INSTRUCTIONS TO BIDDERS

1. General:

- a) Submission of bid against this tender shall bind the bidder for acceptance of all the conditions specified herein or in the Invitation to Tender (ITT) / Enquiry unless otherwise agreed to by SAIL Refractory Company Limited (SRCL).
- b) The tenderer should furnish their previous experience certificate, if sought or, along with their offer.
- c) The tenderer (proprietor/ partner) must provide his telephone and/or cell phone number in the bid document for quick contacting.
- d) The tenderer must provide his full postal address in the bid document to which all communications could be addressed. SRCL will not be responsible for loss of any communications sent to such address.

2. Cost of bidding:

2.1 The bidder shall bear all costs associated with the preparation and submission of the bid. SRCL will in no case be responsible for these costs regardless of the conduct or outcome of the bidding.

3. Tender (Bid) document:

3.1. Tender (Bid) document includes –

- i) Invitation to Tender (ITT) / Enquiry
- ii) Instructions to Bidders (Annexure-1)
- iii) General Condition of Contract (GCC) for job contracts (Annexure-2)
- iv) Scope of Work and Schedule (Annexure-3)
- v) Eligibility Criteria (Annexure-4)
- vi) Scope of Work and Special Terms & Conditions of the Tender (Annexure-5)
- vii) “Format for undertaking to be uploaded / submitted by the authorized signatory of the bidder on its letterhead along with the tender documents” (Annexure-6)
- viii) ‘FORMAT FOR PRICE BID’ for **Part 3** Price quotation (Annexure-7). **PRICE BID TO BE UPLOADED IN THE PRICE BID FOLDER. SRCL RESERVE THE RIGHT TO CONDUCT RA FOR PRICE DETERMINATION THROUGH MJUNCTION.**
- ix) Bid Securing Declaration (Appendix-1)
- x) Format for Security Deposit Bank Guarantee (Appendix-2)

3.2 The bidder is requested to examine all instructions, form, terms and specification in the bid document. Failure to furnish all the information required as per bid document or submission of the bids not substantially responsive to the bid document in every respect will be at the bidder’s risk and may result in rejection of the bid.

3.3 In case of any conflict in meaning/ interpretation between clauses in the ‘Special Terms & Conditions of the Contract’ & the ‘General Conditions of Contract’, the ‘Special Terms

& Conditions of Contract' shall prevail.

For any other general terms and conditions please refer to SAIL S1 which is applicable to all tenders and can be down loaded from website www.sailtenders.co.in

4. Amendments/ Corrigenda to bid document:

4.1 At any time, prior to the date of submission of bid SRCL may, for any reason, whether at its own initiative or in response to a clarification required by a prospective bidder, modify the bid documents by issue of Amendments or Corrigenda which will be published in SAIL Website only.

4.2 The Amendments/ Corrigenda shall be notified to all prospective bidders as Amendments/ Corrigenda to the tender and these Amendments/ Corrigenda will be binding on them.

5.0 Price Bid:

5.1 Please quote strictly in the '**FORMAT FOR PRICE BID**' enclosed at **Annexure-7** AND UPLOAD THE SAME IN THE PRICE BID FOLDER.

Note: This format to be uploaded only in the Item level page (Part 3- Price bid) and not in the Techno-commercial page. If prices are indicated in the techno-commercial bid, such offers are liable to be rejected.

5.2 Price Variation Clause is not applicable.

5.3 The price quoted must be your basic rate/ unit rate for each job element. All taxes, duties and levies -statutory or otherwise- must be entered separately in the column entry provided for this. Indicate both, the percentage and the amount of the various statutory & other such levies which will be applicable in addition to your quoted rates **separately** in the column entries provided for this. Please use the '**FORMAT FOR PRICE BID**' attached at **Annexure-7** for making these entries in the cells & columns provided for this, in the format.

5.4 SRCL RESERVES THE RIGHT TO CONDUCT RA FOR PRICE DETERMINATION THROUGH MJUNCTION (SRCL's service provider for determination of rates).

6. Documents to be submitted by the tenderer:

6.1 The bid prepared by the tenderer shall include the following documents:

6.2 **PART-1:** EMD furnished in accordance with clause 7.0 of Instruction to Bidders as mentioned below- **Part 1 Bid**

6.3 **PART-2:** Techno-Commercial Bid (**Part 2 Bid**) completed in accordance to the clauses contained in this Enquiry / ITT document. You are required to upload a copy of the following:

- **Documentary proofs of the Eligibility Criteria**
- "Format for undertaking to be uploaded / submitted by the authorized signatory of the bidder on its letterhead" (**Annexure-6**)
- **GST & PAN copies**
- **Duly Sealed and Signed (in all pages) copy of Tender Document.**

6.4 PART-3: Price Bid (Part 3 BID) Please quote strictly in the '**FORMAT FOR PRICE BID**' enclosed at **Annexure-7** and upload the same in the price bid folder.

Note: This format to be uploaded only in the Item level page (Part 3- Price bid) and not in the Techno-commercial page. If prices are indicated in the techno-commercial bid, such offers are liable to be rejected.

The **price bid shall remain valid for at least 90 days after the date of opening of tender.** A bid valid for shorter period shall be rejected by SRCL as non-responsive.

SRCL at its option may adopt to go through Reverse auction procedure conducted by M-Junction for determination/discovery of price/rate.

Note: The tenderer should strictly comply with all the clauses of this tender document.

7. Earnest Money Deposit (EMD) : Part 1 Bid

7.1 EMD: Part 1 Bid - Earnest Money Deposit for Rs.1,00,000/- may preferably be submitted in the form of online transfer - NEFT, RTGS, SWIFT. The proof of such transfer transaction needs to be uploaded in the Part-1 bid.. However, EMD will also be accepted in the form of demand draft, pay order, Banker's Cheque or Bank Guarantee (BG) from any Scheduled Commercial Bank except Co-operative, Gramin Bank, **Catholic Syrian Bank and United Western Bank** as per Proforma (**Appendix - 3**) provided in the tender document. The Bank Guarantee should be valid for 15 Months from the date of opening of tender. EMD will not be accepted in cash.

Micro & Small Enterprises (MSEs) / PSUs / Govt. Undertakings and Co-operative Societies/ Start-ups as recognized by Department of Industrial Policy & Promotion (DIPP) etc., are exempted from submission of EMD as per extant Government policy. For MSEs, the exemption will be extended on the basis of self-certified copy of Udyog Aadhar Memorandum (UAM) provided the concerned MSE is also registered in the MSME databank and MSE is registered for given scope of job/ procurement. SSI / NSIC certificate holders are also exempted from submitting EMD and should submit a copy of valid Entrepreneurs Memorandum, if available.

In place of EMD, Bidders may submit duly signed "Bid Securing declaration" accepting that if they withdraw or modify their Bids during the period of validity, or if they are awarded the contract and they fail to sign the contract, or to submit a performance security before the deadline defined in the request for bids document, they will be suspended for the period of one year from being eligible to submit Bids for contracts. A format for Bid Security Declaration is attached at **Appendix – 1**.

Note: *Techno-Commercial Bids (Bid-2) will be opened only those tenderers who have submitted valid **EMD** or proper documents for exemption*

Tender without EMD in the desired manner/amount is liable to be rejected.

7.2 EMD will be returned to the unsuccessful tenderers after finalization of the order. For successful tenderer, EMD shall be adjusted against Security Deposit.

7.3 The successful bidders' EMD will be discharged upon the bidder's acceptance of the **Contract awarded in accordance with clause 12.0 and furnishing of the Security Deposit.**

7.4 No interest is payable by SRCL for retention of EMD.

7.5 The EMD of unsuccessful bidder will be discharged / returned as early as possible but not later than 30 days after the expiry of the period of bid validity or placement of order,

whichever is later

Forfeiture of EMD

The EMD will be forfeited if:

- a) The bidder withdraws his bid during the period of bid validity specified by the bidder in the tender.
- b) the successful bidder fails –
 - i) To sign the Contract/ furnish his Acceptance of the Order.
 - ii) To furnish a Performance Bank Guarantee Bond, if sought by SRCL, if in the opinion of SRCL the quoted rates are unjustifiably low
 - iii) To furnish the Security Deposit.

8.0 Format and signing the bid:

8.1 The bidder shall upload all the requisite documents in the EPS portal.

8.2. All the declarations shall be signed by the bidder or a person duly authorized to bind the bidder to the contract.

8.3. Any overwriting / corrections in the bid made by the bidder shall be signed by the person signing the bid.

9.0 Late / delayed submission of bid:

9.1. SRCL is not responsible for any delay for submission of tenders. **Any bid received after the due date and time for submission of bids shall be rejected.**

10.0 Bid opening:

10.1 The tenders will be opened on the intimated date & time of tender opening.

11.0 Evaluation:

11.1 SRCL shall evaluate the bids in two stages (**Part 2, Techno-commercial bid**) to determine whether they are complete in all respects and qualifying. Tenders without submission of EMD will be summarily be Rejected and no Techno commercial evaluation will be conducted for such offers.

11.2 The Price bid will be opened only after evaluation of **Techno – Commercial bid. Bidders who have qualified in Techno-Commercial bid will be intimated separately to participate in RA by MJ.**

11.3 Please study the document, the ‘Scope of Work/Contract’ & ‘*Special Terms & Conditions*’ documents carefully and then submit your bids accordingly. SRCL shall evaluate in detail and compare the technically acceptable/ substantially responsive bids and comparison of bids shall be on the price of the services offered inclusive of all levies and charges but considering the tax/ duty credits that can be availed of by SRCL (landed cost basis).

11.4 In case the price of technically & commercially suitable L-1 bidder is lower than lower

limits of the departmental estimate, the bidder will be asked to justify the rates/ price quoted and total price. On refusal of the same or non-acceptance of the justification, the bidder will be asked to furnish Performance Guarantee Bond (in addition to the Security Deposit) in the form of Bank Draft / Bank Guarantee (as per SRCL's proforma) equal to the amount which will be the difference between lower limit of departmental estimate and the quoted price of bidder and order will be placed on them after obtaining Performance Guarantee Bond as explained above. Earnest Money of the Bidders who refuse to give Performance Guarantee Bond under above mentioned condition will be forfeited and they will not be considered for Re-bidding, if order / contract is not finalized from the present bids. In case the party justifies the lower price as compared to the cost estimate and its explanation is found to be reasonable by the company, the company may accept the offer. However, if the party fails to explain the basis of their quoted price and the price is found to be un-reasonable, the package may be re-tendered.

11.5 SRCL reserves the right to adopt the services of M Junction for determination of rates through a sealed bid event and/or Reverse auction. The procedure for reverse auction is annexed in Annexure

12.0 Award of Contract and Liquidated Damages:

12.1 SRCL, shall consider those tenderers, whose offers have been found technically, commercially and financially acceptable, for award of contract.

12.2 The contract shall be signed in two originals, by the successful bidder with SRCL within 10 days of placement of LOI/ WO.

12.3 The Contract shall be completed within a period of 12 months (One Year) commencing date of the LOI/WO. SRCL reserves the right to increase or decrease the tendered quantity/value by upto +/- 30%, and the discretion in this regard shall lie solely with SAIL Refractory Company Limited.

12.4 Time is the essence of the contract. **Liquidated Damages** not by way of penalty may be levied at the rate of 0.5% of the contract value for each week of delay subject to a maximum levy of 10% of the contract value.

13.0 Right to vary quantities:

13.1 The services of the contractor will be utilized as per the need/requirement of SRCL.

14.0 Signing of Contract & Security Deposit:

14.1 Signing of LOI/ W.O./ Agreement by the successful tenderer shall constitute the Award of Contract to the bidder. If required by SRCL, non-judicial stamp papers of appropriate value shall be purchased by the successful bidder for this purpose. The cost of Stamp Paper shall be borne by the Contractor/Supplier.

14.2 The sum to be paid by the Contractor will amount to 3 % of the Contract Value before he is allowed to execute the contract and commence work. Failure to deposit this amount within the stipulated time which shall include any additional time granted by the Employer at his discretion *will make the EMD submitted by the tenderer liable to forfeiture* and the

Contract shall be considered withdrawn.

14.3 The successful tenderer shall be required to furnish a Security Deposit Bank Guarantee, on a non-judicial stamp paper of appropriate value as per SRCL's standard proforma, issued by a Nationalized/ Scheduled Commercial bank (except Co-operative or Gramin banks) equal to 3 % of the total Contract Value. This should be done within 30 days of award of Contract. If any extension of time is granted for the contract the validity of the Bank Guarantee should cover the period of the extension also.

14.4 In case the supplier/contractor delays submission of Security Deposit / Performance Guarantee, a penalty of 0.2% of the original SD / PG amount per completed day of delay, limited to an amount not exceeding 5% of the original SD / PG amount shall be applicable. Payment for executed portion of order/contract shall only commence on submission of requisite SD/PG.

14.5 The Security Deposit Bank Guarantee shall remain valid for the duration of the Contract plus three months. The Security Deposit will be discharged after completion of contractor's performance obligations under the contract.

14.6 If the contractor fails or neglects any of his obligations under the contract it shall be lawful for SRCL to enforce the forfeiture from the contractor of either the whole or part of the Security Deposit furnished by him as compensation for any loss resulting from such failure.

15.0 Prescribed Safety Standards and Norms and Adherence:

15.1 Safety norms to be followed as per Inter Plant Standard for safety in Steel Industry (Safety of Contract Works IPSS: 1-11-011-01) available for download from the SAIL Tender website under IPSS Standards.

- i) The Contractor shall also comply with all statutory rules and regulations as in force at that time.
- ii) All Contractors Workmen to undergo a briefing on safe working at the time of commencement of work at the beginning of the contract in coordination with SRCL's safety department.
- iii) Before starting the day's job, contractor shall ensure that safety briefing has been done to his workers by himself or his supervisor.
- iv) List of persons employed by the contractor along with their PF No. etc is to be submitted within 15 days of awarding the contract.
- v) They should take care of the safe working of their equipment as well as SRCL's men/equipment/property. Any damage to SRCL's men/equipment/property on account of contractor/his employee negligence/mal-operation will be received from the Contractor.
- vi) Contractor should deploy only people having sufficient experience of working in process industry. He should not change his workmen often as this may lead to safety hazard. However, in case of change in workmen, due to any unforeseen reason. The same to be brought to the immediate notice of the OA/EO of contract or his authorized representative and his written approval obtained (Standard format will be devised subsequently). In such cases safety briefing to be carried out.
- vii) Safety clearance and work permit to be taken in writing prior to taking up any shutdown/maintenance job. Suitable "Men at Work" board & Danger Board to be fixed

at conspicuous place when can be seen prominently, Instructions of SRCL safety personnel must be strictly adhered to.

viii) All Safety PPE's to be provided by the contractor for his employee including Safety Helmets, Safety Shoes, Dust Masks, Ear plugs, Hand Gloves, Aprons and Welding Shields etc. appropriate to the nature of work.

ix) Penalty in case of contravention of any safety regulation will be as indicated in IPSS Standard 1-11-011-01 and /or SRCL Safety Standards prescribed for this purpose

16.0 Penalty Clauses for Violations of Safety Norms / Instructions:

16.1 Penalty will be imposed on the Contractors & their labourers violating various safety norms in Works and Non-Works areas. The detail of penalty action for the violation of safety norms will be as per the following table:

S. No	Type of Violation	Penalty in Rs.
1	A Contractor worker not using PPE's of Prescribed Standard	100/-
2	Use of defective PPE's: • Broken inner head band • No chin strap in the helmet • Broken welding shield, goggles, shoes • Torn out gloves • Improper full body harness • Improper electrical hand gloves • Use of Non ISI safety appliances	100/-
3	Violation of Traffic Rules inside works premises: • Riding cycles/powered 2 wheelers inside shop floor • Riding powered two wheeler without crash helmet • Driving vehicles without proper license • Parking vehicles in "No Parking Area"/Shop Floor • Parking vehicles in road side in obstructing manner	100/-
4	Creating of unsafe condition: • Leaving the work spot without cleaning • Non display of safety signs/warning signs • Damaging luminaries, electrical items, machine parts • Drawing power without plug top for portable electrical equipment • Improper grounding of the electrical appliances • Using gas cutting set without flash back arrestors on both ends	500/-
5	Found doing unsafe practice: • Carrying out work without safety clearance & Safety instruction training • Height work without height pass • Naked wiring • Machine guards not put back after maintenance	500/-
6	Other Safety violation: • Smoking in prohibited areas. • Abnormal delay in reporting accident or willful suppression of information about any accident/dangerous occurrence	500/-

16.2 In case, any dangerous occurrence or serious accident, the penal amount will be decided by an Enquiry Committee. The amount so decided shall be deducted from the contractor.

16.3 Without limiting to the list mentioned above, the Management of SAIL Refractory Company Limited have the right to deduct charges for any other unsafe act and or conditions depending upon the gravity of the situation on a case-to-case basis.

16.4 **STOPPAGE OF WORK:** The Management of SAIL Refractory Company Limited shall have right to stop the work at its sole discretion, if in its opinion, the work is being carried out in such a way that it may cause accidents and endanger the safety of the person and / or property, and / or equipments. In such cases, the contractor shall be informed in writing about the nature of hazards and possible injury / accident. The contractor shall not proceed with the work until he has enough safety precautions and also complied with to the satisfaction of the Management of SAIL Refractory Company Limited.

16.5 The Contractor shall not be entitled for any damages / compensation for stoppage of work, due to safety reasons and the period of such stoppage of work shall not be taken as an extension of time for Completion of the Facilities and will not be the ground for waiver of levy of liquidated damage.

16.6 **OPERATING AUTHORITY/EXECUTING AUTHORITY:** In case of safety violations, penal amount as mentioned above against violations will be deducted from the bills of the contractor as penalty on the direction of Operating Authority/Executing Officer in co-ordination with Safety Department. The same will be intimated to the Finance Department.

16.7 All safety violations as well as traffic violation by the Contractor Labourers / Contractor will be communicated to the Contract Executing Department through Safety Engineering Department before levying any penalty.

17.0 Annulment of Award:

17.1 Failure of the successful bidder to comply with the requirement of the GCC for Job Contracts of SRCL and other ITT/W.O./Contractor clauses, terms & conditions shall constitute sufficient ground for the annulment of the award of contract/agreement and forfeiture of EMD/Security Deposit as the case may be, in which event SRCL may at its discretion award the Contract agreement to any other bidder or call for fresh bids/tender.

18.0 Period of Validity of Bids:

18.1 TDS will be deducted from the bills as per Income Tax Rules. Where the TDS under Section 194Q will be deducted by SRCL, the TCS under Section 206C (IH) will not be charged since SRCL will not reimburse the same.

18.2 PAN CARD COPY to be obtained for Commercial Evaluations.

18.3 The Tenderer shall furnish IT Return acknowledgement for the last 3 years.

GENERAL CONDITIONS OF CONTRACT

1.0 GENERAL:

1.1 Order on one or more than one parties will be placed on the basis of L-1 quotation and, if required, negotiations will be held with L-1 tenderer only. However the tenderers may be required to explain/ justify the basis of their quoted price as when asked for. In case any tenderer fails to justify his quoted price or refuses to co-operate in this regard, they will not be considered for participating in the re-tendering if order/ contract is not finalized from the present tender.

1.2 If a tenderer quotes unworkable rates i.e. if the quoted price is less than the lower limit of the estimated price and is considered for placement of order, the party will be asked to justify the rate quoted and will have to give Performance Guarantee Bond (in addition to the Security Deposit) in the form of Bank Draft/ Bank Guarantee. The amount of Performance Guarantee Bond will be equal to the difference between lower limit of estimated price and the quoted price of the tenderer. EMD of the tenderers who refuse to give Performance Guarantee Bond may/will be forfeited and they will not be considered in re-tendering if order/ contract is not finalized from the present tender.

1.3 SRCL Technical Evaluation Team reserves the right to reject the offer from those tenderers whose performance in earlier contracts with SRCL was not satisfactory due to any reasons whatsoever. The decision of Technical Evaluation Team will be final and cannot be disputed by any tenderers. Technical Evaluation Team shall reject the offers from those tenderers who had backed out from the contract or refused to accept the contract or comply with Reverse Auction conducted by Mjunction / the terms and conditions of the tender.

2.0 SECURITY DEPOSIT:

2.1 The EMD of the successful tenderer shall be converted to Security Deposit.

2.2 The successful tenderer shall be required to furnish a Security Deposit in the mode of NEFT, RTGS, SWIFT or Bank Guarantee, on a non-judicial stamp paper of appropriate value as per SRCL's standard proforma, issued by a Nationalized/ Scheduled Commercial bank (except Co-operative or Gramin banks) equal to 3% of the total Contract Value. This should be done within 30 days of award of Contract.

2.3 In Case of Bank Guarantee as Security Deposit the Bank Guarantee period shall be 3 months more than the contract period.

3.0 OTHER REQUIREMENTS:

3.1 The Contractor has to possess the Permanent Account Number (PAN) issued by Income Tax Authorities and shall produce the same as & when sought/required by SRCL.

3.2 The Contractor has to possess PF registration issued by PF authorities and shall produce the details as & when sought/ required by SRCL.

3.3 The Contractor shall obtain license within one month from date of issue of Work Order and

same to be submitted to the Operating Authority.

3.4 The Contractor shall furnish from time to time the address to which all communications are to be made. The communications sent to the address of the Contractor shall be deemed to have been served and SRCL will not be responsible for non-delivery of letters posted to the said address.

3.5 Bank Mandate form duly signed by Banker.

4.0 COMPLIANCE WITH STATUTES & REGULATIONS INCLUDING LABOUR:

4.1 The Contractor shall engage only the required number of suitable contract workers depending upon the workload and nature of work.

4.2 The successful tenderer shall follow the provisions of all statutory laws, Rules & Regulations in force from time to time including the provisions of The Code of Wages, 2019, The Industrial Relations code, 2020, The Code of Social Security, 2020, The Occupational Safety, Health and Working Conditions Code, 2020 for their Contract Labour.

4.3 The Contractor shall comply with the provisions of the Labour Laws, Payment of Wages Act 1936, Minimum Wages Act 1948, The Payment of Bonus Act 1965, Employer's Liability Act 1938, The Employee's Compensation Act 1923, The Employee's State Insurance Act 1948, The Employee's Provident Fund & Miscellaneous Provisions Act 1952, Industrial Disputes Act 1947, Maternity Benefit Act 1961, Payment of Gratuity Act 1972, The Equal Remuneration Act 1976, Factories Act 1948 and Contract Labour (Regulation & Abolition) Act 1970, or any modifications thereof or any other labour & other applicable laws relating thereto and rules made there under from time to time.

4.4 The Contractor shall be required to register himself with the Regional Provident Fund Commissioner (RPFC) as per the regulations in force. He shall be liable to make all payments under the Employees' Provident Fund & Miscellaneous Provisions and Family Pension Fund Act 1952 and the scheme framed thereunder from time to time.

4.5 The Contractor shall obtain licence from the appropriate authority under the provisions of Contract Labour (Regulation & Abolition) Act 1970 as amended from time to time and the rules made there under and shall produce the same when sought by SRCL, failing which the award of work may be cancelled and the Earnest Money deposited by the Contractor will stand forfeited to SRCL.

4.6 The Contractor shall maintain all the necessary Registers, Records, etc., as required under the various Acts and Regulations applicable to the Factory including safety aspects and produce the same for inspection as & when required by the Statutory authorities.

4.7 In all other cases, the Contractor shall pay the wages payable in respect of the contract labour engaged by him through the employee's bank account only and not by payment of cash directly. The Contractor shall enclose a certified copy from the banks and submit the same to the concerned Contracting department in SRCL as a proof of having remitted the wages to the bank accounts of the respective contract labour deployed by him in SRCL. In the absence or non-furnishing of the documentary evidence from the banks to the concerned Contracting departments, no further

payments shall be released/ recommended to the Contractor by the Operating Authority/ Executing Officer of the Contract.

5.0 ISSUE OF IDENTITY BADGES AND UN-AUTHORIZED ENTRY:

5.1 SRCL shall issue identity badges to all workers containing their photograph, name, address, identifying mark, and work order details. Such identity badges shall be distributed through the contractor engaged by SRCL. The issuance, possession, and use of the identity badges shall be in strict compliance with the requirements of the applicable Factory Regulations.

5.2 The Contractor shall abide by all the security regulations promulgated from time to time by SRCL. In order to facilitate the issue of entry passes by SRCL to the labourers as well as the contractor and his staff for executing the work under this work order, the contractor shall submit to the Operating Authority/ Executing Officer of the Contract a list together with photographs if needed, of the persons who are to be allowed inside the SRCL.

5.3 In case any of the contract workers are removed from the job, leave job due to resignation or any other reason, the Contractor should get back their identity badges and deposit the same with SRCL/Security I/c.

5.4 The Contractor should not allow any un-authorized persons to work on the contract work failing which appropriate action will be taken against the Contractor and also against such person for having entered the works premises un-authorized.

6.0 DISCIPLINE:

6.1 If any worker misbehaves with the Employees of SRCL, the Contractor will have to take necessary actions as situation warrants as per the provisions under various statutes in vogue.

6.2 Consumption and/or sale of alcohol/ spirits or other intoxicating beverages at work, work site or in any of the buildings, encampments or tenements owned, occupied by or within the control of the contractor or any of his employee shall be forbidden and the Contractor shall exercise his influence and authority to the utmost extent to secure strict compliance with this condition.

6.3 The Contractor shall take requisite precautions and use his best endeavour to prevent any riotous or unlawful behavior by or amongst his workmen and others employed on the works and for the preservation of peace and protection of the inhabitants and security of property in the neighborhood of the work.

7.0 EXECUTION OF WORK:

7.1 If the Contractor fails to commence work from the date specified in the Letter of Intent/Work Order/ Contract, any extra expenditure incurred in getting the work done by the Company or through any other agency during such period, will be recovered from the Contractor.

7.2 The work is to be carried out in accordance with the W.O. / Contract, relevant Indian Standard Specifications/ BIS and codes of practice/CPWD standard specifications. In the absence of any such specifications and codes, the work is to be carried out in accordance with the specifications

and instructions given by the Operating Authority/ Executing Officer of the Contract from time to time during the course of execution of the work which will be binding on the contractor.

7.3 The quantities tendered are only approximate and cannot be guaranteed. However, SRCL reserves the right to increase or decrease the tendered quantity / value +/- 30%.

7.4 In such cases SRCL reserves the right to increase /decrease the contracted quantity volume with advance intimation without any change in the contracted rates agreed. However, increased quantities, if any agreed, will be billed at the L1 rate obtained in the tender for that job element/ slab.

7.5 The Contract shall be completed within a period of one (1) year. However, SRCL reserves the right to extend the validity of the Contract for an additional six (6) months, on the same terms and conditions, if required.

7.6 The Contractor should supply necessary and sufficient tools to the workers as and when required during the contract period and the Contractor should get declared their personal properties like tools and other belongings in the Register maintained at the Main Gate of SRCL.

7.7 The Contract shall not be sub-contracted without prior permission from SRCL.

7.8 The work place should be kept neat and tidy.

8.0 MATERIALS USED IN THE CONTRACT:

8.1 All mould-making materials required for the execution of the Works under the Work Order shall be supplied by SRCL and shall be used exclusively for the purposes of the said Works. The Contractor shall carry out all mould fabrication using SRCL's equipment and shall be responsible for its proper handling and maintenance.

8.2 The materials supplied by SRCL in accordance with these conditions are for the exclusive use on the main works covered by the work order. The contractor has to make his own arrangements for the materials required for his temporary/enabling works. Taking delivery from these locations, transporting including loading into and unloading from the transport vehicles, storage and other handling of the materials from the places of delivery until these materials are incorporated in the works shall be arranged by the contractor and the cost thereof shall be deemed to have been included in the contract rates. No claim or compensation shall be admitted for any delay in supply or non-supply or short supply of the above materials.

8.3 Price variation clause shall not be applicable for steel materials issued on free issue basis.

9.0 MEASUREMENTS AND PAYMENT:

9.1 The quantities indicated in the Scope of Work schedule are approximate. Payments shall be made on actual measurements. No change in the unit rate will be admissible for any variation in quantities except in so far as the increased quantities, if any agreed, will be billed at the lowest rate in the tender (L1 rate) for that job element/ slab.

9.2 The contractor will be paid for the work at the accepted rate based on the measurements and

bill raised by the contractor.

9.3 Failing the Contractor's attendance, the work may be measured by the Operating Authority/ Executing Officer of the Contract in the absence of the contractor and such measurements notwithstanding such absence of the Contractor shall be binding on the contractor whether or not he shall have signed the Measurement Book.

9.4 The contractor shall not carryout any extra item of work unless authorized to do so in writing by the Executing Officer/ Operating Authority of the Contract.

9.5 Bills will be prepared and generally paid once a month after tallying with the work completed as per the Measurement Book and certified by the Operating Authority/ Executing Officer for the Contract.

9.6 Final payment shall be made after the work has been satisfactorily completed. Based on the measurement at the accepted rates, the final bill will be raised by the contractor.

9.7 In the event of any contractor failing to pay wages to his workers by due date of 10th of successive month (in the event 10th falls on holiday, the next day will be the payment day) SRCL may pay the same and recover it from the Bills / SD together with a Penalty @20% of the bill value (excluding GST) for the default wages payment to the workers

10.0 RECOVERIES/REFUND:

10.1 Every month, deductions would be made from the bills of Contractor, towards Income Tax as per the Income Tax rules and also any other Statutory Levies as may be applicable from time to time.

10.2 The Company will refund the Earnest Money Deposit/ Security Deposit after satisfactory completion of the Contract.

10.3 Any dues to the company from the Contractor shall be adjusted from the last and final bill of the Contractor. The final bill shall be released only after recovery of all dues.

10.4 The Operating Authority/Executing Officer of the contract for SRCL, shall endorse the final bill as 'FINAL BILL' for effecting deduction and send it to Finance & Accounts Dept of SRCL along with 'checklist' of the completed job contract vis-a-vis contracted specifications, terms & conditions and the final acceptance certificate (FAC) to effect payment.

10.5 Deductions, if any, for any period of time during the validity of the contract or thereafter can be effected from the bills of the Contractor for reasons which shall be informed to the Contractor.

11.0 SAFETY:

11.1 The contractor shall take clearance from the Safety Engineering Department of SRCL before starting the work and shall give an undertaking to the Safety Engineering Department of SRCL that he will strictly adhere to the procedure of Safety Engineering Department before starting the work.

11.2 The contractor shall take adequate safety precautions for prevention of accidents at site. The contractor shall also ensure that his employees observe the statutory safety rules and regulations and also those laid down by SRCL from time to time and promptly submit the reports of accidents and state measures taken by him to prevent their recurrence and keep SRCL indemnified of all claims arising out of such accidents.

11.3 Provision and use of appropriate Safety and PPEs pertaining to the job and area of working by the Contract workmen is to be ensured by the successful contractor.

11.4 Depending upon the nature of work and likely hazard, the Contractor should supply appropriate safety appliances as per the Factories Act and Rules thereunder and failure to comply with the safety Regulations as contemplated under the law may end in stoppage of work and/or levy of fine depending upon the gravity of violation at the discretion of the Management.

11.5 If the Contractor fails to supply the required Personal Protective Equipment (PPE) immediately from the Commencement Date of the Contract, SRCL shall be entitled, at its sole discretion, to procure the PPE on behalf of the Contractor. All costs incurred by SRCL in providing such PPE shall be recoverable from the Contractor's monthly payments or deducted from the Security Deposit without prejudice to any other rights or remedies available to SRCL under this Contract.

12.0 MEDICAL:

12.1 The successful contractor must ensure that all his workmen engaged in the job/ contract has undergone pre-medical examination and the pre-medical examination cost shall be borne by the successful tenderer.

12.2 Whenever the contract workers sustain injury due to accidents while on duty, the Contractor shall be liable for providing Medical Treatment at his cost to the injured Contract labour and SRCL will have no responsibility for the same.

13.0 ACCIDENT COMPENSATION AND STATUTORY BENEFITS:

13.1 In the event of any accident to any of the employees under him, it shall be the responsibility of the Contractor to pay the statutory compensation under the relevant acts and rules thereof.

13.2 Any compensation resulting from accident shall be to the account of the Contractor.

13.3 The contractor shall maintain such insurance from companies satisfactory to SRCL as will protect SRCL from claims under the Workmen's Compensation Act and from any other claims for damage for personal injury, including death which may arise from operations under this contract whether such operations be by himself or by any sub-contractor or anyone directly or indirectly employed by either of them.

13.4 The Contractor shall obtain necessary Accident Risk Insurance Policies in respect of workers employed by them to cover all accidents while on duty (as per Statutes/ Labour Laws) resulting in temporary or permanent partial/ total disablement or death for the tenure of the contract and produce the same to the concerned Manager for scrutiny and return. The Contractor has to obtain such policies for any new worker employed by them subsequently. And in the event of any accident

or death, it is the responsibility of the Contractor to claim the compensation from the Insurance Companies on behalf of their employees.

13.5 The successful tenderer shall be responsible for obtaining and maintaining a valid Workmen's Compensation Policy for all the employees not fall under ESIC scheme.

14.0 PENALTIES:

14.1 If the Contractor fails to execute the contract or to abide by the terms specified at any time during the tenure of the contract, or if the Management has any reason to believe that the interests of the SRCL are thereby affected in any way, SRCL will issue a show-cause notice in this respect to the Contractor, the reply to which must reach SRCL within 7 working days of the date of issue of the show-cause notice. If the reply to the show-cause notice furnished by the Contractor is unsatisfactory, SRCL at its discretion may determine to levy a suitable penalty or arrange for the work being done through any other agency and/or departmentally, in which case, the Contractor shall forfeit the Security Deposit and the Contractor shall make good to SRCL any loss by way of extra expenditure etc., which has arisen as a consequence.

14.2 SRCL may also at its discretion suspend or stop business relationship with the Contractor and /or business relationship with any firm with which its employee or any director is associated with.

14.3 If the contract workers cause any damage to SRCL properties, the cost towards that will be recovered from the bills of the concerned Contractor or forfeited from the Security Deposit.

14.4 In the event of any contractor failing to pay wages to his workers by due date of 10th of successive month (in the event 10th falls on holiday, the next day will be the payment day) SRCL may pay the same and recover it from the Bills / SD together with a Penalty @20% of the bill value (excluding GST) for the default wages payment to the workers.

15.0 RISK NOTICE:

15.1 For Job Contract cases, notice for execution of order on risk & cost of any contractor can be issued during valid period of contract also if contractor either fails to start the work within reasonable time, the progress of the job is poor or for any breach of contract.

15.2 In such a case, SRCL shall be entitled (a) to forfeit the whole or such portion of the Security Deposit as it may be considered fit and (b) to re-tender and / or recover from the contractor the cost of carrying out the balance work and such excess sums which becomes payable by SRCL over & above the rates of work had it been carried out by the contractor under the terms of the work order.

16.0 TERMINATION AND EXTENSION OF CONTRACT:

16.1 It shall be clearly understood that the contract awarded to the successful tenderer shall automatically stand terminated on the expiry of the contract period, unless the Management orders extension of the contract for a further period. If extended, it shall be without escalation. The Contractor shall carry out the works as per the terms and conditions of award during the extended period also.

16.2 SRCL reserves the right to terminate the contract at any time before the expiry of the term of

this contract without assigning any reason, by giving one month's notice in writing.

16.3 Failure of the successful bidder to comply with the requirement of the GCC for Job Contracts of SRCL and other W.O. / Contract clauses shall constitute sufficient ground for the Annulment of the Contract and forfeiture of EMD/ Security Deposit, in which event SRCL may at its discretion award the Contract to any other bidder or call for new bids.

17.0 FORCE MAJEURE:

17.1 Nothing in this context shall be construed as a failure or breach of contract either on the part of SRCL or the Contractor, if either of them or both are prevented from discharging their obligations under this contract by reasons of arrests, restraints by Government, blockades, revolutions, insurrections, mobilizations, civil commotions, riots, accidents, destructions of properties / assets by fire, flood, tempest, earthquake or any other natural calamities or due to unforeseen circumstances such as shortage of fuel & power, raw materials, accumulation of stocks, breakdown of machinery or on account of any other cause or causes beyond the control of the parties to the contract.

17.2 On the occurrence of any of the force majeure conditions, as referred to above, the Contractor concerned shall notify SRCL in writing of such occurrence as soon as possible, but within 48 hours of the occurrence stating therein:

- The nature of such force majeure condition
- The date of commencement of such force majeure condition, AND
- The anticipated duration of such force majeure condition (if such duration can be estimated).

17.3 The disabled party/ Contractor and the remaining party/Contractor shall employ all reasonable means to reduce the consequence of such force majeure disability and shall employ all reasonable means to terminate the same.

18.0 ABIDING BY THE DECISION OF COURT, ETC:-

18.1 The Contractor shall abide by the decisions/ recommendations/ awards by the courts/ labour/ industrial tribunal/ wage board or commissions appointed by the appropriate government in respect of the provisions of the decisions/awards/recommendations from time to time and maintain such relevant records and registers as are required to be maintained under these legislations/- awards/decisions and produce the same before the Officers of the employer and other statutory authorities as and when required.

19.0 RESOLUTION OF DISPUTES:

19.1 CONCILIATION:

19.1.1 Any dispute or difference whatsoever arising between the parties relating to or arising out of contract shall be settled first by conciliation in accordance with the Rules of Conciliation of SCOPE and the settlement so rendered between the parties in pursuance thereof shall be binding on the parties.

19.2 ARBITRATION:

19.2.1 In the event the dispute/difference is not resolved through conciliation in accordance with

the Rules of Conciliation of SCOPE, the matter shall be referred for a decision to a Sole Arbitrator to be appointed by the C.O.O. of the Company. The C.O.O. of the Company shall notify to the Contractor/ Purchaser three names out of which one can be appointed as the Sole Arbitrator with the consent of both the parties. In case the other party /ies do not agree to the appointment of the Sole Arbitrator to be appointed by the C .O.O. it will be substituted by the Arbitration Clause.

19.2.2 Any dispute or difference whatsoever arising between the parties and/ of / or relating to the construction, interpretation, application, meaning, scope, operation or effect of this contract or the validity or the breach thereof, shall be settled by Arbitration in accordance with the Rules of Arbitration of SCOPE and the award made in pursuance thereof shall be final and binding on the parties.

19.3 Accepted matters as per the contract shall not be the subject matter of Conciliation/Arbitration.

19.4 Work/ supply under the contract shall be continued by the Contractor/Supplier under the contract pending Conciliation/ Arbitration proceedings and recourse to Conciliation/Arbitration shall not become a bar to continuing with the contracted work/supply.

19.5 The venue of Conciliation /Arbitration shall be Salem (Tamil Nadu).

19.6 The Courts at Salem alone shall have jurisdiction over all matter of disputes arising out of the contract to the exclusion of all other courts.

SCOPE OF WORK AND SCHEDULE**JOB DESCRIPTION:**

Mould box making, Mould box changing and Press plate tapper changing job works for the Presses at SRCL.

S. No	Nature of Work / Job	Quantity	Unit
1	Mould Box Assembly making work for Laeis I & II 800 Ton Press as per Annexure – C Scope of work Point No: I	168	PCS
2	Mould Box Assembly making work for Horn 1600 Ton Press as per Annexure – C Scope of work Point No: II	48	PCS
3	Mould Box Assembly making work for Laeis III 2500 Ton Press as per Annexure – C Scope of work Point No: II	48	PCS
4	Mould Box Assembly making work for Special Shape / Size for 800 to 1600 Ton Press as per Annexure – C Scope of work Point No: IV	4	PCS
5	Fabrication of New Mould Box Assembly as per Shape / Size for 800 to 1600 Ton Press as per Annexure – C Scope of Work Point No: V	3	PCS
6	Mould Box Assembly Changing Job in Laeis I & II 800 Ton Press as per Annexure – C Scope of Work Point No: VI	168	PCS
7	Mould Box Assembly Changing Job in Horn 1600 Ton Press as per Annexure – C Scope of Work Point No: VII	48	PCS
8	Mould Box Assembly Changing Job in Laeis III 2500 Ton Press as per Annexure – C Scope of Work Point No: VIII	48	PCS
9	Press Plate Tapper Changing Job in Laeis I & II 800 Ton Press as per Annexure – C Scope of Work Point No: IX	168	PCS
10	Press Plate Tapper Changing Job in Horn 1600 Ton Press as per Annexure – C Scope of Work Point No: X	48	PCS
11	Press Plate Tapper Changing Job in Laeis III 2500 Ton Press as per Annexure – C Scope of Work Point No: XI	48	PCS
12	Single Cavity Mould Box Assembly making work for Laeis IV 1000 Ton Press as per Annexure – C Scope of work Point No: XII	50	PCS
13	Single Cavity Mould Box Assembly Changing Job in Laeis IV 1000 Ton Press as per Annexure – C Scope of Work Point No: XIII	50	PCS
14	Double Cavity Mould Box Assembly making work for Laeis IV 1000 Ton Press as per Annexure – C Scope of work Point No: XIV	60	PCS
15	Double Cavity Mould Box Assembly Changing Job in Laeis IV 1000 Ton Press as per Annexure – C Scope of Work Point No: XV	60	PCS
16	Press Plate Tapper Changing Job in Laeis IV 1000 Ton Press as per Annexure – C Scope of Work Point No: XVI	12	PCS
		1031	PCS

NOTE:

The following Repair & Recondition Jobs are also included with the above mould making, mould changing and tapper changing Jobs for the Point No: 1 to 16.

- 1) Press plates chipping problem correction inclusive of Press plate welding, size surface, fitting in the press and pressing maximum 5 no's of bricks in the Presses.
- 2) New press plates size to be surfaced as per required size if the running press plates are broken in the press.
- 3) Plunger / Flange bolts tightening / changing work (if necessary) in the presses.
- 4) Press plate welding and Size surface work for required size.
- 5) Liners cutting work and Size surface work for required size.
- 6) Loose plates, packing plates cutting work and size surface for required size.
- 7) Cover plate & Retainer plate cutting and welding work for required size.
- 8) Flange marking, Size surface work and drilling work for required size.

ELIGIBILITY CRITERIA

1) Commercial Eligibility:

1. Average annual financial turnover during the last 03 (three) years ending 31st March 2025, should be at least **Rs.23.53 Lakhs.**
2. In support of the financial turnover, the turnover certificate / audited profit and loss account certified duly certified by a Practicing Chartered Accountant (with official seal and membership number) for last 03 (three) years ending 31st March 2025.

2) Technical Eligibility:

a) Experience & Documents required:

Experience of having successfully completed or substantially completed similar work by the bidder during last seven (07) years ending March 2025 previous to the one in which tender is issued should be either of the following:

- i) Three similar completed works each costing not less than the amount equal to **Rs.31.37 Lakhs.**
- ii) Two similar completed works each costing not less than the amount equal to **Rs.39.22 Lakhs.**
- iii) One similar completed work costing not less than the amount equal to **Rs.62.75 Lakhs.**

b) Definition of Similar work:

- i) The tenderer must have experience in supply of Labour /Job Contract /Manpower contract and must have supplied a minimum 17 persons per day for the continuous period of one year or completed a minimum of 5250 Manshifts in the period of one year. The Labour /Job Contract /Manpower contract experience should be in SRCL or Any other Steel/Refractory Manufacturing/Brick making Plant (or) Operation & Maintenance contract involving any process-related job in Refractory or Steel Plants.
- ii) The bidder shall submit the self-attested documents as a proof, (1) copies of relevant work orders, (2) copies of valid labour licence certificates and (3) copies of work completion certificates issued by the concerned Organizations.

1) Scope of work

I) MOULD BOX ASSEMBLY MAKING FOR LAEIS I & II 800 TON PRESS:

- (i) Mould box dismantling from Press and Mould box shifting from press bay to workshop. Mould box, Mould cavity parts opening work.
- (ii) End liners, Side liners surfacing and Hardness testing. If the hardness are not as per our requirement, another liner to be used for the same size and again the liners surface and hardness testing.
- (iii) Bottom cover plate work as per the cavity size.
- (iv) Mould cavity fitting to be made ready as per the requirement / assigned size with end liners, side liners and packing plates. Packing plates should be surfaced condition as per the size requirement.
- (v) Top cover plate to be fitted as per required size of the Mould cavity fitting with gas cutting and welding work.
- (vi) Top retaining plate to be fitted as per required size of the Mould cavity fitting with gas cutting and welding work.
- (vii) Top and Bottom press plates to be surfaced and size matched for the mould cavity.
- (viii) Top & Bottom press plates setting work in the required plungers with flange, loose plates and studs.
- (ix) Mould box setting work and the same mould box to be kept in the stacking place.
- (x) **Mould making Job should be completed within 4 shifts for Laeis I & II-800 Ton press.**
- (xi) **Exceeding of the 4 shifts for the mould making job in Laeis I & II – 800 Ton Press, Penalty amount of Rs: 200/- to be imposed to the contractor for every mould making for every shift.**

II) MOULD BOX ASSEMBLY MAKING FOR HORN 1600 TON PRESS:

- (i) Mould box dismantling from Press and Mould box shifting from press bay to workshop. Mould box, Mould cavity parts opening work.
- (ii) End liners, Side liners surfacing and Hardness testing. If the hardness are not as per our requirement, another liner to be used for the same size and again the liners surface and hardness testing.
- (iii) Bottom cover plate work as per the cavity size.
- (iv) Mould cavity fitting to be made ready as per the requirement / assigned size with end liners, side liners and packing plates. Packing plates should be surfaced condition as per the size requirement.
- (v) Top cover plate to be fitted as per required size of the Mould cavity fitting with gas cutting and welding work.
- (vi) Top retaining plate to be fitted as per required size of the Mould cavity fitting with gas cutting and welding work.
- (vii) Top and Bottom press plates to be surfaced and size matched for the mould cavity.
- (viii) Top & Bottom press plates setting work in the required plungers with flange, loose plates and studs.
- (ix) Mould box setting work and the same mould box to be kept in the stacking place.
- (x) **Mould making Job should be completed within 4 shifts for Horn – 1600 Ton press.**
- (xi) **Exceeding of the 4 shifts for the mould making job in Horn – 1600 Ton Press, Penalty amount of Rs: 200/- to be imposed to the contractor for every mould making for every shift.**

III) MOULD BOX ASSEMBLY MAKING FOR LAEIS III 2500 TON PRESS:

- (i) Mould box dismantling from Press and Mould box assembly opening work.
- (ii) End liners, Side liners surfacing and Hardness testing. If the hardness are not as per our requirement, another liner to be used for the same size and again the liners surface and hardness testing.
- (iii) Bottom cover plate work as per the cavity size.
- (iv) Mould cavity fitting to be made ready as per the requirement / assigned size with end liners, side liners and packing plates. Packing plates should be surfaced condition as per the size requirement.
- (v) Top cover plate to be fitted as per required size of the Mould cavity fitting with gas cutting and welding work.
- (vi) Top retaining plate to be fitted as per required size of the Mould cavity fitting with gas cutting and welding work.
- (vii) Top and Bottom press plates to be surfaced and size matched for the mould cavity.
- (viii) Top & Bottom press plates setting work in the required plungers with flange, loose plates and studs.
- (ix) Mould box setting work and the same mould box to be kept in the stacking place.
- (x) **Mould making Job should be completed within 4 shifts for Laeis III – 2500 Ton Press.**
- (xi) **Exceeding of the 4 shifts respectively for the mould making job in Laeis III – 2500 Ton Press, Penalty amount of Rs: 200/- to be imposed to the contractor for every mould making every shift.**

IV) MOULD BOX ASSEMBLY MAKING FOR SPECIAL SHAPE / SIZE FOR 800 TO 1600 TON PRESS:

- (i) Mould box dismantling work if the mould box available in stacking place or Mould box is dismantling from press and Mould box shifting from press bay to workshop.
- (ii) End liners, Side liners surfacing and Hardness testing. If the hardness are not as per our requirement, another liner to be used for the same size and again the liners surface and hardness testing.
- (iii) Bottom cover plate work as per the cavity size.
- (iv) Mould cavity fitting to be made ready as per the requirement / assigned size with end liners, side liners and packing plates. Packing plates should be surfaced condition as per the size requirement.
- (v) Top cover plate to be fitted as per required size of the Mould cavity fitting with gas cutting and welding work.
- (vi) Top retaining plate to be fitted as per required size of the Mould cavity fitting with gas cutting and welding work.
- (vii) Top and Bottom press plates to be surfaced and size matched for the mould cavity.
- (viii) Top & Bottom press plates setting work in the required plungers with flange, loose plates and studs.
- (ix) Mould box setting work and the same mould box to be kept in the stacking place.
- (x) **Mould making Job should be completed within 6 shifts for the Fabrication of Mould box assembly for Special Shape / Size.**
- (xi) **Exceeding of the 6 shifts for the mould making job for the Fabrication of mould box assembly for Special Shape / Size, Penalty amount of Rs: 200/- to be imposed to the contractor for every mould making for every shift.**

V) FABRICATION OF NEW MOULD BOX ASSEMBLY AS PER SHAPE / SIZE FOR 800 TO 1600 TON PRESS:

- (i) Mould box, mould cavity parts opening work, End liner and Side liner to be made ready according to the required shape / size.
- (ii) Mould cavity to be formed as per required shape / size.
- (iii) Top & Bottom cover plate to be made with gas cutting, welding and required drilling work.
- (iv) Bottom cover plate to be fitted in the mould box.
- (v) Mould cavity fitting to be made ready as per the requirement / assigned size with end liners, side liners and packing plates. Packing plates should be surfaced condition as per the size requirement.
- (vi) Bottom cover plate to be fitted in the mould box.
- (vii) Top retaining plate to be fitted as per required size of the Mould cavity fitting with gas cutting and welding work.
- (viii) Top and Bottom press plates to be surfaced and size matched for the mould cavity.
- (ix) Top & Bottom press plates setting work in the required plungers with flange, loose plates.
- (x) Mould box setting work and the same mould box to be kept in the stacking place.
- (xi) **Mould making Job should be completed within 6 shifts for the new size Mould box assembly.**
- (xii) **Exceeding of the 6 shifts for the mould making job for the new size mould box assembly, Penalty amount of Rs: 200/- to be imposed to the contractor for every mould making for every shift.**

VI) MOULD BOX ASSEMBLY CHANGING JOB IN LAEIS I & II 800 TON PRESS:

- (i) Removing of existing mould box, transportation of removed mould box from press section to workshop, required size mould box is shifting to the press section and changing of new mould box assembly in the press.
- (ii) Mould changing job inclusive of transportation of mould box from workshop to press section, adding or removing channel and roller in the press, press plate grinding, taper and symmetry size correction if required.
- (iii) Required size checking after mould changing, contractor should press maximum 5 no's of brick in the press for brick quality.
- (iv) After completion of mould change, contractor should get clearance from QC Laboratory to ensure the quality and size of the brick.
- (v) Mould changing job will be approved after getting concurrence from QC authorities only.
- (vi) **Mould changing job should be completed within 4 Hours for Laeis I & II – 800 Ton Press.**
- (vii) **Exceeding of the 4 Hours for the mould changing job in Laeis I & II – 800 Ton press, Penalty amount of Rs: 100/- to be imposed to the contractor for every hours of excessive mould changing.**

VII) MOULD BOX ASSEMBLY CHANGING JOB IN HORN 1600 TON PRESS:

- (i) Removing of existing mould box, transportation of removed mould box from press section to workshop, required size mould box is shifting to the press section and changing of new mould box assembly in the press.
- (ii) Mould changing job inclusive of transportation of mould box from workshop to press section, adding or removing channel and roller in the press, press plate grinding, taper and symmetry size correction if required.
- (iii) Required size checking after mould changing, contractor should press maximum 5 no's of brick in the press for brick quality.

- (iv) After completion of mould change, contractor should get clearance from QC Laboratory to ensure the quality and size of the brick.
- (v) Mould changing job will be approved after getting concurrence from QC authorities only.
- (vi) **Mould changing job should be completed within 4 Hours for Horn – 1600 Ton Press.**
- (vii) **Exceeding of the 4 Hours for the mould changing job in Horn – 1600 Ton press, Penalty amount of Rs: 100/- to be imposed to the contractor for every hours of excessive mould changing.**

VIII) MOULD BOX ASSEMBLY CHANGING JOB IN LAEIS III 2500 TON PRESS:

- (i) Removing of existing mould box, transportation of removed mould box from press section to workshop, required size mould box is shifting to the press section and changing of new mould box assembly in the press.
- (ii) Mould changing job inclusive of transportation of mould box spare parts from workshop to press section, press plate grinding, taper and symmetry size correction if required.
- (iii) Required size checking after mould changing, contractor should press maximum 5 no's of brick in the press for brick quality.
- (iv) After completion of mould change, contractor should get clearance from QC Laboratory to ensure the quality and size of the brick.
- (v) Mould changing job will be approved after getting concurrence from QC authorities only.
- (vi) **Mould changing job should be completed within 4 Hours for Laeis – 2500 Ton Press.**
- (vii) **Exceeding of the 4 Hours for the mould changing job in Laeis – 2500 Ton press, Penalty amount of Rs: 100/- to be imposed to the contractor for every hours of excessive mould changing.**

IX) PRESS PLATE TAPPER CHANGING JOB IN LAEIS I & II 800 TON PRESS:

- (i) Existing Top & Bottom press plates to be removed from the mould box assembly in the Press.
- (ii) Required size Top & Bottom press plates to be taken to the press section and the same to be changed in the existing mould box assembly.
- (iii) Press plate size grinding work for required taper in End Arch / Side Arch / Straight as per the brick size required from Production department and QC Laboratory.
- (iv) Finished size Top & Bottom press plates to be fitted in the mould box assembly of the press.
- (v) After completion of brick size taper change, contractor should press maximum 5 no's of brick and get clearance from QC Laboratory to ensure the quality and size of the brick.
- (vi) Tapper changing job will be approved after getting concurrence from QC authorities only.
- (vii) **Tapper changing job should be completed within 4 Hours for Laeis I & II – 800 Ton Press.**
- (viii) **Exceeding of the 4 Hours for the mould changing job in Laeis I & II – 800 Ton press, Penalty amount of Rs: 100/- to be imposed to the contractor for every hours of excessive tapper changing.**

X) PRESS PLATE TAPPER CHANGING JOB IN HORN 1600 TON PRESS:

- (i) Existing Top & Bottom press plates to be removed from the mould box assembly in the Press.

- (ii) Required size Top & Bottom press plates to be taken to the press section and the same to be changed in the existing mould box assembly.
- (iii) Press plate size grinding work for required taper in End Arch / Side Arch / Straight as per the brick size required from Production department and QC Laboratory.
- (iv) Finished size Top & Bottom press plates to be fitted in the mould box assembly of the press.
- (v) After completion of brick size taper change, contractor should press 5 no's of brick and get clearance from QC Laboratory to ensure the quality and size of the brick.
- (vi) Taper changing job will be approved after getting concurrence from QC authorities only.
- (vii) **Taper changing job should be completed within 4 Hours for Horn – 1600 Ton Press.**
- (viii) **Exceeding of the 4 Hours for the mould changing job in Horn – 1600 Ton press, Penalty amount of Rs: 100/- to be imposed to the contractor for every hours of excessive taper changing.**

XI) PRESS PLATE TAPER CHANGING JOB IN LAEIS III 2500 TON PRESS:

- (i) Existing Top & Bottom press plates to be removed from the mould box assembly in the Press.
- (ii) Required size Top & Bottom press plates to be taken to the press section and the same to be changed in the existing mould box assembly.
- (iii) Press plate size grinding work for required taper in End Arch / Side Arch / Straight as per the brick size required from Production department and QC Laboratory.
- (iv) Finished size Top & Bottom press plates to be fitted in the mould box assembly of the press.
- (v) After completion of brick size taper change, contractor should press maximum 5 no's of brick and get clearance from QC Laboratory to ensure the quality and size of the brick.
- (vi) Taper changing job will be approved after getting concurrence from QC authorities only.
- (vii) **Taper changing job should be completed within 4 Hours for Laeis III – 2500 Ton Press.**
- (viii) **Exceeding of the 4 Hours for the mould changing job in Laeis III – 2500 Ton press, Penalty amount of Rs: 100/- to be imposed to the contractor for every hours of excessive taper changing.**

XII) SINGLE CAVITY MOULD BOX ASSEMBLY MAKING FOR LAEIS IV 1000 TON PRESS:

- (i) Mould box dismantling from Press and Mould box assembly opening work.
- (ii) End liners, Side liners surfacing and Hardness testing. If the hardness are not as per our requirement, another liner to be used for the same size and again the liners surface and hardness testing.
- (iii) Bottom cover plate work as per the cavity size.
- (iv) Mould cavity fitting to be made ready as per the requirement / assigned size with end liners, side liners and packing plates. Packing plates should be surfaced condition as per the size requirement.
- (v) Top cover plate to be fitted as per required size of the Mould cavity fitting with gas cutting and welding work.
- (vi) Top retaining plate to be fitted as per required size of the Mould cavity fitting with gas cutting and welding work.

- (vii) Top and Bottom press plates to be surfaced and size matched for the mould cavity.
- (viii) Top & Bottom press plates setting work in the required plungers with flange, loose plates and studs.
- (ix) Mould box setting work and the same mould box to be kept in the stacking place.
- (x) **Mould making Job should be completed within 5 shifts of Single Cavity Mould Box for Laeis IV – 1000 Ton press.**
- (xi) **Exceeding of the 5 shifts respectively for the mould making job in Laeis IV – 1000 Ton Press, Penalty amount of Rs: 200/- to be imposed to the contractor for every mould making every shift.**

XIII) SINGLE CAVITY MOULD BOX ASSEMBLY CHANGING JOB IN LAEIS IV 1000 TON PRESS:

- (i) Removing of existing mould box, transportation of removed mould box from press section to workshop, required size mould box is shifting to the press section and changing of new mould box assembly in the press.
- (ii) Mould changing job inclusive of transportation of mould box spare parts from workshop to press section, press plate grinding, taper and symmetry size correction if required.
- (iii) Required size checking after mould changing, contractor should press maximum 5 no's of brick in the press for brick quality.
- (iv) After completion of mould change, contractor should get clearance from QC Laboratory to ensure the quality and size of the brick.
- (v) Mould changing job will be approved after getting concurrence from QC authorities only.
- (vi) **Mould changing job should be completed within 4 Hours for Laeis IV – 1000 Ton Press.**
- (vii) **Exceeding of the 4 Hours for the mould changing job in Laeis IV – 1000 Ton press, Penalty amount of Rs: 100/- to be imposed to the contractor for every hours of excessive mould changing**

XIV) DOUBLE CAVITY MOULD BOX ASSEMBLY MAKING FOR LAEIS IV 1000 TON PRESS:

- (i) Mould box dismantling from Press and Mould box assembly opening work.
- (ii) End liners, Side liners surfacing and Hardness testing. If the hardness are not as per our requirement, another liner to be used for the same size and again the liners surface and hardness testing.
- (iii) Bottom cover plate work as per the cavity size.
- (iv) Mould cavity fitting to be made ready as per the requirement / assigned size with end liners, side liners and packing plates. Packing plates should be surfaced condition as per the size requirement.
- (v) Top cover plate to be fitted as per required size of the Mould cavity fitting with gas cutting and welding work.
- (vi) Top retaining plate to be fitted as per required size of the Mould cavity fitting with gas cutting and welding work.
- (vii) Top and Bottom press plates to be surfaced and size matched for the mould cavity.
- (viii) Top & Bottom press plates setting work in the required plungers with flange, loose plates and studs.
- (ix) Mould box setting work and the same mould box to be kept in the stacking place.
- (x) **Mould making Job should be completed within 6 shifts of Double Cavity Mould Box for Laeis IV – 1000 Ton press.**
- (xi) **Exceeding of the 6 shifts respectively for the mould making job in Laeis IV – 1000 Ton Press, Penalty amount of Rs: 200/- to be imposed to the contractor for every mould making every shift.**

XV) DOUBLE CAVITY MOULD BOX ASSEMBLY CHANGING JOB IN LAEIS IV 1000 TON PRESS:

- (i) Removing of existing mould box, transportation of removed mould box from press section to workshop, required size mould box is shifting to the press section and changing of new mould box assembly in the press.
- (ii) Mould changing job inclusive of transportation of mould box spare parts from workshop to press section, press plate grinding, taper and symmetry size correction if required.
- (iii) Required size checking after mould changing, contractor should press maximum 5 no's of brick in the press for brick quality.
- (iv) After completion of mould change, contractor should get clearance from QC Laboratory to ensure the quality and size of the brick.
- (v) Mould changing job will be approved after getting concurrence from QC authorities only.
- (vi) **Mould changing job should be completed within 4 Hours for Laeis IV – 1000 Ton Press.**
- (vii) **Exceeding of the 4 Hours for the mould changing job in Laeis IV – 1000 Ton press, Penalty amount of Rs: 100/- to be imposed to the contractor for every hours of excessive mould changing**

XVI) PRESS PLATE TAPPER CHANGING JOB IN LAEIS IV 1000 TON PRESS:

- (i) Existing Top & Bottom press plates to be removed from the mould box assembly in the Press.
- (ii) Required size Top & Bottom press plates to be taken to the press section and the same to be changed in the existing mould box assembly.
- (iii) Press plate size grinding work for required taper in End Arch / Side Arch / Straight as per the brick size required from Production department and QC Laboratory.
- (iv) Finished size Top & Bottom press plates to be fitted in the mould box assembly of the press.
- (v) After completion of brick size taper change, contractor should press maximum 5 no's of brick and get clearance from QC Laboratory to ensure the quality and size of the brick.
- (vi) Tapper changing job will be approved after getting concurrence from QC authorities only.
- (vii) **Tapper changing job should be completed within 4 Hours for Laeis IV – 1000 Ton Press.**
- (viii) **Exceeding of the 4 Hours for the mould changing job in Laeis IV – 1000 Ton press, Penalty amount of Rs: 100/- to be imposed to the contractor for every hours of excessive taper changing.**

NOTE:

The following Repair & Recondition Jobs are also included with the above mould making, mould changing and taper changing Jobs for the Point No: I to XVI.

- 1) Press plates chipping problem correction inclusive of Press plate welding, size surface, fitting in the press and pressing maximum 5 no's of bricks in the Presses.
- 2) New press plates size to be surfaced as per required size if the running press plates are broken in the press.
- 3) Plunger / Flange bolts tightening / changing work (if necessary) in the presses.
- 4) Press plate welding and Size surface work for required size.
- 5) Liners cutting work and Size surface work for required size.
- 6) Loose plates, packing plates cutting work and size surface for required size.

- 7) Cover plate & Retainer plate cutting and welding work for required size.
- 8) Flange marking, Size surface work and drilling work for required size.

Shifts and Hours details for doing the mould making, mould changing & tapper changing job works.

S. No	Nature of Work / Job	No. of Shifts	No. of Hours
1	MOULD BOX ASSY MAKING FOR LAEIS I & II 800 TON PRESS	4	
2	MOULD BOX ASSY MAKING FOR HORN 1600 TON PRESS	4	
3	MOULD BOX ASSY MAKING FOR LAEIS III 2500 TON PRESS	4	
4	MOULD BOX ASSY MAKING FOR SPECIAL SHAPE / SIZE FOR 800 TO 1600 TON PRESS	6	
5	FABRICATION OF NEW MOULD BOX ASSY AS PER SHAPE / SIZE FOR 800 TO 1600 TON PRESS	6	
6	MOULD BOX CHANGING JOB IN LAEIS I & II 800 TON PRESS		4
7	MOULD BOX CHANGING JOB IN HORN 1600 TON PRESS		4

15	MOULD BOX CHANGING JOB IN LAEIS 1000 TON PRESS	4
16	TAPPER SIZE CHANGING JOB IN LAEIS IV 1000 TON PRESS	3

3) Execution of Job for Mould Making:

- 1) The mould making job in the Mould section is to be done in three shifts as per requirement. The mould making is to be carried out throughout the period including OFF days on daily basis as per requirement from the date of awarding contract. *The job requirement will be intimated by the Operating Authority, GM (Works & Maint) / Executing Authority, AGM (Workshop) based on the order position.*
- 2) All mould making related machinery spares such as grinding segments, grinding wheels, bolts & nuts and others related items, as well as machine maintenance, repair and reconditioning works, shall be carried out by the tenderer's workers to ensure uninterrupted mould making operations. Departmental workers may provide assistance for these works subject to availability of manpower in the workshop.
- 3) **Forklift Operation:** The contractor has to provide sufficient skilled Forklift operator to ensure the proper handling of the Forklifts and to mould transportation and changing of Mould box assembly in Laeis Press-I, II (800 Ton), LP-III (2500 Ton), LP-IV (1000 Ton) and Horn (1600 Ton) Presses.
- 4) Contractor should be provided the forklift driver with forklift vehicle for workshop, to transport any mould spares / heavy materials / machinery spares on as when as required basis & time to time intimation by Executing Authority (EA).
- 5) **Operating Shift Details:** The Mould Making Section shall operate in two shifts and a General Shift on weekly working days, as follows: 1st Shift (A) from 6:00 AM to 2:00 PM, 2nd Shift (B) from 2:00 PM to 10:00 PM, and General Shift (G) from 9:00 AM to 5:00 PM. In case of urgency/emergency, the contractor shall deploy workmen in "C" shifts and/or during odd hours and holidays if necessary, based on the instructions of the EA and OA.
- 6) In Sunday: Sufficient manpower to be allocated for one or two shifts if necessary/urgency based on the instructions of OA/EA.
- 7) **Supports to be provided by the Employer:**
 - a. The employer shall provide the mould making spares like press plates, liners, flanges, plungers, studs, packing plates, bolt & nuts, shim as on request.
 - b. The contractor shall submit the list of required mould making spare parts well in advance to enable the employer to raise the PR and PO in timely manner, as the procurement and delivery of spare parts may take a long time.
 - c. Spare parts repair & reconditions shall be done departmentally with available machineries in workshop department.
 - d. Electricity, Water and Compressed Air.

8) Penalty Clause for Mould making, Mould changing and Tapper changing Jobs:

S. No	Description of Job/Work	Total Shifts for job work	Penalty Amount	Penalty per Shift/ Hour
1	MOULD BOX ASSEMBLY MAKING FOR LAEIS I & II 800 TON PRESS	4 Shifts	Rs: 200/-	Per Shift
2	MOULD BOX ASSEMBLY MAKING FOR HORN 1600 TON PRESS	4 Shifts	Rs: 200/-	Per Shift
3	MOULD BOX ASSEMBLY MAKING FOR LAEIS III 2500 TON PRESS	4 Shifts	Rs: 200/-	Per Shift
4	MOULD BOX ASSEMBLY MAKING FOR SPECIAL SHAPE / SIZE FOR 800 TO 1600 TON PRESS	6 Shifts	Rs: 200/-	Per Shift
5	FABRICATION OF NEW MOULD BOX ASSEMBLY AS PER SHAPE / SIZE FOR 800 TO 1600 TON PRESS	6 Shifts	Rs: 200/-	Per Shift
6	MOULD BOX ASSEMBLY CHANGING JOB IN LAEIS I & II 800 TON PRESS	4 Hours	Rs: 100/-	Per Hour
7	MOULD BOX ASSEMBLY CHANGING JOB IN HORN 1600 TON PRESS	4 Hours	Rs: 100/-	Per Hour
8	MOULD BOX ASSEMBLY CHANGING JOB IN LAEIS III 2500 TON PRESS	4 Hours	Rs: 100/-	Per Hour
9	PRESS PLATE TAPPER SIZE CHANGING JOB IN LAEIS I & II 800 TON PRESS	4 Hours	Rs: 100/-	Per Hour
10	PRESS PLATE TAPPER SIZE CHANGING JOB IN HORN 1600 TON PRESS	4 Hours	Rs: 100/-	Per Hour
11	PRESS PLATE TAPPER SIZE CHANGING JOB IN LAEIS III 2500 TON PRESS	4 Hours	Rs: 100/-	Per Hour
12	SINGLE CAVITY MOULD BOX ASSEMBLY MAKING FOR LAEIS IV 1000 TON PRESS	5 Shifts	Rs: 200/-	Per Shift
13	SINGLE CAVITY MOULD BOX ASSEMBLY CHANGING JOB IN LAEIS IV 1000 TON PRESS	4 Hours	Rs: 100/-	Per Hour
14	DOUBLE CAVITY MOULD BOX ASSEMBLY MAKING FOR LAEIS IV 1000 TON PRESS	6 Shifts	Rs: 200/-	Per Shift
15	DOUBLE CAVITY MOULD BOX ASSEMBLY CHANGING JOB IN LAEIS IV 1000 TON PRESS	4 Hours	Rs: 100/-	Per Hour
16	PRESS PLATE TAPPER SIZE CHANGING JOB IN LAEIS IV 1000 TON PRESS	4 Hours	Rs: 100/-	Per Hour

4) General Terms and Condition of the Mould making Contract:

- 1) The Contractor shall supply sufficient quantities of washing soap (bar soap) to all workers involved in mould making, mould changing, and tapper changing activities, ensuring uninterrupted availability for the full duration of the contract.
- 2) The Contractor shall execute all jobs as specified in the Scope of Work (Annexure-A), including all repair and reconditioning works as noted therein. The Contractor or his authorized representative shall remain available at the site during the execution of the work to receive and comply with instructions issued by the Operating Authority / Executing Authority or their duly authorized representative in all matters related to the work.
- 3) The work area is to be kept clean. Used materials & bolt, nuts, studs, packing plates etc shall be kept to respective place as directed by the Operating Authority / Executing Authority.
- 4) Maintaining proper records of Mould making, mould changing, tapper changing, repair and recondition activities in a Triplicate Form in different colours (proforma as given by

department) jointly signed by the contractor and the operating authority or his representative. The contractor will print the Performance Register. First copy of the daily report will be given to the office of the Operating Authority (OA). The second copy to be submitted along with invoice / bill.

- 5) In case of emergency jobs, the assigned mould making, mould changing, tapper changing, repair and recondition work has to be carried out as per requirement on Sundays and holidays as per the urgency/requirement of the work.
- 6) The contract workmen are entitled for double wages when they are engaged on notified paid holidays and the extra additional wage for those paid holidays should be borne by the successful tenderer.
- 7) Tools and tackles required for carrying out the jobs as per the scope of work shall be provided by SRCL, subject to availability; otherwise, the same shall be arranged by the Contractor at its own cost.
- 8) If any spares required for day to day Mould making, mould changing, tapper changing, repair and recondition work, the same shall be provided by SRCL to the Contractor, subject to availability, or otherwise the same will be procured by the employer and provided to the contractor.
- 9) All local invoice/bills should have GST number.
- 10) The Contractor should ensure that before taking the tools and tackles or other special tools inside the Works, the same are properly recorded with Security Personal at the Factory Main Gate. A proper record of such bought out items shall be maintained by the contractor with separate registers for consumables and tools. At the time of closure of the contract, the contractor has to return the tools as per the records to the Operating Authority / Executing Authority. The cost of any unreturned tools shall be deducted in the contractor's Final Bill/Security deposit.
- 11) The Contractor shall ensure satisfactory execution of the jobs mentioned in the scope of work.
- 12) Annealing/Heat Treatment Furnaces and bench or flexible Grinders and other etc. can be used as per advice.
- 13) ***The contractor shall prepare a Job Work Acceptance Sheet/Slip for each and every mould making, mould changing, and tapper changing job carried out on the presses. The acceptance sheet/slip shall include, but not be limited to, the following details: mould number(s), press name/number, mould fitting brick size, brick code name, fitter name, date and time of commencement and completion. The same Job Work Acceptance Sheets/Slips shall be duly signed by the following persons of (i) and (ii) and enclosed with the Job Acceptance Register and must be submitted along with the contractor's monthly bill/invoice for verification and payment.***
 - (i) ***The mould box making job work completion sheet/slip should be signed by the contract supervisor, workshop department mould section non executive and AGM (Workshop).***
 - (ii) ***The mould box changing and press plate tapper changing job work completion sheet/slip should be signed by the workshop mould section non executive, production department contract supervisor and AGM (Production).***
- 14) All mould making, mould changing, tapper changing, repair, and reconditioning works carried out on a day-to-day basis shall be clearly and accurately recorded by the contractor or his authorized representative in the Register/Book on a daily basis.
- 15) The contractor has to deploy required skilled workers as instructed by the Operating Authority / Executing Authority to carry out the assigned jobs.
- 16) The contractor shall maintain a daily attendance register. The same shall be verified and countersigned by the Operating Authority / Executing Authority on a monthly basis at the time of submission of the monthly bill.
- 17) The personnel shall work in "A", "B" and "G" (General) shifts on weekly working days, with sufficient manpower deployed strictly in accordance with OA/EA instructions. In the event of any emergency, the Contractor shall mandatorily deploy workmen in "C" shifts, odd hours,

Sundays, and holidays, as directed by the Executing Authority or his authorized representative for the Mould Making Section.

- 18) The Contractor shall deploy his representative/supervisor and ensure effective supervision of the assigned works, including day-to-day operations, preventive maintenance, and breakdown maintenance for the mould making work at Workshop Department. Such supervision shall be provided during normal working hours as well as during odd hours, Sundays, and holidays, as directed by the Executing Authority.

(iii) Special conditions for contract workers deployed inside plant:

- a) *The successful tenderer should be taken the necessary arrangement of the following documents on priority basis.*

f) Work order copy for labour or job contract or manpower contract with labour license for the specified work and work completion certificate for the same.

2. The successful tenderer shall comply with and to all statutory laws, rules, regulations, and amendments in force from time to time, including but not limited to the provisions of, The Code of Wages, 2019, The Industrial Relations Code, 2020, The Code of Social Security, 2020, and The Occupational Safety, Health and Working Conditions Code, 2020. These four (4) Labour Codes, which subsume the existing 29 Labour Laws, shall be applicable as and when brought into force, including their implementation w.e.f. 21st November 2025. The tenderer shall ensure full compliance with the aforesaid laws in respect of all contract labour engaged for execution of the work.
3. The contractor should obtain licence from the licensing authority under Contract labour (Regulation and Abolition) Act, 1970 and Rules made there under and renew the licence periodically. The successful tenderer (contractor) should get the Labour licence from Licence issuing authority, immediately after obtaining the Work order. A copy of the same should be submitted to the Operating Authority before starting the contract work. The contractor will not be allowed to start the work without a valid Labour licence.
4. All the jobs entrusted to the contractor from time to time shall be carried out strictly according to instructions given to the contractor by the Operating Authority of the company.
5. The work shall be supervised by the contractor himself or by any other responsible person authorized by him in writing, but it is distinctly understood that the contractor shall not on any account employ any sub-contractors to undertake the said work.
6. The contractor shall employ workers on day to day basis subject to availability of work and requirement, and company's permission in writing for fixing his labour strength from time to time. The Operating Authority may, at his discretion, increase or reduce the number of workmen to be engaged under this tender, with minimum seven days' notice in writing.
7. The contractor should engage contract workers and they should be paid daily wages which is not less than the wages as per The Code of Wages, 2019 (Minimum Wages), applicable to such category of Contractual Labours, from time to time issued by CLC/RLC (Central) and the payment should be made on or before 10th of every month, the specified date under the Code of Wages, 2019 (Payment of Wages Act 1936 and Minimum Wages Act, 1948). The payment shall be credited to the workers in respective Bank Account only, not in cash/person in any circumstance.
8. All these contract workers should be covered under PF, ESI, should be extended Annual Leave with wages under The Code of Social Security, 2020 (Factories Act, 1948). Festival and National Holidays under relevant Statute and Bonus as per Payment of Bonus Act, compliance with all rules and regulations as stipulated under the Code of Social Security, 2020 (Factory's Act, 1948 and Tamil Nadu Factory's Rules, 1950). Workmen Compensation Policy for all employees who does not fall under ESIC scheme to be ensured by the successful tenderer.
9. The contractor shall pay his women workers, if any, maternity benefit for which they are eligible under the statutes as are in force from time to time if not covered under ESI of the Code of Social Security, 2020.
10. The successful tenderer shall take all precautions necessary for the safety of his workmen and shall provide all necessary safety appliances/personal protective equipments and insist them to wear wherever necessary and ensure safety and health of his workmen during the work hours and pay the contribution due to the ESI Scheme and in the absence of coverage of ESI Scheme, the Successful

tenderer should pay compensation as per the provisions of the Workmen/Employees Compensation Act, 1923 in case of any accident/employment injury to the contract workmen under the Code of Social Security, 2020.

11. All payments due to be made on account of Provident Fund 1952, Pension Fund etc., under the Code of Social Security, 2020 should be paid by the Successful tenderer for the workmen engaged under him. For this purpose the successful tenderer should obtain PF account number for all employees working under him from PF Authorities and should maintain the account subject to the conditions in force from time to time as insisted by the provident fund authorities.

12. All payments due to be made on account of Employees State Insurance Act, 1948 (Code of Social Security, 2020) should be paid by the Successful tenderer for the workmen engaged under him. For this purpose the successful tenderer should obtain ESI number for all employees working under him from ESI Authorities and should maintain the account subject to the conditions in force from time to time as insisted by the ESI authorities.

13. The successful tenderer shall comply with the provisions of all statutory laws, Rules & Regulations in force from time to time including the provisions of The Code of Wages, 2019, The Industrial Relations code, 2020, The Code of Social Security, 2020, The Occupational Safety, Health and Working Conditions Code, 2020 for Contract Labour to pay PF, ESI, Bonus and Gratuity etc.

14. If the company incurs any liability by way of damage or loss to company's property etc, due to any lapse on the part of the successful tenderer, the same will be recovered by the company from the successful tenderer's bill, which shall be decided by the Operating Authority.

15. If the successful tenderer incurs any liability to his workmen or to any other party, the same shall be discharged by the successful tenderer himself which will include Retrenchment Compensation if any payable under the Industrial Relations Code, 2020.

16. In the event of a legislation being brought either by the State or by the Central Government in respect of the employment of successful tenderers in the Factory affecting the said successful tenderers terms with the company as indicated in this tender the said term will automatically stand amended, cancelled or modified to fall in line with the provisions of the enactment and the company will not be liable to pay compensation to the successful tenderers in any manner.

17. The company will have the right to impose fine up to Rs.1,00,000/-on the successful tenderer or terminate this contract without any notice for contravention of any of the terms of this contract or violation of any other legal provisions applicable/in force.

18. The successful tenderer shall comply with the provisions of the laws, rules, codes and acts in force from time to time which are applicable to the contract workmen including labour codes of The Code of Wages, 2019, The Industrial Relations code, 2020, The Code of Social Security, 2020, The Occupational Safety, Health and Working Conditions Code, 2020, Factories Act, 1948, T.N. Factories Rules, 1950, Tamil Nadu Industrial Establishment (National Festival and Holidays) Act etc, and comply with provisions of all other statutory labour legislations now in force and also that may be introduced in future and keep the company indemnified from any claim which may arise by reason of his default either willful or by ignorance.

19. The contract can be terminated by either side by issuing of notice in writing at least three months in advance.

20. No advance of any kind will be paid to the successful tenderer during the period of the

contract.

21. Sufficient workers are required to be given for each job by successful tenderer. In case the successful tenderer does not provide adequate workman and if the work suffers, this will be treated as default and suitable penalty will be levied on the successful tenderer.

22. Application for license should be submitted to concerned authorities immediately on receipt of the work order and license should be obtained and produced to the company within four weeks from the date of commencement of the contract.

23. The contractual terms & conditions and rates will be in force for a period of 12 months (ONE YEAR) as indicated in the work order. The tenderer shall quote his rates on firm-price basis. No escalation is allowable. The tender does not envisage distribution of order quantity.

24. Deductions to be made from the bills will include the following:

- i) Tax deduction at source at the rates applicable will be deducted from the bills of the successful tenderer and TDS certificate will be issued for such deductions made.*
- ii) An amount equal to 8.33% of gross wages will be withheld from the running bills of the tenderer and shall be refunded on submission of proof of payment of bonus. However the rate of bonus will be decided by the contractor.*

25. Deductions to be made from the bills will include the following:

- a) The successful tenderer should ensure remittance of PF and ESI contributions within the stipulated time maintain such records/registers and file such returns as required under PF and ESI Act.*
- b) The successful tenderer should maintain all records and registers required to be maintained under various Laws and also should submit such returns/reports required to be submitted to the concerned authorities under various laws.*

26. Final settlement/payment of monthly bills to the successful tenderer including refund of security deposit will be made only after all the dues to the company, employees and statutory authorities are cleared by the successful tenderer and proof of the same to be produced to the company officials, except amount withheld for bonus which shall be repaid after payment of bonus to the employees.

27. Each tenderer, while submitting his offer shall submit a declaration as to whether he has any relative within the meaning of Section 2 (77) of Company's Act 2013 employed in any capacity with the employer. In case he has any relative employed in any capacity with the employer, the full name, particulars of position held in SAIL Refractory Company Ltd., must be clearly indicated. In case the tenderer is awarded the contract, he shall inform the employer if any of his relative, as defined above, joins SAIL Refractory Company Ltd., at any time subsequent to the award and during the continuance of the contract.

28. If the offer is not accompanied by such declaration referred to above the same shall be treated as incomplete and will be liable to rejection. In the event of furnishing wrong declaration on this behalf by the tenderer whose offer happens to have been accepted by the employer, the employer reserves the right to rescind the contract forthwith as soon as the fact comes to light. The successful tenderer shall in such case, make good to the employer any loss or damage resulting from such cancellation.

29. Operating Authority: GM (Works & Maint) and Executing Authority: AGM (Workshop) for this contract.

30. The tender does not envisage distribution of order quantity and hence the tenderer is requested

to quote best rates since negotiation, if any required, to be held will be on L-1 tenderer only. ***The L-1 will be decided on the Total Composite value basis on LCNGST basis.***

31. GST Registration, PAN card Xerox copy and Bank details duly signed by the Bank are to be enclosed.

32. **Quantity Variation Clause (QVC): SRCL Reserves the right to increase or decrease the Tendered quantity / value +/- 30%.**

33. ***PVC not applicable, except GST revision.***

34. This is a RATE CONTRACT. In other words while the rate per Pieces for the job work will remain firm for the duration of Contract including the quantity/value variation clause.

I/We hereby agree to the above mentioned all the terms and conditions.

3. This guarantee shall take effect immediately and shall remain in full force and effect until it is released by you on application by the Contractor after expiry of the relative guarantee period as provided in the said contract or after expiry of nine months from the date of cancellation of the said contract, as the case may be, and after the Contractor has discharged all their obligations under the said contract and produced a certificate from your Purchase Officer, certifying the due completion of the works under the said contract and submitted a 'No Demand Certificate'. Provided always this guarantee shall in no event remain in force after the date of _____ without prejudice to your claim or claims arisen and demanded from or otherwise notified to us in writing on or before the said date which shall be enforceable against us notwithstanding that the same is or are enforced after the said date. Should it be necessary to extend the period of this guarantee beyond the said date on account of any extension of time being granted by you to the Contractor in respect of completion of the works under the said contract or otherwise we undertake to extend the period of this guarantee on your request till such time as may be required by you.
4. You shall have fullest liberty without affecting this guarantee to postpone for any time or from time to time any of your rights or powers against the Contractor and either to enforce or forbear from enforcing any of the terms and conditions of the said contract and we shall not be released from our liability under these presents by any exercise of your liberty with reference to the matters aforesaid or by reason of any time being given to the contractor for completion of the works under the said contract or any other forbearance, act or omission on your part or any indulgence by you to the Contractor or by any variation or modification of the said contract or any other act, matter or thing whatsoever which under the law relating to sureties would but for the provisions hereof have the effect of so releasing us from our liability hereunder. Provided always nothing herein contained will enlarge our liability hereunder beyond the limit of Rs. _____ (Rupees _____ only) as aforesaid or extend the period of the guarantee beyond the said day of _____ 20__ unless expressly agreed to by us in writing.
5. All compositions and payments that may be received by you from the Contractor or any person, firm or company whomsoever for on account of the Contractor in any way in respect of the said contract shall be regarded as payments in gross and you will be entitled to prove against the assets of the Contractor. Should the Contract be wound up or dissolved or declared insolvent in respect of the whole of the Contractor's indebtedness to you without any right on our part to stand in your place in respect of or to claim the benefit of such composition or payments or any security that may be held by you until you shall have received the full amount of your claims against the Contractor.

6. This guarantee shall not in any way be affected by your taking or varying or giving up any securities from the Contractor or any other person, firm or company on its behalf of by the winding up dissolution insolvency or death as the case may be of the Contractor.
7. In order to give full effect to the guarantee herein contained you shall be entitled to act as if we were your principal debtors in respect of all your claim against the Contractor hereby guaranteed by us as aforesaid and we hereby expressly waive all our suretyship and other rights if any which are in any way inconsistent with the above or any other provisions of this guarantee.
8. Subject to the maximum of our liability as aforesaid this guarantee will cover all your claim or claims against the Contractor from time to time arising out of or in relation to the said contract and in respect of which your demand or notice in writing be received by us before the date of expiry of this guarantee mentioned above.
9. This guarantee and the powers and provisions herein contained are in addition to and not by way of limitation of or substitution for any other guarantee or guarantees heretofore given to you by us (whether jointly with other or alone) and now existing uncanceled and that this guarantee is not intended to and shall not revoke or limit such guarantee or guarantees.
10. This guarantee shall not be affected by any change in our constitution nor shall it be affected by any change in your constitution or by any amalgamation or absorption thereof or there with but will ensure for and be available to and enforceable by the absorbing or amalgamated company or concern.
11. This guarantee during its currency shall not be revocable by us except with your previous consent in writing.
12. We have power to issue this guarantee and the undersigned has full power to sign this guarantee on our behalf under power of attorney dated _____ granted to him.
13. Notwithstanding what is stated hereinabove, our liability under this bank guarantee is restricted _____ to Rs. _____ (Rupees _____ only). This bank guarantee shall remain in force upto _____ (date). Unless a demand or claim is made on us in writing on or before within 6 (six) months from that date, we shall be discharged from all liabilities under this bank guarantee thereafter.

Yours faithfully

For and on behalf of

Reverse Auction through MJunction

Purchase Cost Reduction Objectives of SRCL

- To achieve this target, SAIL Refractory Company Ltd is adopting the on-Line Reverse Auction (RA) methodology.

Key Features

- This Invitation To Tender (ITT) /Request for Quotation (RFQ) is subject to the general conditions of contract and other terms and conditions detailed herein and in the enclosed annexure.
- Use on-Line Reverse Auction (RA) for price bid evaluation.
- Evaluation of the lowest tenderer (L1) shall be as per Rules & Regulations Governing conduct of On-Line Reverse Auction - Annexure IV-A AND AS PER THE BIDDING STRATEGY ADOPTED BY MJUNCTION SERVICES LIMITED..
- L1 Tenderer to get maximum share of order, if not constrained by capacity /capability (as assessed by SRCL), in case of multiple sourcing and the same shall be guided by SAIL Purchase Contract Procedure-2009 (PCP-24).

HOW TO SUBMIT BID

- The tenderer shall obtain the tender documents **by down loading from SAIL website www.sailtenders.co.in (Plant : SAIL REFRACTORY COMPANY LIMITED) on free of cost.** Tenderers will have to submit the EMD & Techno-Commerical Bid including particulars mentioned in the Eligibility criteria as the first stage.
- Tenderers will have to completely fill up the **Annexures** of the RFQ, as applicable, which are to be signed by their authorized person with their official seal affixed.
- Tenderers will have to submit all the attested / certified copies of the documents called for in this tender document.
- The Price Bid evaluation shall be done through on-line reverse auction over internet in the second stage among the techno-commercially acceptable Tenderers, after assessment by SRCL.
- The tenderer has to submit online Price BID on the EPS portal along with techno commercial bid. SRCL reserves the right to opt for Reverse auction or otherwise.

PRICE BIDDING:

- Tenderers will be required to participate in on-line reverse auction over internet for Price Bidding.
- The schedule and details of the Reverse Auction event shall be communicated in due course by the Service Provider.

SUMMARY OF EVALUATION PROCESS

The bid evaluation process will comprise of two steps:-

- Step-I: Technical/commercial/legal/financial capacity.
- Step-II: Price Bid evaluation by on-line reverse auction over Internet.

Technical/Commercial/Financial/Legal valuation (TCFL):

• The TCFL Evaluation process shall be carried out by a committee as constituted by SRCL. The TCFL evaluation process will comprise of the following steps:

- The TCFL Evaluation Team will scrutinize each Tenderer's bid and decide the acceptance of each item and other technical terms quoted in the RFQ.
- As a part of Commercial evaluation process, the SRCL will verify whether the Tenderers have agreed to the Commercial Terms specified herein.
- In case of any doubts with respect to any point of the Tenderer's Technical & Commercial Bid, clarification may be sought from the Tenderer and in case of non-confirmation **within the specified date**, the bid is liable to be rejected.
- SRCL Shall Classify Tenderer as technically acceptable / unacceptable after evaluating the bids for the stipulated requirements of the Tender.
- In case any specific adverse report is received against a Tenderer, as an information or upon inquiry made by SRCL, in respect of capabilities and performance of the Tenderers, after receipt of tender but before the participation in Reverse Auction, the tender of that Tenderer shall be rejected on the basis of recorded reasons. If such report is received after the Reverse Auction then also, the tender of that Tenderer shall be rejected after recording the reasons.

Price Bid Evaluation

- Price bid evaluation process shall be carried out as indicated in the Rules & Regulations Governing conduct of On-Line Reverse Auction in the **Annexure**.

SERVICE PROVIDER (SP) AND THE ISSUANCE OF RFQ

- SRCL has engaged the services of its Joint Venture Company M/s Mjunction services limited (MJ) for conducting the Reverse Auctions on behalf of SRCL. MJ is fully authorised to give clarifications / coordinate with the suppliers in consultation with SRCL w.r.t conduct of Reverse Auction for appointment of Transporter. Their address is given below:

Corporate Office	Chennai Office
MJunction services limited Godrej Waterside Tower 1, Block DP, Plot-5, 3rd Floor, Salt Lake Kolkata- 700091	MJunction services limited Basement, New No. 91, Old No.44, Armenian Street, Chennai- 600001
Ph : 033 – 66011721 to 1725 Fax : 033 –66011719	Fax : 044-25216536

- M/s Mjunction Services Limited shall intimate those Tenderers whose Techno-Commercial Bids have been accepted by SRCL to participate in the Reverse Auction on the date as notified by them.
- M/s Mjunction will explain the Reverse Auction process to all the prospective tenderers and clarify issues, if any. It will be the responsibility of the tenderers to get themselves

acquainted to their satisfaction with the on-Line bidding process by thoroughly interacting with Mjunction.

- Only SRCL will be empowered to approve any deviations from the ITT/RFQ asked for by the Tenderer. Unless otherwise intimated by SRCL in writing, the tender conditions remains unaltered.
- **Vendor Enablement** – MJ shall have the responsibility of familiarizing the tenderers with the Reverse Auction Process (including training to the vendors).
- Rules and Regulations governing the conduct of Reverse Auction and Definition of Key Terms of Reverse Auctions are given in Annexure IV (A) and (B) respectively.

GROUND RULES FOR PARTICIPATION/INFORMATION TO TENDERERS

- Tenderers should provide complete, clear and thorough responses to all information requested in the RFQ document. If any one of the forms attached is not submitted or is incomplete in any respect, the bid is liable to be rejected.

KEYDATES:

- Techno-Commercial Bids, will be accepted upto and will be opened at the time specified in tender document in the office of GM (COMML) or his representative or any other office as directed by him.

SUBMISSION OF BIDS & OTHER INSTRUCTIONS

Tenderers are requested to submit **only the Techno- Commercial Bid as described in the RFQ.**

The Techno-Commercial bid shall not contain prices or any indication of prices, else the offer will be rejected.

Ensuring participation

- To participate in the Reverse Auction from their own office / own arrangement - In such an event the bidder has to make arrangement for ensuring connectivity throughout Reverse Auction. For this option bidder shall be solely and exclusively responsible for ensuring continuance of connectivity. SRCL shall in no way be responsible for the consequences arising out of disruption of connectivity. In case the bidder desires, efforts will be made to provide assistance during the reverse auction phase by deploying skilled persons from service provider / authorized representative at the participating vendor locations. However, SRCL or Service Provider shall in no way be responsible for ensuring connectivity.
- In case, there is loss of connectivity for a continuous period not exceeding 15 minutes during the last half of an hour of the conduct of Reverse Auction for that particular Market, the period of RA shall be extended by an equal period or more and during which the bidder is connected, otherwise the auction will be called off for that particular Market. **The decision of SRCL in this regard is final and binding.**
- The Tenderers have to confirm through a letter/fax (033-66011725 and also to 0427-2341407), their last quoted prices within one hour of concluding the Reverse Auction as per format furnished by the auctioneer.

- Written Acceptance in-toto to all the Terms & Conditions mentioned in this tender document is a pre-requisite for securing participation in the on-line reverse Auction conducted by M/s Mjunction on behalf of S R C L the products / services above. Hence, the tenderer is requested to sign this document on each page. The tenderer shall also complete the form given for furnishing the details of the person authorized by the firm to participate in the Reverse Auction. The 'USER -ID' and 'PASSWORD' will be given only to this authorized person.

For any clarifications, please contact:

Ms. Srijita Barman
Contact No. 8336925972
Mail id: srijitha.barman@mjunction.in

- To be faxed within one hour of concluding the Reverse Auction General Rules and Regulations governing conduct of On-line Reverse Auctions on the MJUNCTION platform and Terms and Conditions of the Buyer(SRCL)

INTRODUCTION

The General Rules and Regulations provided herein govern the conduct of On-line Reverse Auctions operated by Mjunction.com Private Ltd. These rules cover the roles and responsibilities of the parties in the On-line Reverse Auctions on the Mjunction platform.

Acceptance in-tototothese General Rules and Regulations is apre-requisite for securing participation in the On-line Reverse Auctions on the Mjunction platform.

The key terms pertaining to the On-line Reverse Auctions are provided in the Annexure IV - B. Prospective bidders are advised to read through the same.

Role of Mjunction

Mjunction is the agency (operator) primarily providing the forum for conducting the Reverse Auction. As the agency providing the auction engine, the role of Mjunction would include:

- input of the details of the auction items and defining of the bidding rules as desired by the client, market making and training of prospective vendors
- Providing access to the approved vendors to participate in the auction.
- enhancing tenderer awareness of and comfort with the auction mechanism and bidding rules
- summarizing of the auction proceedings & communicate the outcome to the Client
- The responsibility for fulfillment of the contract rests between the tenderer and the client, and Mjunction shall have no liability on this account.

Role of the Tenderer

The role of the tenderer is outlined below:

- a) The tenderer would participate in the Reverse Auction with the aim of bidding to secure the auctioned item in the auction (being selected for supplying the client's requirement in a Reverse Auction).
- b) The tenderer would be provided access to the Auction through a User Id protected by a password. The tenderer needs to ensure that the User Id and password is not revealed to unauthorized persons.

- c) Access to the auction mechanism shall be provided to all the approved tenderer subsequent to obtaining their written consent to the General Rules & Regulations.
- d) In the event of winning an allotment in the auction mechanism, the tenderer shall commit to fulfill outlined obligations under the contract.

Bidding Rules:

The Bidding Rules refer to the information and terms defined specifically for a particular Reverse Auction. The purpose of the Bidding rules is to provide approved tenderer with the information and terms specific to the auction in which they are bidding. This would include:

- Definition of the unit of bidding Start Time and duration of the Reverse Auction
- Any extension of the duration of the auction in the event of bids being received towards the end of the pre- specified duration
- Reserve Price (if specified)
- Minimum & Maximum Bidding Quantity (if specified)
- Price Decrements and any reduction in the price decrements in the auction in the event of inactivity
- Other attributes (informational/non-negotiable in nature)
- Participation in the auction process presumes complete awareness and understanding of the bidding rules.

Conduct of the Reverse Action

- The Reverse Auction shall be communicated on pre-specified date.
- Mjunction retains the right to cancel or reschedule the Reverse Auction on any of the followings reasons: The number of confirmed tenderers is deemed insufficient to conduct the Reverse Auction Some of the confirmed tenderers are unable to access the module due to infrastructural problems such as sustained power failure or telecommunication breakdown.
- No bid shall be accepted which is above any start bid price, or
- It is determined that one or more tenderers have submitted bids which are clearly below Cost. If the buyer decides so.
- The duration of the auction may also vary from the pre-specified period of time on account of termination of the auction by Mjunction:
 - a) on the advice of the client or
 - b) on its own accord in case of situations where it is felt that continuance of the auction proceedings is prejudicial to the smooth conduct and/or the integrity of the auction process.

L-1 Definition—As defined in tender documents

Liability of Mjunction

Mjunction shall not be liable to the client/ in the auction or any other person/s for:

- Any breach of contract by any of the parties in the fulfillment of the underlying contract

- Any delays in initiating the On-line auction or postponement/cancellation of the On-line auction proceedings due to any problem with the hardware/ software/ infrastructural facilities or any other shortcomings.

Confidentiality Clause

- Mjunction undertakes to handle any sensitive information provided by the client or confirmed for the Reverse Auctions with utmost trust and confidentiality.

Jurisdiction

- Any disputes relating to the On-line auction module shall be subject to the sole jurisdiction of civil courts of Kolkata only to the exclusion of any other court.

Right of the Client

- SRCL reserves the right to fully/ partly accept the bids or completely reject the same.

Mjunction retains the right to extend or cancel or reschedule the reverse auction on any of the following reasons:

Sl	Circumstance	Action
01	Auto Extension Of Bidding Time	ONLY in the event of any bid being placed in the last 3 minutes of the scheduled bidding time, the bidding time shall automatically extend by 3 minutes from each such bid. This Auto Extension mechanism remains activated until a continuous inactivity period (i.e. no bids being placed by any bidder) of 3 minutes is reached at which
02	Cancellation of event / bid	1. The number of confirmed bidders is deemed insufficient to conduct the reverse auction. 2. On Advice of the Buyer 3. MJ on its own accord - in case of situations where it is felt that continuance of the auction proceedings is prejudicial to the smooth conduct and/or the integrity of the auction process. 4. Cancellation/ premature termination of the reverse auction with/ without a subsequent rerun of the auction on a mutually decided date between Client and MJ. 5. Cancellation of a wrong bid 6. Locking a bidder's account (suspension of operations in the account)
03	Poor Participation	1. Manual extension carried out if less than 10 bids received 2. Reserve / expected price not met. It is determined that one or more bidders have submitted bids which are clearly below Cost 3. On the advice of the Buyer

04	Unable to access the module due to infrastructural problems - Internet Problems being reported by bidders	1. Manual extension carried out till connectivity restored or MJ will bid on behalf of bidder after obtaining suitable authentication. 2. The number of extensions and the time involved in each extension is on the judgment of the auction controller concerned.
05	MJ server not able to connect to the Internet cloud	To the extent possible, all auctions will be extended until the problem is resolved/ internet connectivity of MJ machine improves. Ability to extend depends upon time available, as also ability of MJ staff to connect to the MJ machine.
06	Power failure/ Planned power shutdown in his area reported by an interested supplier	MJ will bid on behalf of bidder after obtaining suitable authentication. (The party will inform his minimum price and will also inform his user id and password) Manual extension may be involved if the call is received just before closure, and MJ staff does not have sufficient time required to make a bid.
At the request of the Client, Mjunction may permit bidding through a combination of online and offline means (offline means including phone/fax/email). However in such event, Mjunction would not be responsible for any errors in transmission or entry of the information received in the offline medium. It must be expressly understood that such facilities if and when extended are only for the convenience of bidders and, while reasonable care and caution shall be taken by Mjunction, the ultimate responsibility for the same shall rest with the bidder/s.		

DEFINITION OF KEY TERMS

Reverse Auction

Reverse Auction refers to a forum where the requirement for one/ more Markets of an item is stated and the participants are required to bid down the price to be selected to supply the requirement.

On-line Reverse Auctions

On-line Reverse auctions refer to those Reverse Auctions conducted through the Internet with simultaneous bidding (from one or more locations). In other words, the venue for the auction is on an Internet website/ platform. The Mjunction website (<http://www.buyjunction.com/>) or any other URL assigned by Mjunction would constitute the venue for the purpose of the On-line auction.

Award at the Reverse Auction

The tenderer quoting the lowest price is normally allotted the item unless otherwise specified by the Client.

Client

Client is the individual/business entity who has contracted Mjunction to conduct such Reverse Auction. In case of Reverse Auction, the purpose would be to meet their requirement for item/s from among the sellers desiring to sell the items to the Client.

Tenderer

Tenderer is the individual/business entity participating in the Reverse Auction, intending to supply the item/s to the Client. To become a Tenderer in the auction, a business entity has to secure client approval for participation and also provide written assent to the General Rules and Regulations

Auction Engine

Auction Engine refers to the software that encapsulates the entire auction environment, processing logic and information flows. Mjunction is the sole owner of the auction engine and retains exclusive right over the utilization of the same.

Preview Time

Preview Time refers to the period of time that is provided prior to the commencement of bidding. This is to facilitate approved participants to view the auction details such as item specifications, bidding details and bidding rules. The purpose is also to familiarize participants with the functionalities and screens of the auction mechanism. It is not mandatory for Mjunction to provide Preview Time.

Start Time

Start time refers to the time of commencement of the conduct of the On-line auction. It signals the commencement of the Price Discovery process through competitive bidding.

Duration of the Reverse Auction

It refers to the length of time the price discovery process is allowed to continue by accepting bids from competing tenderers. The duration of the auction would normally be for a pre-specified period of time. However, the bidding rules may state the conditions when the pre-specified duration may be extended/curtailed. The conditions include:

- Curtailment of auction duration in the event of no bids for a specified period of time (Inactivity Time)
- Automatic extension in the event of bids being entered towards the end of the scheduled duration to facilitate the other tenderers to view and react to the bid.

Auto Extension of the Auction Timings

In the event of bids in the last few minutes of the scheduled bid time, the Bid Timings are automatically extended for a specified period from each such bid. Such Auto Extension shall continue until no bids are placed for the specified period (Engine remains inactive for the specified Period). The Inactivity Time for Auto Extension purpose is normally 3 minutes. Mjunction however retains the right to change the same in consultation with SRCL. The Inactivity Time applicable for the particular On-Line Bid shall be communicated to the tenderer if it will be set to a value less than 3 minutes.

End of the Reverse Auction

End of the Auction refers to the termination of the auction proceedings signaling an end to the price discovery process.

Auction Report

Mjunction would provide an Auction Report to the Client containing a summary of the auction proceedings and outcome. The Auction Report would constitute the official communication from Mjunction to the client about the outcome of the Reverse Auction.

ID and Pass Word - Pass Word and ID shall be given to all the eligible vendors by the Service Provider for enabling the vendor to participate in the Reverse Auction.

Start –Bid Price – Start Bid Price is the estimated Price of a lot decided by lowest of Online Sealed Bids. This is the Maximum Price, which will be accepted by the Reverse Auction engine. Supplier have to quote a price lesser than the Start Bid Price for participating in the Reverse Auction. The computer shall not accept Price higher than Start Bid Price for a lot. Bidding will start at start Bid Price to be intimated in advance to the vendors eligible for bidding. This will be put up on the site and will also be communicated in advance through Fax/ email.

Minimum Decrement - Minimum decrement is the minimum amount a supplier has to reduce in order to beat a higher bid. For example, if a tenderer bids Rs 10,00,000/- for a Market, others, in order to beat this bid, have to quote a lower price with a minimum decrement say of Rs 100/- i.e. in order to be eligible they have to quote Rs. 9,99,900/- (or lower) for the same Market. This minimum decrement shall be pre-decided by SAIL Refractory Company Limited and will be in-built and displayed in the computer.

PROXY BID - In the following circumstances, a tenderer may opt for proxy bidding.

Where the tenderer is not confident of a reliable Internet Connectivity

Where the speed of Internet Connection is slow and unable to catch-up with the speed of competitor's bids.

To remain a leading tenderer till the lowest bid value fed in the auction machine.

Where the tenderer is required to put bids in more than one Market/Lot at a time Following is the outcome when a tenderer exercises the proxy option:

A proxy bid remains L1 till the lower bid value fed in the auction machine is exhausted i.e. a lower bid, less than the lower bid value offered by the tenderer exercising the proxy, is offered by another tenderer. If a tenderer bids a price equal to the lower limit of the proxy bid, the proxy tenderer gets precedence over him at that price.

To let the system place bids on your behalf you need to check (click) the proxy bid box on the bidding details page and place the lowest value to which you can bid and then place submit button and confirm. Once the proxy is activated the bids are placed automatically as per the minimum decrements. The lowest value of your proxy bid amount is not visible by any other tenderer.

Example: Suppose, the current bid in the market is Rs.10000 and the min. decrement is Rs.100 and you have activated proxy till Rs.9500. Now say a tenderer places a bid of Rs.9800, the system automatically bids Rs.9700 on your behalf at the same time and keeps you as a leading tenderer.
