, penalties, or legal liabilities arising out of non-compliance of labour laws.
4. MPSEDC shall have the right to verify compliance at any time during the contract period, and the Bidder shall submit all supporting documents including wage registers, ESI/insurance records, and statutory compliance documents, as and when required by MPSEDC.

This undertaking is submitted as part of the Bid and shall be binding on the Bidder for the entire contract period.

Yours faithfully,

For M/s _____
