Department: BF Operation(Common)

RFx currency: INR

Dear Sir,

Tenders are invited on behalf of **Steel Authority of India Limited(SAIL), Durgapur Steel Plant (DSP) "AT PAR / PERCENTAGE ABOVE / PERCENTAGE BELOW"** basis. You are requested to submit your best offer for the work as detailed below.

1. **Name of Work:** AUGMENTATION & MECHANIZATION OF ACTIVITIES OF CAST HOUSE PREPARATION IN BF
2. **Tender Mode:** Open Tender
3. **Discovery of Price:** Reverse Auction
3.1 SAIL reserves the right to discover the L-1 bidder/tenderer amongst the techno-commercially qualified bidder/tenderers by opening the sealed price bids, pre-submitted by such bidders along with the techno-commercial bids on or before TOD or by conducting RA.
3.2 SAIL reserves the right to use any RA Strategy to be intimated to techno-commercially acceptable bidders before RA event. SAIL also reserves the right to eliminate one or more of the high price bidders/tenderers before the RA event by ranking the bidders/tenderers based on their sealed price bids, pre-submitted online by such bidders/tenderers along with the techno-commercial bids on or before TOD. Such eliminated bidder(s)/tenderers(s) will not be eligible to participate in RA process. The number of such high price bidders/tenderers (H1, H2....Hn) to be eliminated, if any, will be decided by SAIL Plant/Unit before conducting RA.
3.3 In case, no bid is received during Reverse Auction, then the lowest price (L-1 price) received along with the techno-commercial bids on or before TOD shall be binding on the bidders/tenderer(s) and the case may be processed on the basis of the L-1 price and the relative ranking of the bidders/tenderers therein.
3.4 Bidders(s)/Tenderers(s) shall be required to submit detailed price break-up, as per RFQ, within the stipulated time. Non-submission of detailed price break-up within the stipulated time, wherever required, by the L-1 bidder/Matched L-1 bidder, post RA, will be treated as backing out of the bidder and invited penal action as per the extant guidelines of SAIL.

4. **Eligibility Criteria**

The Eligibility Criteria: The bidder should fulfil the following eligibility criteria.

A. Technical Eligibility

Experience of having successfully completed the job AUGMENTATION & MECHANIZATION OF ACTIVITIES OF CAST HOUSE PREPARATION IN BLAST

Yours Faithfully,

(UMA PRASAD MANDAL)

Cast opening & closing jobs in any Blast Furnace.

Or

Manual Operational jobs in Cast House of a Blast Furnace

B. Commercial Eligibility

- 1.The average annual financial turnover (excluding GST) of the bidder during last three financial years ending 31.03.2025, should be at least Rs.4154866.91/-. In support of average annual turnover; the bidder is required to submit a copy of the certificate issued by a Chartered Accountant mentioning his/her UDIN.
- 2.The work order and the completion certificate / RA bills so submitted should be in the name of the participating bidder.

**5 . Penalty Clause
(Other Than Safety Penal Code)**

Penalty/rejection provisions for non-achievement of the desired performance will be as mentioned in the tender

The bidder has to prepare the cast house ready for next cast within 40 minutes so that casting can be opened within 45 minutes of GUTKO (Gun Up to Knock Out Time) failing which penalty as listed below will be imposed

1. Bidder has to adhere to the schedule of cast opening within 45 minutes of closure of previous cast. For each 10 minutes delay a penalty of Rs. 5,000/- would be imposed on the party.
2. Penalty of lump sum of Rs 5,000/- for any accumulation of spillage in any area as mentioned in scope of work.
3. Non availability of equipment should not affect cast house operation and casting schedules has to be maintained, failing which a penalty of Rs. 5,000/- per day will be imposed on the party.
- 4 . A lumpsum penalty @ Rs 50,000/- will be imposed on each case where incidents of Hot metal / Slag spillages occur due to the negligence of contractual workmen.
5. A lumpsum penalty @ Rs 50,000/- will be imposed on each case where incidents of damage of equipments occur due to the negligence of workmen and / or wrongful operation of equipments by the contractual workmen.

If the party is not able to deploy suitable resources then the job will be shortclosed and will be handed over to other party at the risk and cost of first party.

6 . Profit % in Estimate

Profit % has been considered in the Estimate/MFP (Minimum Floor Price wherever mentioned) as per extant Government Guidelines.

**7 . PVC Clause for Manpower
Deployment:**

Not Applicable

1.The payment for the work executed by the contractor under the contract shall be made in accordance with the rates quoted and accepted by the Executing Authority and quantities of work actually completed as per any of the following methods as stated in LOI/Work Order.

1.1. Progressive payment will be made on monthly basis when the duration of contract is more than one month.

1.2. Lump sum basis after completion of job in all respect.

2.Recoveries, if any, to be made from the contractor, can be made at the discretion of DSP from the **PROGRESSIVE BILLS/FINAL BILL/SECURITY DEPOSIT/RETENTION MONEY** of the contractor in the present contract and or from any other contract of the contractor.

Shri UMESH CHOUDHARY - GM - BF (OP)

The job/service mentioned in this tender **is indivisible** by nature.

Sub-contracting is NOT allowed in this tender. Please refer Clause 3 of **BDFV01**

Tenderers should attend TCD on the date to be intimated ,if required.

1. 7% (seven percent) of the of the Order Value (excluding Taxes and Duties) will be retained by Durgapur Steel Plant and will be deducted from the running bills @ 7% (seven percent) of bill value till total of 7% is recovered as Retention Money against the Contract. (Refer Clause 16.1.1 of SAIL S1 Document Version 01)

2. On due and satisfactory performance & completion of the contract in all respects the retention money shall be released to the contractor after one month/six months/one year guarantee period as mentioned in the scope of work /LOI/Work Order on presentation of NO DEMAND CERTIFICATE from the Executing Authority in the prescribed form and upon return in good condition of any property belonging to the company which may have been issued to the contractor and provided the contractor rectifies at his/their cost and expense all defects in the work executed by him/them as may be detected during the said period.

3. The contractor shall not be entitled to claim any/ or receive any interest on the amount of Retention Money deposited by them to DSP in whatever manner at any point of time.

4. This Retention Money will be returned on completion of job along with the Final RA Bill.

In event of Works/ services not being completed within the contractual completion schedule, **liquidated damages @ 0.5%**,not by way of penalty, of the whole value of the Work/ job /service without taxes, duties & freight, per week or part thereof of delay, **subject to maximum of 10%**, (or as applicable in the case of MSE as per extant SAIL MSE guideline) is recoverable from the Contractor without prejudice to the rights of Employer to procure the balance service at the risk and cost of the Contractor. The payment or deduction of such damages shall not relieve the Contractor from the contractual obligations to complete the Works/ jobs / services or balance portion thereof in time as stipulated in the Contract. If the delay in completion of Works/ jobs/ services is attributable to Employer or Force Majeure conditions then Liquidated Damages will not be levied. (Ref : **Clause 12.7 a) of SAIL S1 Document Version 01**)

24 . Liquidated Damages:

25 . Unworkable Rates

1. As per **Clause 6.10 of SAIL S1 Document Version 01**)

26 . Tenderer to Note

2. The Performance Guarantee has to be submitted in **Bank Guarantee only** ,for Durgapur Steel Plant

1) Payment to the contractor workers is mandatorily to be made through Bank by respective contractors.

2) Contractors must obtain code for Provident Fund (from RPFC Authority) and ESI code directly in their name.

3) DSP would prefer to conduct business with vendors who implement the requirements of SA-8000 (Social Accountability) and would like to have access to their premises in order to assess the extent of their implementation.

4) The contractor shall be bound to fulfill all the statutory obligations of the Principal Employer under various acts and rules in force from time to time. He shall maintain such records as are required under respective laws and submit them for scrutiny whenever requested by EA or his representative. Party will be required to submit the specimen Performa duly filled up as mentioned in clause 8.18 of special conditions of the contract. Contractors are required to take clearance from Safety Engineering Department before starting the job and follow their instructions strictly. In case of violation of any safety stipulation will impose penal provisions as per office order Safety Penal Code mentioned in Terms & Conditions.

5) When tenders are invited on items rate basis any conditional qualification on rates (i.e. on percentage higher or lower basis than quoted value) unless specifically asked will not be accepted and is liable for outright rejection.

6) Before quoting for the job Tenderers must acquaint themselves with site and other conditions related to the job and they may discuss the same with the Executing Authority before submission of the tender.

7) Rates are to be quoted considering payment as per circulated wage structure of DSP revised from time to time on account of VDA & also the Revised AWA payment for all engaged workers.

8) In case order has to be distributed on multiple sources, distribution of order will be in the ascending order as per the quoted price ranking of the tenderers, i.e., L1 tenderer will get the highest share and the last ranked tenderer within which the total order is to be distributed, will get the smallest share. However, extant guidelines of MSE Policy will be applicable.

9) If required, negotiations will be held with L1 tenderer only. However, all the tenderers may be required to explain / justify the basis of their quoted price as and when asked for. In case, any tenderer fails to justify his quoted price or refuses to co-operate in this regard, they will not be considered for participating in the re-tendering if order / contract is not finalised from the present tender.

10) In case where Integrity Pact is applicable, the same has to be necessarily uploaded after scanning the signed copy of the pact. Non-signing of the Integrity Pact will disqualify

the offer/ bid. The Integrity Pact is to be signed by the Proprietor/Owner/Partner/Director or by their duly Authorised Signatory. In case of failure to return the Integrity Pact along with the offer /bid, duly signed by the authority as mentioned above, will disqualify the offer / bid. Any Bidder / Contractor, if aggrieved with the tendering process may also approach the IEMs directly at their email address provided in NIT or through IP Secretariat (e-mail: sail.ip.secretariat@sail.in; sail.ip.secretariat@gmail.com), 16th Floor, Scope Minar, Laxmi Nagar District Centre, Delhi -110092.

11) The Bidders(s)/Contractor(s) if aggrieved may raise complaints / pass on information, if any, to the Competent Authority / Operating Authority of the Tender/Contract.

12) In case of physical bids, the BDFV01 document has to be printed on letter head and submitted along with the offer.

13) In case of online tenders, the BDFV01 document will be generated in SRM as PDF based on the replies given against the questionnaire. That document will be auto-submitted and will be deemed to be signed and submitted on Company's Letter Head. However, Durgapur Steel Plant reserves the right to ask for the BDFV01 document to be submitted in physical hard copy / or submitted as scanned document in mail.

27 . Clause for verification of supporting Documents

i) SAIL reserves the right to verify any supporting document(s) submitted by a participating tenderer / bidder from its source (document issuing authority).

ii) In the interest of expeditious completion of verification, a participating tenderer / bidder shall provide a list of each supporting document on its letter-head as per "Annexure-S", along with the contact details (postal address, email address, landline / mobile number) of the issuing authority of each supporting document for verification.

iii) Non-verification of any supporting document or information, at the sole discretion of SAIL, does not absolve the tenderer / bidder of its absolute responsibility to provide only genuine document(s) in support of eligibility conditions.

iv) In case a supporting document or information is found to be fake/forged/tampered/ non-genuine at any stage during tendering process & even after placement of Purchase Order / Work Order, the tenderer/bidder is liable for punitive actions as per extant guidelines of SAIL.

28 . CLC Compliance

1) All Bills pertaining to Service Contracts of Works are to be routed through CLC for scrutiny and verification concerning statutory compliance i.e. PF,ESI ,Bonus,Arrears, Wages & other statutory dues and cleared by CLC before final payment.

2) If discrepancies are observed in any of the documents, during scrutiny, CLC will return the documents to the executing Department for rectification and re-submission. Otherwise, the verified & cleared documents with compliance comments of CLC will be forwarded to Finance for further necessary action.

29 . Procedure for L1 selection where multiple bidders have quoted the same L1 Rate

Tenders with single source and non-divisible job/service :

i.For tenders where MFP has been mentioned and RA fails/RA is not conducted/price discovery is not through RA, then the price bids submitted along with the techno commercial offer shall be opened.

Scope Of Work

1. Name of the Job:

AUGMENTATION & MECHANIZATION OF ACTIVITIES OF CAST HOUSE
PREPARATION IN BF

2. Detail Scope of Work indicating all aspects to facilitate Execution of the job

SCOPE OF WORK

Purpose of this job contract:

The main purpose of this job contract is to outsource all jobs for preparation of cast house of Blast Furnace # 3 of DSP for opening of tap hole to drain out hot metal and slag & adjacent jobs for readiness of cast house. The details of jobs are given in the Detail scope of work mentioned below.

Detail scope of work:

1. The bidder has to prepare cast house ready for next cast within 40 minutes so that casting can be opened within 45 minutes of GUTKO (Gun Up to Knock Out Time). This job involves cleaning/preparation of main trough, metal runner, rocking runners, slag dam and any other area required for preparation of cast house in all respect for opening of casting.
2. Scope of work includes operation of drill machines and mud gun for opening and closing of castings. In case of any breakdown of drill machine, tap hole to be opened by oxygen lancing and for breakdown in Mud gun, casting may need to be closed by Hand plugging as per the direction given by EA.
3. Operation of Rocking runners, Pusher cars to fill up metal ladles and slag pots as and when required, up to a safe level and removal of filled ladles is included in the scope of the bidder.
4. Cleaning of mud gun/drill machine after each casting, pocket cleaning and mud gun heating, cleaning of mud gun nozzle and barrel from inside of running/down taphole as and when required is in the scope of bidder. The replacement of mud gun nozzle, drill machine shank, chuck etc. as and when required is also in the scope of bidder.
5. Surrounding wall cleaning, Rocky arm bearing motor cleaning, cleaning of rocking runner and area around it after every campaign is in the scope of bidder.
6. Casting of metal and slag samples (one or more samples in each cast) and its dispatch to RCL for testing of metal and slag quality is in the scope of bidder.
7. The party has to make sufficient skilled resources available for crane operation. The scope of bidder also includes operation of EOT crane of cast house as and when required. The party has to extend crane operator support for all mechanical and electrical maintenance

activities in cast house and also during casting of down hot metal trough and metal runner and rocking runner with castable and also for preparation of slag runners.

8. Party has to extend support for shifting of any equipment like mixture machine of castable or any other equipment in cast house through cast house EOT crane.

9. The bidder has to prepare the tap hole face in down/running taphole as per SOP specified and to the satisfaction of Furnace In-charge. The job involves application of castable / hydrous clay mass on the tap hole frame and taking impression on the frame with mud gun.

10. Cleaning jams from tap hole face, main trough, rocking runners with oxygen lancing if required and poking of skimmer hole are included in scope of bidder.

11. Shifting & lifting of sand, salt, bamboo, coal, rice husk, refractory, granulated slag, fire wood, lancing pipes, poking rods and any other consumable items up to cast house floor are included in the scope of bidder.

12. Application of sand/rice husk/salt /fire wood on runner systems as well as on hot metal ladles as per instruction of EA is included in bidder's scope.

13. Shifting of drill bars and fixing in the drill machine for any numbers of times as required for opening of casting, before, during and after the cast. Replacement of drill socket, chuck as per requirement. Fabrication and erection of drill machine protection plate. The burnt drill bars should be stacked neatly in the cast house and dispose-off daily in G shift as per the direction of EA.

14. To carry and fix up oxygen lancing hose/lancing pipes of various sizes up to cast house floor from ground level.

15. Carry out oxygen lancing jobs anywhere in cast house, tuyeres, taphole, rocking runner, by-pass, skimmer, ground level as directed by EA.

16. Manual poking of tap hole during casting as and when required is to be carried out by the contractor.

17. Preparation for top fire, making top fire during shutdown will be in the scope of the bidder.

18. Maintaining height of metal and slag dams is to be done by the bidder.

19. Cleaning of drill machine after every casting, removal of all metal and slag splashes from drill machine frame will be in the scope of bidder.

20. To carry out diversion of slag from SGP to slag pots as and when the situation arises will be in the scope of the contractor.

21. Taking of hot metal temperature with dip type thermocouple in every cast during the casting will be job of the bidder. BF DSP will provide the facilities to take temperature and also provide spoons to take samples.

22. Opening of bypass runner/Peri wall with help of lancing to take out residual metal from main trough and its cleaning and proper closing with refractory mass with taking all safety precaution, as and when required will be in the scope of the party.

23. Cleaning of cast house crane platforms, walk ways, staircases and

other peripheral areas of cast house will be in the scope of bidder.

24. The bidder is required to keep constant watch on the metal level of hot metal ladles during filling. The bidder must take care that there is no over-filling or under filling under any circumstances. Operation of tilting/rocking runners will be in the scope of the bidder.

25. If slag is being taken into slag pots then filling of slag pots by operating rocking runner & pusher car will be the responsibility of the bidder.

26. In case of failure of drive unit of rocking runner then manual operation of the runner will be in the scope of the bidder.

27. Readiness of cast house in case of eventualities like metal or slag overflowing or jamming up of the runner systems. Readiness means removal of jams, opening, cleaning and closing of bypass line as and when required will be in the scope of bidder.

28. Scope of bidder includes loading of all debris generated in cast house in to the dumper/wagon/dump car. The job involves operation of EOT crane. Bidder has to deploy one crane operator in each shift for operating the EOT crane of the cast house.

29. The scope also includes rigging help, operation of chain blocks, gas cutting, welding for minor repair jobs in cast house.

30. Removal of flue dust from both primary and secondary dust catchers of all three Blast Furnaces by opening and closing of dust catcher valves to empty out the dust catchers. Poking of dust catchers in case of jamming of flue dust is in scope of bidder.

31. Round the clock Lime coating of slag pots in circulation. The job includes collection of raw lime, its transportation to lime coating station and preparing the lime mix. Man power to be deployed, round the clock, to coat all slag pots in circulation with lime.

32. The contractor has to deploy resources with all consumables for housekeeping activities as directed by EA.

33. General housekeeping of the cast house, control rooms, tuyere platforms and other platforms will be under the scope of the bidder including other relevant jobs which are not mentioned here.

34. During shutdown, the bidder will utilize his resources as per direction by EA. The bidder has to deploy resources for cleaning of tuyeres, lancing of jams from tuyeres or tuyere coolers, sealing/opening of tuyeres and all required operational support to facilitate tuyere/tuyere cooler changing jobs as per the direction of EA. Disposal of debris and metal and slag boulders and any other miscellaneous jobs for Shutdown as per the direction by EA. On Requirement during off blast or in exigency the resource /manpower of one furnace will be utilized in another furnace as directed by EA.

35. Consumable PPEs and tools like shovels, crow bars, spades, trolleys and all other necessary tools/tackles & PPEs required for jobs as specified in scope are to be provided by the party.

36. Resources deployed by the bidder may be utilized in other areas of blast furnace during emergency or as per discretion of EA.

37. The bidder shall maintain at his own cost, proper register/record books like log books, inspection register, attendance register and others as advised by EA throughout the period of the contract. Record of Cast opening time/closing time need to be maintained in a register by

bidder and duly verified by EA or his representative on regular basis.

38. For smooth placement of hot metal ladle/slag pot for early opening of casting, cleaning of rail tracks and surrounding area as and when required is also in the scope of bidder.

39. The shift change delay, shortage of man power will not be entertained for delay in cast house preparation and timely cast opening.

40. The Drill/mud gun operator, supervisor must be provided with prepaid mobile having good connectivity for communication with EA and other executives.

41. There must be separate operator for crane, drill m/c/mud gun and cast house machine

42. The scope of bidder also includes electrical jobs necessary for timely opening of castings. Details of jobs are repair of cables of drill machine and pusher cars, extending rigging help in replacement of motors of cast house cranes, pusher cars, rocking runners, cast house hydraulic pumps, providing connections to welding machines, man cooler fans, mixer machines and illumination fittings in cast house.

Any necessary technical supervision would be provided by BF department.

#Drill Bits, Poking Rods, Fire wood, Oxygen Lancing pipes, Sand, Rice Husk, Refractory Mass, Oxygen for oxygen lancing, salt, lime for lime coating etc. will be provided by DSP. (All necessary Tools/Tackles, PPEs, Diesel are to be provided by the Contractor along with any other consumables required for maintenance & operation of hydraulic excavator)

Deployment of workforce

1. The contractor shall deploy man power on all days including Sundays and Holidays on round the clock basis for carrying out above jobs.
2. The bidder shall deploy experienced and skilled manpower suitable for the job for which they are being deployed.
3. Party has to deploy skilled crane operator in each shift to safely operate cast house crane as and when required. Only skilled crane operator should be allowed to operate the crane. As per the requirement of WB Factories Rule- 1958, No person shall be allowed to operate a crane, locomotive, [dumper, dozer, lorry, tractor, etc.] fork-lift truck, or to give a signal to a crane or locomotive operator unless his eye sight and colour vision have been examined and declared fit by a qualified ophthalmologist to work whether with or without the use of corrective glasses. The eye-sight and colour vision of the person shall be re-examined at least once in every period of 12 months up to the age of 45 years and once in every 6 months beyond that age. Party needs to comply with this.
4. Bidder will also deploy one exclusive safety officer cum engineering coordinator for ensuring adherence to all safety norms as stipulated in this contract including any special safety instruction communicated by the EA and prevailing in the plant and daily coordination with management.
5. The contractor shall deploy one supervisor/shift In-Charge (preferably a diploma engineer) in each shift, who will also be respon

sible for all shift activities and safety aspects of the job in his shift.

- Supervisor deployed must have adequate experience of cast house jobs.
- Workmen deployed should have basic knowledge of cast house jobs. The workmen deployed should be of sound health as the cast house jobs are generally tough with exposure to heat and dust.
- The bidder has to conform to all the laws concerning deployment of contractual labour and must abide by all clauses of agreement between DSP and unions relating to wages and benefits given to workers.
- Executing Authority will arrange to provide onsite training to shift In-charges / workmen, deployed by the bidder, in operation of cast house equipment like mud-gun, drill machine, rocking runners, etc. They will also be trained for emergency procedures for cast opening and cast closing. The duration of training will be mutually agreed.

The successful bidder will deploy and operate one Chain Mounted Hydraulic Excavators with operators/drivers for the job of cleaning of metal trough, runners and preparing the cast houses. Supply of Fuel for the operation of Chain Mounted Hydraulic Excavators will be in the scope of tenderer.

Penalty Clauses

- Bidder has to adhere to the schedule of cast opening within 45 minutes of closure of previous cast. For each 10 minutes delay a penalty of Rs. 5,000/- would be imposed on the party.
- Penalty of lump sum of Rs 5,000/- for any accumulation of spillage in any area as mentioned in scope of work.
- Non availability of equipment should not affect cast house operation and casting schedules has to be maintained, failing which a penalty of Rs. 5,000/- per day will be imposed on the party.
- A lumpsum penalty @ Rs 50,000/- will be imposed on each case where incidents of Hot metal / Slag spillages occur due to the negligence of contractual workmen.
- A lumpsum penalty @ Rs 50,000/- will be imposed on each case where incidents damage of equipments occur due to the negligence workmen and / or wrongful operation of equipments by the contractual workmen.
- If the delay in cast opening is due to any reason not attributable to the party, then it will be the responsibility of the party to maintain proper documentation duly certified by Shift in-charge of the furnace to ask for waiver of penalty.
- BF DSP reserves the right of reviewing of the job every month. If the job of the party is not found satisfactory then BF DSP reserves full right to short close the contract after giving a notice of 1 month. Additionally, in case of long shut down of furnace DSP reserves the right to short close / keep in hold the contract after giving a notice of 1 month.

Last decision regarding penalty will be given by the Executing Authority.

3 . Tools Required for the Job:

All tools and tackles required for the jobs as per scope and schedule of job.

4 . Materials to be supplied by the contractor for the Job:

All PPES/Tools tackles required for the job as per scope of work and schedule of job.

5 . Equipments to be deployed by the contractor for the Job:

As per scope of work and schedule of job.

6 . Quantity of Materials to be provided by DSP(free of Cost):

As per scope of work and schedule of job.

7 . Facilities to be provided by DSP(free of Cost):

Free water and electricity

8 . Safety precautions to be followed:

FOLLOWING SAFETY PRECAUTIONS ARE TO BE FOLLOWED STRICTLY BY CONTRACTORS/CONTRACTOR LABOURERS DURING EXECUTION OF ANY CONTRACTUAL JOB IN BLAST FURNACE DEPARTMENT

When working for BF you are required to work safely and effectively to meet the Contract requirements. You should be trained and competent to do the assigned jobs. Objective of BF department is to make efforts to have ZERO Accident and comply with the SAIL Corporate Safety policy.

A. Bidder is required to deploy one exclusive safety officer for ensuring adherence to all safety norms as stipulated in this contract including any special safety instruction communicated by the EA and prevailing in the plant.

B. It is the responsibility of contractor to provide necessary PERSONAL PROTECTIVE EQUIPMENT (PPE) to deployed workforce and also ensuring that the PPEs are available before going to the site and are being used at site.

1. Clothes

Fire proof/Heat resistant apron/cloth should be worn by workmen involved in the job of cast house.

Appropriate dress must be worn for the task being carried out. Hot work like gas cutting & welding must not be done while wearing nylon/woolen clothes and those that is not flame retardant. REFLECTIVE JACKETS during job is compulsory. Party has to provide Reflective jackets to all labors deployed for the job.

2. Safety Footwear

High ankle Safety shoes are mandatory when working on any area at BF.
Aluminized leg guard should be used during working at cast house.

3. Safety Helmets

Helmets are mandatory when working on any area at BF.

4. Eye Protection

Eye protection is mandatory in all areas of BF especially when carrying out activities where dust or foreign bodies may be present in the atmosphere. Welders must wear a recognized welding shield for all welding operations.

5. Hearing Protection

Various areas across the BF are designated as requiring Hearing Protection. It is mandatory that when working in or passing through these areas hearing protection PPE must be worn.

6. Safety Hand Gloves

The appropriate type of gloves should be worn for all manual handling operations. This includes protection from hazardous substances & special gloves used during welding/gas cutting jobs.
Aluminized hand gloves should be used during working at cast house.

7. Respiratory Protection

Respiratory protection of the appropriate type (Dust Masks) must be worn for protection against excessively dusty conditions and fumes.

8. Safety full body Harness

Safety full body harnesses are Mandatory whenever there is a risk of falls from height or work inside a bunker / hopper etc.

B. MAJOR HAZARDS IN WORKING IN BF

1. HOT METAL AND MOLTEN SLAG

- a. Blast furnace produces hot metal and slag and transports them through ladles. All workmen must be trained to maintain a safe distance from all runners, flowing metal and slag, ladles, slag pots and also must be aware of Spitting tendency of Furnace.
- b. While working in cast house, near troughs, it is mandatory to wear full fire protection suit.
- c. Always keep a keen eye on ladle movement, especially when ladle moves through back pushing.

2. Moving Equipments & Machinery

- In BF area there is a great deal of moving machinery like EOT cranes, Drill Machine, Mudguns, screens, feeders, skip, conveyors, Pusher car etc. and many more. All must be approached with caution. In some cases it can be started remotely and without warning.
- Be aware of any moving machinery in the work area and take adequate precautions against becoming entangled or being run over. Remember slow is not necessarily safe.
- While working in shuttle conveyors ensure that the stoppers in wheels are properly secured before starting of the job.

3. CRANE OPERATION

- Only skilled crane operator should be allowed to operate the crane. As per the requirement of WB Factories Rule- 1958, No person shall be allowed to operate a crane, locomotive, [dumper, dozer, lorry, tractor, etc.] fork-lift truck, or to give a signal to a crane or locomotive operator unless his eye sight and color vision have been examined and declared fit by a qualified ophthalmologist to work whether with or without the use of corrective glasses. The eye-sight and color vision of the person shall be re-examined at least once in every period of 12 months up to the age of 45 years and once in every 6 months beyond that age. Party needs to comply with this.

4. FIRE HAZARDS

- While performing any welding / gas cutting job always keep a bucket of san/water at hand.
- Fire extinguishers are available at each junction house for emergency use.

5. HOUSEKEEPING, SLIPS , TRIPS & FALLS

- Ensure the area is kept tidy and safe. Ensure safe access at all times
- Always use the handrails when ascending or descending stairways or steep inclines such as Conveyor gantries.

6. CONVEYORS

- Extra care must be taken when walking near moving conveyors, loose clothing should be avoided.
- Remember conveyors can be started remotely without any warning.
- Before any work can be carried out on a conveyor the drive must first be isolated by taking Work Permit from the Electrical Dept.
- Should any unforeseen incident occur that requires a conveyor to be stopped in an EMERGENCY then press the STOP button & operate pull chord or any other field device. It should be remembered that as all conveyor drives have a run down, they do not stop dead and will run on for a short period.
- Pull cord switches are for emergency use only and are not a means of isolation.

f. Firefighting equipment can be found in ALL MAJOR junction houses.

7. ELECTRICAL HAZARDS

- a. During panel maintenance or any other job in panels proper shutdown should be obtained from the Electrical Maintenance Department.
- b. No wire should be kept naked.

8. GUARDING

- a. If you remove guarding for a job make sure it is replaced PROPERLY.

9. WORK AT HEIGHT

There are many occasions when it is necessary to work at high levels. When doing so there are 4 basic rules that MUST be obeyed.

- a. You must have a firm solid working platform to stand on.
- b. You must have edge protection (to stop you falling in or off). A handrail with Toe boards, if this is not possible then a safety harness must be worn and attached to a secure anchor point.
- c. You must have a safe way to get up to and down from the working platform.
- d. Be sensible and never take chances.

Working from a Ladder

- 1. If it is necessary to work from a ladder then the ladder should be firmly secured at the top and footed at the bottom.
- 2. Always maintain a firm grip on the ladder at all times.
- 3. Always face the ladder when ascending or descending.
- 4. Do not jump from the ladder.
- 5. Do not carry objects in your hand when using a ladder, use a tool bag slung over the shoulder.

For Operation of Chain Mounted Hydraulic Excavators following additional safety instructions must be followed:

- 1. All Operators/Drivers and helpers must wear reflective jackets and use all PPE's while on Job.
- 2. Operators of deployed to operate excavators should have the requisite license to operate the class of vehicles inside the plant.
- 3 Additional safety instructions (if any) will be elaborated by the Executing Authority before/during execution of job.
- 4. This job is of cleaning of slag and metal runners in the cast houses. It involves handling of hot metal and slag, scraps, boulders. The job is to be done with all safety precautions in consultation with furnace in charge and shift in charges.
- 5. The deployed machines should have fire extinguisher arrangement and

color vision of the person shall be re-examined at least once in every
period of 12 months up to the age of 45 years and once in every 6 months
beyond that age. Party needs to comply with this.

C. ADHERE TO THE ENVIRONMENTAL POLICY

To ensure compliance to ISO 14001:2015, BF expects all suppliers and
contractors to show the same high level of commitment to Environmental
issues and conform to the following basic controls.

1. Do not dispose of rubbish by burning anywhere on site.
2. Do not discharge any waste water or liquid to land, watercourse,
drain or sewer without prior approval.
3. Do not dispose of hazardous waste e.g. oil soaked cotton wastes,
jutes asbestos, toxic, corrosive or flammable chemicals, oily wastes
etc., by throwing them anywhere.
4. Ensure that you remove all scraps from the job site after the
completion of the job, and keep them at designated places.
5. Ensure that you follow the site waste management, environmental
control and noise guidelines at all times.

Additional safety instructions (if any) will be elaborated by the
Executing Authority.

**FORMAT FOR UNDERTAKING TO BE UPLOADED / SUBMITTED BY THE AUTHORIZED SIGNATORY OF THE
BIDDER ON ITS LETTERHEAD ALONG WITH THE TENDER DOCUMENTS**

I (Name and Designation) duly authorized to sign the bid for and on behalf of M/s (herein after called the bidder) for the purpose of Tender No..... of (Plant/Unit DURGAPUR STEEL PLANT SAIL, Place DURGAPUR) , do hereby solemnly affirm and state, on the behalf of the bidder including its constituents, as under:

I/We have read the contents of the above mentioned tender carefully and understand that my/ our offer will be evaluated based on the documents/ credentials submitted along with the offer and same shall be binding upon me/us. I/We undertake and warrant that in relation to the aforesaid tender, our bid was developed genuinely, independently and made with the intention to accept the Contract, if awarded.

1.BID SECURING DECLARATION:

I/ We agree that if I/We withdraw or modify our Bid during the period of validity, or if I / We are awarded the contract and I/ We fail to sign the contract, or to submit a performance security before the deadline defined in the request for bids document, I/We will be liable to be suspended for a period of six months from being eligible to submit bids against all future tenders of Plant/Unit **DURGAPUR STEEL PLANT SAIL, Place DURGAPUR**.

2.UNDER TAKING FOR NON-COLLUSIVE TENDERING:

I/We undertake and warrant that our bid was not prepared with any agreement, arrangement, communication, understanding, promise of undertaking with any person (including any other bidder or competitor) regarding i)prices; ii) methods, factors or formulas used to calculate prices; iii)an intention or decision to submit a bid; iv)an intention or decision to withdraw a bid; v)the submission of bid that does not conform with the requirements of the tender; vi)the quality, quantity, specifications or delivery particulars of the products or services to which this tender relates; and vii) the terms of the bid, and we also undertake that we will not, prior to the award of the Contract, enter into or engage in any of the foregoing.

3.SUB-CONTRACTING, WHEREVER APPLICABLE:

Disclosure in case of Job/ Project Contracts: I/We warrant that we have duly disclosed and will continue to disclose all intended sub-contracting arrangements relating to the Tender that we are required to disclose, including those which are entered into after the Contract is awarded.

4.AUTHENTICITY OF DOCUMENTS SUBMITTED FOR BID EVALUATION:

I/We declare that the information and documents submitted along with the tender documents by me/ us are complete and correct and I/we are fully responsible for the authenticity and correctness of the submitted information and documents. I/We declare and certify that I/we have not made any misleading or false representation anywhere in the tender submitted including the annexures thereto.

I/We understand that at any time during process of evaluation of tender or at any time after award of contract, if any information / document submitted by me / us are found to be suppressing facts / forged / false / fabricated / fudged or incorrect, it shall lead to forfeiture of the EMD/SD and

Performance Guarantee, if submitted, besides any other action provided in the contract including banning under the extant Guidelines for Banning of Business Dealings of SAIL and initiating any legal action as deemed fit. Further, I/we and all my/ our constituents understand that my/ our offer shall be summarily rejected.

5.REPRESENTATION OF SINGLE / MULTIPLE FIRMS BY THE AUTHORIZED PERSON:

I/We hereby declare that I/we are not representing any other firm participating against this tender.

SRM Declaration Format Appendix-5

UNDERTAKING & DECLARATION

To
M/s Durgapur Steel Plant
Steel Authority of India Limited

From :
Supplier Name :
SAIL DSP Supplier Code

We, a Supplier to SAIL Durgapur Steel Plant (DSP) having Supplier Code _____ do hereby declare that we understand the SUPPLIER RELATIONSHIP MANAGEMENT (SRM) of SAIL, DSP and undertake to abide by and honour the following terms and conditions :

1. The following terms used herein mean :
 - a) Company : M/s Steel Authority of India Limited, DSP
 - b) SRM : Supplier Relation Management - a web-based on-line platform developed by SAP, Germany and customized for DSP (presently having the URL address - <https://srm.saildsp.co.in>) using https transmission and requiring authentication based on userid and password .
2. The Company has provided us thorough demonstration of all features of SRM and we are now thoroughly familiar and well-conversant with SRM and are capable of interacting with the Company through SRM in all operations/features provided for in SRM.
3. On submission of this declaration, we will be provided a preliminary password to enable a preliminary log-in for changing and activating our own confidential password with which we will get a full log-in to SRM for use of its features, and we will be exclusively responsible for maintaining confidentiality of our password.
4. We shall be bound by the quotations which we shall submit only through the forms designed and made available at SRM by the Company. However, if we desire to edit our quotation, it will be open for us to do so at any point of time till the last date and time for submission of bids, and the last edited quotation submitted by us shall be considered as valid for opening and subsequent consideration by the Company.
5. The quotations will be opened on-line by the Company on the scheduled date and time, either as originally stipulated in the tender enquiry or as subsequently extended or

rescheduled by the Company at its sole discretion and posted on SRM, and on such opening, the relevant information regarding the opened quotations of all tenderers will be available for viewing.

6. All communications made to us by the Company to our e-mail id shall be deemed to have been received by us on the date and time of posting the same on SRM as recorded/displayed therein and no acknowledgement of the same will be required to be given. All communications made by us to the Company on SRM shall be deemed to have been received by the Company as per the status of date and time of receipt thereof displayed in SRM, failing which we will be required to re-send such communication or seek an acknowledgement from the Company but if the Company does not give such acknowledgement, it will stand finally concluded that such communication was not received by the Company and we would have to send a fresh communication.
7. The effective and binding date of our knowledge of all such information/ communications will be the date and time of posting of the same on SRM as recorded/displayed therein, and not the subsequent date or time of receipt of any e-mail by us regarding the same. We shall regularly log-in to SRM in our own interest to become aware in time of tender enquiries or any other information/communications that may be addressed to us by the Company by posting on SRM, and we shall never raise any dispute or make any claim for non- receipt or delayed receipt of any such information/communications.
8. All e-mails with or without attachments sent to us at our aforesaid e-mail id will be deemed to have been received by us on the date and time when the same are shown to have been received by us in the SRM of the Company. It will be our own responsibility to have the necessary capability to open and peruse the attachments that may be sent in the e-mails.
9. All communications and interactions between us and the Company whether on SRM or by e-mail shall be deemed to have taken place entirely and exclusively at the premises of Administrative Block, Durgapur Steel Plant, Durgapur – 713203.
10. We are satisfied with the security procedures in the SRM for storage of all the data and information submitted by us in the Company's servers, and we shall not claim any damage or compensation from the Company on account of any loss or damage that may be caused to us on account of actual or alleged breach of any security procedure relating to leakage or disclosure or any personal or sensitive data or information pertaining to us.
11. We are aware that problems related to bandwidth, connectivity, etc. are beyond the control of the Company for which the Company will in no event be responsible.

12. All the terms and conditions of the on-line tender enquiries issued to us, on-line quotations submitted by us, all communications between us and the Company including on our e-mail id, through the SRM, will be fully binding on us as well as the Company as if the same had been done on paper with the signatures and stamp of the authorized signatories of both parties.
13. We undertake that we will never raise any dispute disowning any quotation/information/communication submitted by us on SRM and that the electronic form evidence available in the computer resources of the Company will also be fully binding on us.
14. We are aware of the Privacy Policy of the Company available on its web-site and we agree to abide by the same.
15. This declaration, which has been given voluntarily, will remain final and binding on us and will enure in respect of all pre- and post-contractual interactions between us and the Company in respect of all tender enquiries that may be issued to us on SRM, and no separate declaration will be required for any individual tender enquiry.
16. We further declare that should the Company so require, we shall submit any further/supplementary declaration(s) that may be required, and the same shall be in continuation of all our earlier declarations.
17. We declare our PAN No. and E-mail id to be as under :

Seal of the Firm :

Note to tenderer regarding EMD / EMD waiver:

1. If Bank Guarantee (BG) is being submitted as EMD, scanned copy of the BG shall be uploaded by Seller in the online bid and hard copy of the same will have to be submitted directly to the Buyer within 5 working days of bid opening, failing which the bid may be treated as incomplete & may lead to rejection of the bid by buyer without making any reference to the seller.
2. Documents for EMD waiver, must be uploaded, during submission of tender; non submission of such documents will lead to rejection.
3. In case of any mismatch between the original EMD submitted and the scanned copy of EMD document uploaded along with tender/ bid documents, then such a bid shall be considered invalid and shall be summarily rejected.
4. If the scanned copy of EMD is not uploaded along with tender/ bid documents, such bid(s) shall be considered invalid and shall be summarily rejected.
5. The Original Bid Security shall be submitted physically in sealed envelope superscribed with Tender/RFx no., GeM bid no. and due date to: GM-Contract Cell, Contract Cell.
