Dear Sir,

Tenders are invited on behalf of **Steel Authority of India Limited(SAIL), Durgapur Steel Plant (DSP)** "AT PAR / PERCENTAGE ABOVE / PERCENTAGE BELOW" basis. You are requested to submit your best offer for the work as detailed below.

1. Name of Work: ENGAGEMENT OF EXPERT SUPPORT SERVICE FOR SAP-ERP AT DSP

2. Tender Mode: Open Tender

3. Discovery of Price: Reverse Auction

3.1 SAIL reserves the right to discover the L-1 bidder/tenderer amongst the techno-commercially qualified bidder/tenderers by opening the sealed price bids, pre-submitted by such bidders along with the techno-commercial bids on or before TOD or by conducting RA.

3.2 SAIL reserves the right to use any RA Strategy to be intimated to techno-commercially acceptable bidders before RA event. SAIL also reserves the right to eliminate one or more of the high price bidders/tenderers before the RA event by ranking the bidders/tenderers based on their sealed price bids, pre-submitted online by such bidders/tenderers along with the techno-commercial bids on or before TOD. Such eliminated bidder(s)/tenderers(s) will not be eligible to participate in RA process. The number of such high price bidders/tenderers (H1, H2....Hn) to be eliminated, if any, will be decided by SAIL Plant/Unit before conducting RA.

3.3 In case, no bid is received during Reverse Auction, then the lowest price (L-1 price) received along with the techno-commercial bids on or before TOD shall be binding on the bidders/tenderer(s) and the case may be processed on the basis of the L-1 price and the relative ranking of the bidders/tenderers therein.

3.4 Bidders(s)/Tenderers(s) shall be required to submit detailed price break-up, as per RFQ, within the stipulated time. Non-submission of detailed price break-up within the stipulated time, wherever required, by the L-1 bidder/Matched L-1 bidder, post RA, will be treated as backing out of the bidder and invited penal action as per the extant guidelines of SAIL.

4. Eligibility Criteria

1.Bidder must be SAP Global Service Partner (<https://www.sap.com/india/partners/find.html#service-partners>) may be used. List is provided in Point#1 of Revised - Annexure-II, (Eligibility Criteria).

Note: Bidder is required to submit copy of relevant document/certification to be valid as on date of Tender opening.

Yours Faithfully,

**Technical Specification
For
Support & Maintenance of SAP based Business Solution
At
Durgapur Steel Plant**

1. Detail SCOPE of WORK:

- 1.1. Scope of work primarily is about deployment of Onsite Support Consultants and offsite resources for managing the existing SAP based ERP system in Durgapur Steel Plant (DSP). The Successful Tenderer has to deploy specialized and experienced resources for maintenance of the Project.
- 1.2. The SAP landscape of DSP having following SAP systems:
 - a. ECC with modules PP,PM,QM,SD,MM,FI & CO and ReFX
 - b. SRM
 - c. BI
 - d. EP
 - e. Solution Manager (SOLMAN)
 - f. Web Dispatcher
- 1.3. The job deemed to include the following but not limited to
 - i. Safeguarding of all existing applications and any new applications developed during the contract period. Analysis of reported error/bug and resolution of the same.
 - ii. Maintenance of application for any errors (e.g., logical or any other), in both standard and custom developed objects (e.g., user exits, t-codes, function modules, reports, forms, etc.) and improvement/optimization of existing applications.
 - iii. Functional/Technical changes and additions including custom development that may arise due to new/changed business/Statutory/Technical requirements.
 - iv. Apply patches/upgrades/notes issued by SAP from time to time based on requirement
 - v. BI activities including but not limited to :
 - a. Housekeeping and space management.
 - b. Query performance improvement.
 - c. Management of info providers.
 - d. Data transfer from multiple source system.
 - e. Creation, Maintenance and Monitoring of Process Chains.
 - f. Development and Publishing of queries/reports/dashboards as per Business Requirements.
 - vi. Raising OSS with SAP and subsequent follow up.
 - vii. All the BASIS activities would need to be performed. This would include but not be limited to :
 - a. Regular monitoring of all SAP servers at both DC and DR for system health like free space etc.
 - b. Monitoring of load on the SAP systems and taking actions to rectify the same if need be
 - c. Close coordination with Hardware AMC vendor would be required during

hardware changes. This might involve late night work and working on holidays.

- g. Kernel Upgrades
- h. Analyze and resolving issues with respect to Roles & Authorization in consultation with DSP Team
- i. Optimization of all the systems with respect to profiles & parameters
- j. Data refresh of the testing and Quality system from the production system as and when required.

Ensuring the overall availability of the SAP system for user transactions.

14. The Support Consultants of the successful tenderer has to operate as under:

- 14.1. **On Site Deployment:** Normally two (2) SAP certified ABAP consultants with working knowledge of above mentioned modules. They will look after all the development/customization needs, and will operate from DSP, Durgapur. On Site Consultant deployed will be dedicated to the Support Work under this contract only. One of the consultants will also act as Site In-charge. The attendance of such consultant would be recorded online/offline by the purchaser.

Resource engaged in the onsite deployment will not be considered for arriving at total annual man days for offsite deployment.

- 14.2. **Off Site Deployment:** Modules/ Functionalities related to ECC, SRM, BI, EP, SOLMAN, ABAP & BASIS would be supported by Offsite consultants. Offsite consultants should have prior experience/SAP certified. As required, DSP may ask for on-site presence in respect of these modules/systems for a maximum of 200 man days in total for all the above modules put together in a year for which there will be no extra payment. DSP will intimate the requirement of consultants for such onsite presence in advance. Review meeting will be held at regular interval to be decided by the purchaser & days for review will not be counted as on site presence in above mentioned 200 days.

The offsite deployment will be used for Operational Issues and for providing support to the consultants deployed ON-Site.

The successful bidder has to share the details of offsite resources/ Offsite Delivery Centre with DSP.

15. On Site deployed Consultants, on DSP Support project will follow the official working hours & holiday calendar of DSP. However, in case of exigency, consultants may have to perform the duty even on holidays or beyond official working hours.

- 1.6. During the period of absence of the consultant, suitable replacement would be provided by the successful tenderer, who should be acceptable to the purchaser.
- 1.7. For any new changes, the timelines for development/implementation will be decided on mutual agreement without any additional cost to DSP.
- 1.8. Support Mechanism:

Issues would be logged by the DSP team through email, phone, or any suitable software. Issues may also be communicated to the service provider through phone calls or otherwise if internet access is not available, which are to be logged afterwards with actual date & time of reporting.

The issue register will be updated accordingly throughout its lifecycle. Once an issue is logged, support consultant concerned will analyze the issue, discuss with DSP team concerned and suggest / provide the solution as per its priority assigned by DSP. All issues would be tested in development server (after building the appropriate scenario by the consultant concerned) and then the changes should be forwarded to quality server for testing by core team. After clearance from core team, the changes will be moved to production system by DSP BASIS team. On successful resolution of the issue, the issue will be marked as "Closed" by the DSP team in issue register. All the issues need to be logged and resolved as per the Priority-wise-Resolution Matrix as described below.

Priority and Penalty wise-Resolution Matrix

Type	Priority	Description	Response Required	Resolution	Penalty Rate
Operational Support	Highest	Show stopper (Any problem that makes the entire SAP software unavailable for operational use)	1 Hour	Within 4 hours	In case errors are not resolved within stipulated time (i.e. 4 Hours) Rs. 500 per hour up to 8 Hours from reporting of incident. After 8 Hours Rs. 1000 per hour will be charged till resolution of the incident.
	High	One/More than one module are not working (Any problem that makes any function of a module inoperable)	4 Hours	Within 2 days	In case errors are not resolved within stipulated time (i.e. 2 days) Rs. 400 per hour up to 4 days from reporting of incident. After 4 Days Rs. 800 per hour will be charged till resolution of the incident.
	Normal	Other than conditions those covered under highest or high.	8 Hours	A notified resolution date with discussion with the service provider	In case of issue remains unresolved beyond mutually agreed date & time, penalty @Rs. 300.00 per day will be charged till resolution of the incident.
Development/ Customization Jobs with related System Enablement	High	Any urgent development jobs	8 Hours	A notified resolution date with discussion with the service provider	In case of issue remains unresolved beyond mutually agreed date & time, penalty @Rs. 500.00 per day will be charged till resolution of the incident.
	Normal	Other than jobs/conditions covered under high.	Next business day	A notified resolution date with discussion with the service provider	In case of issue remains unresolved beyond mutually agreed date & time, penalty @Rs. 300.00 per day will be charged till resolution of the incident.

In the review meetings the logged issues and its status will be reviewed and analyzed in detail with reasons for delay if any and necessary corrective actions to be framed for the same. If the delay is attributed to the service provider, it will attract penalty as per details given in above table. However, total penalty in a billing quarter will not exceed the quarterly bill value. The amount of penalty shall be limited to 100% of the total contract value.

- 1.9. Monthly meetings would be held between Executing Authority, DSP, and the Account manager of the service provider to review the issues and their status.
- 1.10. Unresolved/Pending issues will be taken up by a higher committee comprising of HOD(C&IT) and first escalation authority (above account manager) from service provider's organization.

2. Team Profile:

The Successful Tenderer has to deploy specialized and experienced resources for maintenance of the Project.

3. Team by the successful bidder:

Escalation Matrix: Personnel above the level of site-incharge to whom unsatisfactory services of the support consultants will be reported for necessary rectification.

- 3.1. If for any reason beyond the control of the Successful Tenderer, there arises a need to replace any personnel, the Successful Tenderer shall provide a replacement person of equivalent or better experience, subject to the written approval of DSP.
- 3.2. Also the successful Tenderer shall provide contact details for escalation matrix within 3(three) working days from issuance of Work Order.
- 3.3. All notices, instructions, information, and any other communication given by the Purchaser shall be given to the Account Manager of the Successful Tenderer or, in his absence, his delegated person, except as otherwise provided for in this Contract.

4. Objections and Removals:

- 4.1. The Purchaser may by notice to the Successful Tenderer object to any representative or person employed by the Successful Tenderer in the execution of the Contract who, in the reasonable opinion of the Purchaser, may have behaved inappropriately, be incompetent, or be negligent. Upon receipt of such notice, the Successful Tenderer shall remove such person from this project. The decision of the Purchaser in this regard will be final and binding.
- 4.2. If any representative or person employed by the Successful Tenderer is removed in accordance with tender terms, the Successful Tenderer shall promptly appoint a replacement.

5. Purchaser's Responsibilities:

- 5.1. The Purchaser shall ensure the availability of all information and/or data to be supplied by the Purchaser to the Successful tenderer.
- 5.2. The Purchaser shall provide the vacant space with electricity & common toilet facilities for their office purposes only within its premises for the Successful Tenderer's team, in case of deployment of onsite personnel. However no laptops/Desktops will be provided to the consultants by the Purchaser
- 5.3. The Purchaser shall provide VPN access to all members of Successful tenderer's offsite team.

6. Successful Tenderer's Responsibilities:

- 6.1. Without prejudice to any express provision in the contract, Successful Tenderer shall be solely responsible for any damages due to any delay, lack of performance, breach of agreement and or any default.
- 6.2. Successful Tenderer shall in any case be responsible and liable for any acts and omissions of its employees/ authorized representative and indemnify Purchaser for any loss or claim that Purchaser may incur.
- 6.3. Successful Tenderer shall hold harmless and indemnify Purchaser from and against any and all claims, damages, expenses and cost, including those asserted by its employees, process licensors, patent holder arising directly or indirectly out of the performance of the contract.
- 6.4. The liability of Successful Tenderer under the agreement shall not be limited in any way by any document, information or recommendation provided by any part of the terms of the contract.
- 6.5. Successful Tenderer shall remain liable for any damages due to its gross negligence and or by its employees / authorized representatives.
- 6.6. The amount of liability of Successful Tenderer shall be limited to 100% of the total contract value.
