Scope Of Work

1. Name of the Job:

PLANNED SHUTDOWN AND NON ROUTINE MECHANICAL MAINTENANCE
JOBS IN DIFFERENT DEPARTMENTS OF DURGAPUR STEEL PLANT

2. Detail Scope of Work indicating all aspects to facilitate Execution of the job

The contract involves attending to mechanical maintenance jobs of different departments planned for various shutdowns. The contract also includes attending to any unforeseen breakdown of any equipment throughout the plant at a very short notice.
Any delay of job due to negligency from Contractor end will be penalised.

The job nature mainly consists of maintenance activities like dismantling/erection/alignment of structures/machines, etc.
The job will involve fabrication works, gas cutting, welding, rigging, fastening, valve/bearing changing, cleaning of job site, gas-line fabrication & erection, housekeeping including disposal of scraps etc. required for maintenance purpose.
Rigging will involve normal, multiple and oblique slinging with chain blocks and/or cranes as per requirement of the job.
Subsequent activities like fitting, tightening and locking of fasteners, welding & gas cutting has to be done as per requirements.
Job also involves repairs throughout the plant.
Shutdown and capital repairs are also part of the job.

Contractor will provide sufficient resources during exigencies which include capital repairs and breakdown jobs & will ensure that job does not suffer due to lack of such resources.
Depending on breakdown/capital repair schedule, deployment of manpower will vary.

The team should possess at least 2 supervisors (preferably diploma holders in Mech. Engg.) to monitor progress of the job and to ensure safety of men and equipment.
Contractor should also employ at least one certified safety supervisor, other than the normal supervisors.
Contractor shall deploy a minimum of following designated workmen at

If any deployed employee is found incapable of HM&C types of job he/they must be replaced with suitable employee or employees as needed.

Contractor should arrange for complete labour licences of at least 50 workmen before the start of the contract.

EA will decide the days/shifts of deployment for which prior permission should be taken by the contractor.

However, exigencies will be communicated at any point of time.

The job shall be done in a manner that it does not affect housekeeping of surrounding areas.

No payment will be made to the contractor for this activity.

Contractor will deploy a pickup van along with a driver for transporting men and material from their store/site and/or from HM & C store/site, to the shutdown/breakdown location and vice versa.

The pickup van deployed by the contractor will not be more than 10 years old throughout the contract period and the capacity of the pickup van should be greater than 1.5ton, having sitting capacity of 5+1 (The pickup van should be preferably equivalent to Tata Yodha Crew Cabin).

The pickup van should have all documents up to date required under the Motor Vehicle Acts and other applicable Laws, including DSP vehicle pass.

All vehicle related documents and license of the driver will have to be produced to the Executing Authority and/or CISF on demand. Pickup van without proper and valid documents will be sent back by the Executing Authority and no hiring charges will be paid for the day. In addition, a penalty equal to three times of the agreed daily hire charges will be recovered from the contractor.

Statutory requirement for health and eye check-up of pickup van drivers should be as per

factory act and WB Govt. factory rules. Necessary certificate in this regard has to be

submitted to the executing authority before commencement of the job.

This is in addition to the Safety Penal Clause.

Hire Charges: The hire charges will be paid for the pickup van on dry basis per day including driver. The hire charges per day will be fixed and firm during the period of execution of the Work Order.

Diesel cost: Any variation in amount and rate of diesel has to be borne by the contractor. The contractor will ensure that the odometer of the vehicle is in working condition.

Vehicle with defective odometer will not be accepted by the Executing Authority. In case the

vehicle is returned due to defective odometer and the contractor fails to give replacement

within one hour, no hiring charges will be paid for the day. In
